Preparation of the Annual Security Report and Disclosure of Crime Statistics

Enacted in 1990, The Crime Awareness and Campus Security Act was designed to assist the campus community in making decisions which affect their personal safety by requiring institutions of higher education to provide certain campus security information to current and prospective students and employees annually. The Higher Education Act of 1998 and the subsequent amendments of the implementing regulations (34 C.F.R.668.46) significantly expanded institutions' obligations under the Act. The Act was also renamed the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act" (hereafter the Clery Act).

The Texas A&M University Police Department (UPD) and the Division of Risk, Ethics, and Compliance (DREC) are responsible for preparing and distributing the Annual Security Report to comply with the Clery Act. The Annual Security Report is published every year by October 1st and contains three years of selected campus crime statistics and certain campus security policy statements for the 2023 – 2024 academic year in accordance with the Clery Act. The 2023 Annual Security Report contains crime statistics for calendar years 2022, 2021, and 2020.

UPD and DREC compose the Annual Security Report and statistical information with input from various sources such as local law enforcement agencies, Student Affairs, and other campus personnel.

Annual Security Report Notifications

Each year, an e-mail notification which provides website access to this report is sent to all current students, faculty, and staff. Upon request, individuals may obtain a written paper copy of the report at UPD located at 1111 Research Parkway, by calling 979-845-2347, or emailing UPD at upd@tamu.edu. The report is found at the following website: <https://orec.tamu.edu/wp-content/uploads/CSAnnualSecurityReport.pdf>.

Prospective employees are notified of the availability of the Annual Security Report through an email distributed when applying for a position. Website access to the Annual Security Report is provided by the Division of Human Resources and Organizational Effectiveness through a link called "A safe and welcoming environment" located on the Prospective Employees webpage (<https://employees.tamu.edu/talent-management/careers/index.html>) and on the Required Employee Notices & Important Reminders webpage (<https://employees.tamu.edu/employees/required-notice.html>) through a link under the "Safety and Security Notices" heading.

Prospective students are notified of the availability of the Annual Security Report through an email distributed when applying for admission. Website access to the Annual Security Report is provided by the Office of Admissions through a link titled "Campus Safety" located at the bottom of the Admissions webpage (<http://admissions.tamu.edu/>).

Campus Law Enforcement Policies

Police Department Overview

UPD provides law enforcement and security services to all components of Texas A&M University including the academic campus and a variety of satellite facilities throughout the Brazos County.

The department has 162 authorized full-time positions and 18 part-time positions that includes 78 state certified police officers, 67 security officers, 15 communications officers, 13 administrative support personnel, and 7 student assistants. The department maintains a fully staffed Patrol Section. Patrol is the core of UPD. Patrol officers are responsible for responding to calls for service, preliminary investigation of calls for service, traffic enforcement, and accident investigation. The department also maintains a Security Section responsible for additional patrolling and security of contracted buildings on campus; a Criminal Investigations Section including detectives, investigators, and the Victim Services Unit; a Communications Section primarily responsible for dispatching patrol and security officers; a Compliance and Support Section including Clergy, Records, and Evidence Units and the Public Information Officer function; an Information Technology Section; a Personnel and Recruiting Section responsible for hiring, training, and recruiting; and a Special Operations Section responsible for special events and planning for critical incidents and includes the Community Services Unit, Tactical Officer Program, and quartermaster function. Other personnel within the department include the Joint Terrorism Task Force Investigator, the Accreditation Manager and administrative support.

To provide a safe campus for our students, staff, faculty and visitors, the department has uniformed officers on patrol 24-hours a day, year round. To provide this around-the-clock coverage, our officers work in two shifts with an additional third overlapping shift as staffing allows. Security officers work closely with our armed Patrol officers by constantly patrolling university properties and staffing fixed posts at some facilities.

Jurisdiction

UPD is the primary police authority for Texas A&M University. UPD police officers are certified Texas peace officers as defined in article 2.12 of the Texas Code of Criminal Procedure. Pursuant to Section 51.203 of the Texas Education Code, police officers commissioned by a state institution of higher education have authority and jurisdiction in all counties in which property is owned, leased, rented, or otherwise under the control of the institution of higher education. The patrol jurisdiction for security officers is limited to buildings or properties owned or controlled by Texas A&M University.

Arrest Authority

As peace officers, UPD's armed police officers have the same full authority to detain and arrest as municipal police officers. UPD employs both commissioned and non-commissioned security officers. The commissioned security officers can detain and restrain according to statute but have no arrest authority. The non-commissioned security officers do not have authority to detain or make arrests, however, their presence and observations at various campus locations support and assist the work of the UPD Patrol Section.

Enforcement Authority

UPD is computer linked to city, state and federal criminal justice agencies, which provide access to criminal records, wanted persons, stolen property, and vehicle information. All crimes reported to UPD security or sworn police officers are investigated and are referred for prosecution through the Offices of the County Attorney and District Attorney when appropriate. Security officers are not sworn officers and do not have enforcement authority with the exception of commissioned security officers having detain and restrain authority. Criminal matters involving university students, employees, or others on campus are referred to police officers. Students and employees may also be referred to university administration for disciplinary action.

Working Relationships and Agreements

UPD maintains excellent working relationships with all area law enforcement agencies including the College Station Police Department, Bryan Police Department, Brazos County Sheriff's Office, Blinn College Police Department, and all four Brazos County Constable Offices. These working relationships are maintained through a written mutual aid agreement. This agreement allows for cooperation in the performance of police protection including the investigation of alleged crimes, enforcement of laws, and communication between agencies pursuant to the agreement. Working relationships are also maintained through periodic communications among agency administrators and frequent contacts between line officers and investigators cooperating on specific cases. Through these relationships, UPD may be provided information regarding student non-campus criminal activity, including student organizations with non-campus housing.

UPD also maintains excellent working relationships with many state and federal agencies on an as needed basis. These agencies include, but are not limited to, the Federal Bureau of Investigation, The United States Secret Service, Alcohol Tobacco and Firearms, and The Texas Department of Public Safety.

A request is distributed to local law enforcement agencies annually to solicit cooperation in informing the institution about crimes. The request is specific to informing UPD about situations reported to the given local law enforcement agency that may warrant an emergency response or timely warning notification.

Monitoring Non-Campus Locations

When a Texas A&M student is involved in an offense in a non-campus location, UPD may assist with the investigation in cooperation with local, state, or federal law enforcement agencies but does not actively record or monitor criminal activity. Texas A&M has recognized fraternity and sorority organizations housed in College Station, Bryan, and Brazos County. The Division of Student Affairs maintains contact with recognized fraternity and sorority organizations through the efforts of the Department of Student Activities. UPD does not provide routine law enforcement service to non-campus housing facilities of recognized fraternity and sorority organizations or other non-campus facilities. Criminal activity at recognized fraternity and sorority residences is monitored and recorded by College Station Police Department, Bryan Police Department, or the Brazos County Sheriff's Office. UPD may assist in accordance with mutual assistance agreements.

Institutional sponsored travel by a student or student organization to a location outside of Brazos County may result in the location meeting the criteria for Clery non-campus property. UPD does not monitor or record criminal activity at these non-campus locations. The local law enforcement agency with jurisdiction at the location responds when police services are requested.

Professional Standards

Providing excellent service and maintaining good relationships within the community is vital to achieving UPD's overall mission of keeping the campus safe and secure. All members of the Texas A&M community can expect to be treated in a courteous and professional manner by members of the department. UPD will not tolerate an employee who acts unprofessionally or who does not provide an appropriate level of service. Instances where UPD employees have been especially helpful or have exceeded expectations in service can also be recognized.

The quality of UPD's service is dependent in part on feedback from the community. Please help the department improve by bringing complaints and compliments to the attention of any of the following individuals in a timely manner:

- Request the on-duty Police Supervisor by calling 979-845-2345. This individual is available 24-hours a day.

- Address written correspondence to: Chief of Police, UPD, TAMU 1231, College Station, Texas 77843-1231.

Reporting Crimes

Incident Reporting and Response

Criminal actions or any on-campus emergency should be reported immediately to UPD by dialing 911 from a campus phone, 911 from a cellular phone, or in person. If using a campus phone (landline) dial 911 to reach an emergency operator. Also, one of the many emergency telephones located throughout campus and residence hall entrances may be used. Campus elevators are also equipped with emergency phones. For non-emergencies contact UPD at 5-2345 from a campus phone or call 979-845-2345 from an off campus phone, campus payphone, or cell phone. Upon receipt of the call, the UPD Communications Center personnel can supply information or dispatch officers as necessary. Electronic crime reports can be filed with UPD by emailing upd@tamu.edu.

UPD calls for service are received in the UPD Communications Center where the information is entered into a Computer Aided Dispatch (CAD) system. The Communications Operator will request basic information regarding the call for service and the caller's contact information as an officer may need to subsequently reach the reporting party. A Police Officer will either be dispatched to the scene or to the office to take the call by telephone, depending on the type of call. The Police Officer may then issue a case number for the call and complete an incident or offense report. Copies of all incident and offense reports are kept with the UPD Records Unit for a time period mandated by institutional and state records retention policies.

UPD will respond as quickly and safely as possible to requests for assistance, whether it is an emergency or not. Response time is based on current activity and severity of the call. Crimes in progress, alarms, traffic accidents with injuries, and medical assists have a higher priority than other types of calls. University Police or Security Officers in vehicles, on foot, or on bicycles will assist and may be contacted directly. For non-campus offenses, we encourage prompt reporting to the proper local law enforcement agency.

We cannot overemphasize the importance of prompt and accurate reporting of crime. If a crime is not reported promptly, evidence can be destroyed or the potential to apprehend a suspect is lost. Without accurate reports, leads could be missed and the investigation headed in the wrong direction. If a crime or emergency is witnessed, promptly report it to the UPD and be prepared to answer questions as accurately as possible. The subsequent investigation can only be as thorough as the information received. If you are the victim of a crime, or have seen or received information of criminal activity or other emergency, please contact the UPD immediately.

Reporting Criminal Offenses to University Officials: Campus Security Authorities

Faculty, staff, and students are encouraged to report any criminal offenses within the campus environment directly to UPD. For non-campus offenses, we encourage accurate and prompt reporting to the proper local law enforcement agency. As an option, criminal offenses of which students and employees are aware may also be reported to the following Texas A&M University offices and personnel:

Crime reports provided to these and other campus security authorities are used by the school to fulfill its responsibility to annually disclose accurate crime statistics and to issue or facilitate the issuance of timely warnings or emergency notifications. Campus security authority crime reports should include sufficient detail such as dates and locations, and where appropriate, personally identifying information, including name and contact information, if available. For additional information on the duties and responsibilities of the individuals and offices listed above, see the [CSA PowerPoint Presentation](https://upd.tamu.edu/Pages/CSA-Reporting.aspx) link located on the following webpage: <https://upd.tamu.edu/Pages/CSA-Reporting.aspx>.

Students, faculty, staff, community members, and guests are encouraged to report all crimes and public safety related incidents to UPD and the appropriate police agencies in an accurate and prompt manner when the victim of such crimes elects or is unable to make such a report. The UPD Victim Services program provides information regarding victims' rights, as well as assistance in dealing with the traumatizing consequences of crimes, to those who make a report or who may be reluctant to report. UPD officers provide UPD Victim Services contact information to victims encountered in the field. UPD, UPD Victim Services, and the university offices listed above, will assist individuals reporting in notifying the proper law enforcement authorities, if the individual chooses. It is the goal of the institution to provide assistance wherever the report is made and include Clery countable crimes in the annual security report.

Although exempt from the reporting requirements of the Clery Act, pastoral and professionally licensed mental health counselors are encouraged, if and when they deem appropriate, to refer persons they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual statistics and crime log, especially if the incident may pose an ongoing threat to the campus community. Each year, counselors are provided a written reminder to review reporting options with student clients. Contracted counseling personnel available to employees are not provided the written reminder as they are referred using a network of local providers.

Confidential and Anonymous Reporting of Crimes

UPD encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, UPD cannot hold reports of crimes in confidence. However, victims of certain offenses are eligible for a pseudonym in which the victim's true identity will not be released. An individual who is involved in or witnesses an active or ongoing emergency should dial 911 and report the emergency immediately.

Voluntary confidential reports, for purposes of inclusion in the annual disclosure of crime statistics and crime log, can generally be made by victims, witnesses, and others to the campus security authorities listed above and all other campus security authorities. Annual crime statistics and the crime log are confidential in that personally identifiable information is not included in the disclosure. However, campus security authorities who are Texas A&M University employees are mandatory reporters who must report all known information about an alleged or suspected incident of discrimination, harassment, retaliation, or complicity that is experienced by, observed by or made known to the employee in the course and scope of their employment as soon as possible. These mandatory reports are required to be made to the Assistant Vice President and Title IX Coordinator. Exceptions include confidential reporters described in the next paragraph. See the Sexual Assault, Dating Violence, Domestic Violence, and Stalking section of this report for more information.

At Texas A&M University, the following are considered confidential reporters: Mental health providers for students – Student Counseling & Mental Health Center (979-845-4427), Texas A&M Psychology Clinic (979-845-8017); mental health provider for student athletes - Counseling and Sport Psychology Services (979-335-9681); health care personnel for students - Student Health Center (979-458-8310); and mental health provider for employees and the employee's benefits-eligible dependents - The Work/Life Solutions Program by GuidanceResources (1-866-301-9623). Confidential reports are available to support both complainants and respondents.

Crimes can be reported anonymously by calling Crime Stoppers at 979-775-TIPS (8477). Concerning behavior, including crimes, can be reported anonymously to the Texas A&M University Special Situations Team via the Tell Somebody online reporting form. The form and more information can be found at <https://tellsomebody.tamu.edu/>. Reports submitted anonymously or with limited information may restrict the team's ability to follow up on the incident.

Missing Students

It is the policy of UPD to thoroughly investigate all reports of missing persons. In addition, this agency considers a missing child, and an adult that is mentally impaired, to be considered "at risk" until significant information to the contrary is confirmed. Following are the procedures that the institution must follow when a student who resides in an on-campus student housing facility is determined to have been missing for 24 hours¹. Students, employees, or other individuals receiving missing student information should immediately contact Residence Life Coordinator on Duty at 979-436-1360.

During the housing application and annual contract renewal processes, students living on campus are obligated to provide at least one emergency contact to the Department of Residence Life. This information is registered confidentially to the extent allowed legally and may be accessible only to Department of Residence Life staff, and other Texas A&M University staff members with emergency response job responsibilities, in the case of

¹ These requirements do not preclude the institution from determining a student is missing before a full 24 hours, or from initiating notification procedures as soon as it determines that a student is missing. In addition, the institution must comply with Suzanne's Law, a federal law requiring a person under the age of 21 to be entered into a national missing person database within two hours of the person being reported missing. Suzanne's Law provides that there shall be no waiting period before a law enforcement agency initiates an investigation of a missing person under the age of 21.

emergencies involving students such as death, life threatening injuries or a missing person report. Residence Hall and University Apartment students may update their emergency contact information at any time by logging in to Residence Life Online Services at <https://reslife.tamu.edu/tamu-housing-portal/>. Students are encouraged to register their emergency contact information at <http://howdy.tamu.edu>.

On-campus students have the option each year to designate a missing person contact to be notified within 24 hours of the determination by campus or local law enforcement that the student is missing. This information will be kept confidential to the extent allowed legally, being accessible only to authorized campus officials and disclosed only to law enforcement personnel in furtherance of a missing person investigation. If the student designated a contact person, the institution will notify the contact person within 24 hours that the student is missing. Regardless of whether a student has designated an emergency contact person to be notified, if a student is less than 18 years old and not an emancipated individual, Federal Law requires that the institution notify a custodial parent or guardian within 24 hours of the determination that the student is missing in addition to notifying any contact person designated by the student.

Residence Life staff and other responsible institutional personnel should follow the instructions below upon receiving a report of a missing student:

1. Gather needed information from reporting person and contact the Residence Life Coordinator on Duty. The Coordinator on Duty will make attempts to locate the student in a reasonable amount of time (2 hours). If the student resides in on-campus housing managed by a non-Residence Life entity, the reporting person should immediately contact UPD (see step #2) rather than Residence Life so that an investigation can be initiated.
2. If student is not found within the reasonable amount of time or if anything concerning is found during the initial fact finding, the report becomes an official missing student report. Any official missing student report must be referred immediately to the UPD by the Coordinator on Duty with all information provided regarding the missing student so that an investigation can be initiated.
3. If known, the Coordinator on Duty will provide UPD with the names and contact information of any people designated as a “missing person contact” found in the “Emergency Contact” database on the Residence Life Intranet.
4. If the student has designated a contact person, UPD will notify the designated emergency contact(s) within 24 hours. If the student is under 18 years of age and is not emancipated, UPD will notify the student’s custodial parent or guardian and any other designated contact person within 24 hours. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, UPD will inform the local law enforcement that has jurisdiction in the area that the student is missing within 24 hours.
5. If it becomes necessary for Residence Life staff members to contact the designated emergency contacts, this should only be done by the Coordinator on Duty or by one of the Associate Directors.
6. Contact other Residence Life staff members as indicated in the Department of Residence Life Incident Notification Matrix in the live-on-campus staff manuals.
7. Submit an incident report to the “Maxient Conduct Manager” system.

Students, employees, or other individuals receiving missing student information should immediately contact Residence Life Coordinator on Duty at 979-436-1360. Any official missing student report must be referred immediately to the UPD at 979-845-2345 with all information available regarding the missing student so that an investigation can be initiated. UPD will notify local law enforcement within 24 hours of the determination that a student living in on-campus housing is missing, unless the local law enforcement agency was the entity that made the determination that the student was missing. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, UPD will inform the local law enforcement agency that has jurisdiction in the area that the student is missing within 24 hours.

Timely Warning Policy

The circumstances in which a Timely Warning (Crime Alert) will be generated include, but are not limited to, the receipt of a report to UPD or other campus security authority of a crime reportable under the Clery Act, that poses a serious or continuing threat to the campus community. The Chief of Police (or university official designated by the Chief of Police) or Assistant Chief(s) of Police are responsible for determining if a Crime Alert will be issued. Crimes that may warrant a Crime Alert include, but are not limited to, major incidents of arson, murder/non-negligent manslaughter, robbery, aggravated assault, sex offenses, or other crimes as determined necessary by the Chief of Police (or university official designated by the Chief of Police) or Assistant Chief(s) of Police. The determination will be made on a case-by-case basis after due consideration of all available facts of the crime, such as the nature of the crime and whether a continuing danger to the campus community exists. If UPD or other campus security authorities are not notified of a crime in a manner that would allow the department to provide timely notice a Crime Alert may not be issued, depending on the circumstances. All situations will be evaluated on a case by case basis.

UPD is responsible for the writing and issuance of Crime Alerts. Personnel authorized to write and/or issue (send) a Crime Alert are: Chief of Police (or university official designated by Chief of Police), Assistant Chief(s) of Police, Public Information Officer, and Clery Act Compliance Officers. An internal or external review among two or more authorized personnel may occur if time allows. Students and employees should report criminal offenses immediately to the UPD, by phone (979-845-2345) or in person at UPD ([1111 Research Parkway, College Station, TX 77843](http://1111ResearchParkway,CollegeStation,TX.77843)). The UPD is the organization designated to receive reports of criminal offenses described in the law for the purposes of making Crime Alert reports and the annual statistics disclosed in this report.

Crime Alerts are issued through the university e-mail system to students, faculty and staff in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences. Crime Alerts are also posted on the UPD public website at: <http://upd.tamu.edu> under “Crime Alerts.” Information regarding the Crime Alert may be forwarded to local media outlets through a formal press release. Crime Alerts contain sufficient information about the nature of an identified threat to assist members of the campus community in taking appropriate action to protect themselves or their property. Crime Alerts generally include:

- A readily understandable description of the type of crime or occurrence.
- The general location, date and time of the offense.
- A physical description of the suspect(s), if available, when there is sufficient detail that would reasonably help identify a specific individual suspect or group of suspects.
- Possible connection to other incidents.
- Date and time the alert was issued.
- Suggested measures which members of the university community can take to help protect themselves.

It is important to note that in some cases law enforcement may need to withhold some facts if releasing the information would compromise an ongoing investigation or the identity of the victim. Victim names and other identifying information of victims are not included in Crime Alerts. An institution is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.

Emergency Response and Evacuation Policy

The procedures disclosed in this section apply to significant emergencies or dangerous situations occurring on the campus of Texas A&M University at College Station, i.e. on-campus property. The institution does not have separate procedures for non-campus property.

On-campus emergencies should be reported immediately by dialing 911 from a campus phone, 911 from a cellular phone, or in person. If using a campus phone (landline) dial 911 to reach an emergency operator. Also, one of the many emergency telephones located throughout campus and residence hall entrances may be used. Campus elevators are also equipped with emergency phones. Any emergency service can be summoned by calling 911. The UPD, Emergency Management, and/or Environmental Health and Safety are responsible for responding to reported emergencies.

Emergency Notification System

Code Maroon is Texas A&M University's emergency notification system that gives the university the ability to communicate health and emergency information through some or all of the following mechanisms: SMS text message, Texas A&M Email (Gmail and Exchange), KAMU-FM radio, campus cable television, classroom notification system in registrar-controlled classrooms, Emergency Alert System radios, certain campus digital signage, pop-up messages on equipped university-owned computers, some building fire alarm speakers, Twitter, RSS, and a Code Maroon mobile app. Code Maroon alerts are issued to the campus community, rather than to specific segments of the campus population.

Texas A&M University will use the system to provide official notification of critical emergencies (i.e., situations that pose an imminent threat to the community). It is the policy of Texas A&M University to immediately notify the campus community, via the Code Maroon Emergency Notification System, upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. Texas A&M University public safety personnel listed below determine whether a significant emergency or dangerous situation exists by evaluating information received from entities which may include, but are not limited to: law enforcement, fire department, Emergency Management, National Weather Service, Environmental Health and Safety, Emergency Medical Services, Facilities Services, and other campus officials.

The Code Maroon emergency notification system does not replace the Crime Alert requirement. They differ in that the Crime Alert requirement applies to Clery reportable crimes, while the emergency notification system addresses a much wider range of threats (i.e. gas leaks, tornadoes, active shooter, etc.). If an emergency notification is issued, the university is not required to issue a Crime Alert based on the same circumstances; however, the university must provide adequate follow-up information to the community as needed. Victim names and other identifying information of victims are not included in emergency notifications.

Texas A&M University will, without delay, and taking into account the safety of the community, determine the content of the notification, and initiate the Code Maroon notification system; unless issuing the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. The generation of a Code Maroon emergency alert message and activation of the notification system is the responsibility of the University Police and/or Emergency Management.

Employees authorized to make a final determination of a significant emergency or dangerous situation and determine the content of a Code Maroon alert are: Chief of Police, Assistant Chief(s) of Police, UPD Patrol Supervisors (or UPD officer designated by UPD Patrol Supervisor), Executive Director of Emergency Management, Assistant Director of Emergency Management, Environmental Health and Safety Director,

Environmental Health and Safety Assistant Directors, and UPD Dispatchers. If time allows, final message content will be approved at the highest level available. Upon notification from an authorized employee listed above, a Code Maroon alert publisher will send the Code Maroon alert². Code Maroon alert publishers include

- UPD dispatchers,
- Chief of Police,
- Assistant Chief(s) of Police,
- Executive Director of Emergency Management, and
- Assistant Director of Emergency Management.

In circumstances where time is of the essence, Code Maroon alert publishers are authorized to make a final determination of a significant emergency or dangerous situation, compose an alert (or select and modify one of the warnings that are pre-scripted for that purpose), and send the alert. An example of such an urgent message could include a Code Maroon message issued for an active shooter.

Additionally, in rare cases, an emergency or dangerous situation may require the issuance of a modified emergency notification, outside of the Code Maroon emergency notification system, on behalf of the campus. These cases include: if the emergency prevents the local campus from issuing the alert or if a centralized global message is determined to be necessary by the President of Texas A&M University.

Texas A&M University conducts monthly pre-scheduled testing of the emergency notification system. These monthly tests are launched by the Communications Section of UPD. After each test, or actual alert, Texas A&M University Information Technology will analyze the functionality of each communication channel within the notification system and create a report with the results of the findings. The report is provided to the Code Maroon Primary Stakeholders: the Executive Director of Emergency Management and the Associate Vice President, IT Academic Services. Any monthly test may be cancelled by the primary stakeholders. Reasons for cancelling monthly tests include the existence of real threats that could necessitate sending an emergency message, recent emergency messages that obviate the need for that month's test, etc.

Registering for Emergency Notifications

Students, Faculty, and Staff Access

The Code Maroon emergency notification system allows students, faculty and staff who have a Texas A&M NetID and password to register to receive text message alerts. Emergency alerts are automatically sent to all Texas A&M email (Gmail and Exchange) addresses. The system also has the capability to send the emergency notification message to multiple channels based on what channels are selected by the Code Maroon alert publisher at the time the message is issued. Options include KAMU-FM radio, campus cable television, the classroom notification system, Emergency Alert System radios, campus digital signage, campus pop-up messages when connected to the Texas A&M network, Code Maroon mobile app, Twitter and RSS. To register, visit: <http://codemaroon.tamu.edu>.

Public Access

Parents, family, and friends of Texas A&M can receive emergency alerts by registering to receive text message alerts, installing the Code Maroon mobile app, installing the computer popup client, or subscribing to Code Maroon's RSS feed. The RSS feed can be accessed through email clients (Microsoft Outlook or Mozilla Thunderbird), various news readers (My Yahoo, Feedly and Flipboard), and internet browsers (Internet Explorer, Firefox, etc.).

² In the event of a system problem, certain trained individuals from Division of Information Technology can be called upon to send a Code Maroon alert.

Parents and other guests of Texas A&M University may register for text message alerts at the Code Maroon vendor's subscriber portal. A personal email address and private password are required to create a guest account and register one phone number to receive SMS text message alerts. The registration portal can be found at: <https://tamu.safety.info/Subscribers/>.

The public can receive Code Maroon alerts through Twitter, however, delivery by Twitter cannot be guaranteed since Texas A&M University does not manage this notification outlet. Twitter users can follow TAMUCodeMaroon to see alerts in your Twitter feed and/or receive push alerts on a mobile device through the Twitter mobile app. Once TAMUCodeMaroon is followed, click the Bell Icon on the TAMUCodeMaroon profile page to turn on push notifications for any mobile device with the Twitter app installed.

Also, anyone with a device that uses the Android or iOS operating systems can download the free Code Maroon App for receiving Code Maroon alerts on their device via push notifications. The app requires a connection to the internet to receive the alerts. The application is available for download on Google Play and Apple Store. <https://codemaroon.tamu.edu/MobileAppNotification.aspx>

Disseminating Information to the Larger Community

In the event that a crisis occurs on University property, the Division of Marketing and Communications will be notified as soon as possible. As chief spokesperson(s) for the university, Marketing & Communications staff will ultimately be responsible for providing strategic direction and implementing protocols as outlined in the emergency communications plan. Marketing & Communications will work with the University Police Public Information Officer and Emergency Management to prepare and disseminate internal and external messages, distribute news releases, alert local media, respond to media inquiries, update the emergency website and the main university website with pertinent information, and share timely information as appropriate via digital channels such as social media. In addition Marketing & Communications will be responsible for planning, scheduling, and providing logistical support for news conferences as well as coordinating communication efforts with relevant entities and organizations. In case of an emergency, Texas A&M University will utilize the emergency website (<https://emergency.tamu.edu>) to provide current information pertaining to the incident. Individuals receiving the emergency notification will also be advised with updated information, as needed, using the same method(s) as the original notification.

Emergency Preparedness

Texas A&M University works with the emergency management staff of the cities of Bryan and College Station, supports the Brazos County Interjurisdictional Emergency Management Plan, and may be called upon to support responses in Brazos County. The university is also involved with the regional emergency response planning for the Brazos Valley Region consisting of the seven counties in this Council of Governments region: Brazos, Burleson, Grimes, Leon, Madison, Robertson and Washington. Emergency Management has primary responsibility for emergency preparedness at Texas A&M University. Duties and responsibilities range from maintaining emergency plans, providing training to university departments, developing and facilitating emergency exercises and drills, and responding to emergencies in accordance with the Brazos County Plan and the [Texas A&M University Emergency Operations Plan](#). University departments are responsible for developing business continuity plans for their specific areas to compliment and support [Annex J: Recovery - Institutional Continuity Plan](#) of the Emergency Operations Plan.

The primary university plan is the broad-based Texas A&M Emergency Operations Plan available at <http://www.tamu.edu/emergency/resources/plans.html>. The Texas A&M Emergency Operations Plan

describes the general framework for emergency response at Texas A&M University. A set of more specific emergency protocols, including evacuation procedures, has been developed that are intended to provide guidance for the general public in the event of foreseeable emergencies. The 12th Man Emergency Playbook may be viewed at <https://www.tamu.edu/emergency/documents/12thManEmergencyPlaybook.pdf>. Information about emergency procedures at Texas A&M University may also be accessed online via the Emergency Preparedness site: <http://www.tamu.edu/emergency>.

[Annex E: Evacuation](#) of the Emergency Operations Plan outlines additional operation concepts and procedures specific to Texas A&M University as otherwise not stated in the Brazos County Inter-jurisdictional Emergency Management Plan such as facility evacuation and large-scale evacuations. All Texas A&M University campus buildings are required to have a written Building Emergency Action Plan (BEAP) which identifies congregation areas at a safe distance from the building. BEAPs will automatically be implemented when the fire alarm is activated or if emergency responders decide evacuation of a facility is necessary due to a particular hazard. Building occupants will be notified of the evacuation, as appropriate, dependent on the hazard. Large-scale evacuations will be implemented when a large segment or the entire campus must evacuate for a specific hazard. Code Maroon will be utilized for immediate dissemination of the emergency message and the TAMU Emergency Website (<https://emergency.tamu.edu>) will be utilized to provide supplemental information and updates to the campus community during the incident.

Texas A&M University tests various aspects of our emergency operations plan on at least an annual basis through table-top exercises, full-scale exercises, continuity exercises, scheduled drills, and tests of the emergency notification system. These tests are designed for assessment and evaluation of emergency plans and capabilities and are performed and documented with after action reports in accordance with FEMA's Homeland Security Exercise and Evaluation Program requirements. Testing reports and review documentation include a description of the exercise, the date the test was held, and the start and end time of the exercise. Tests may be announced or unannounced. All table-top, full-scale, and continuity exercises are announced. In addition, Environmental Health and Safety manages a robust BEAP which works with facility managers to maintain and test building evacuation procedures annually for facilities on campus through unannounced emergency evacuation drills.

Texas A&M University publicizes its emergency procedures annually and in conjunction with a test through a campus-wide email, directing students, faculty, and staff to visit the Emergency Preparedness site (referenced above). A Code Maroon test distribution may also be used to publicize this information. The emergency procedures include information about testing and related documentation. Emergency Management also works with various departments on campus to include UPD, Environmental Health and Safety, and University Emergency Medical Services to share emergency procedures and preparedness information through a variety of outreach programs and presentations throughout the year including Campus Safety Awareness Series and National Night Out.

Evacuation and Shelter-in-Place

In some emergency situations, such as flooding or release of hazardous materials, emergency responders may order protective actions for persons who live or work on campus. Typically, these protective actions are to evacuate to a safer area or to shelter-in-place. It is possible that some emergency scenarios could result in one of these protective actions being ordered for one part of campus and the other protective action for a different area of campus. When such actions are warranted, you will be appropriately advised by police, fire, safety or university officials via the Code Maroon System, public address systems, loudspeakers, door-to-door notifications or other appropriate means.

Campus-wide Evacuation Procedures

In the event that you are asked to evacuate campus:

- Evacuation orders will be disseminated via Code Maroon
- Do not activate the building fire alarm system to achieve evacuation
- Remain calm but act quickly
- Promptly secure equipment, research, etc. in safe shutdown condition before leaving
- Spread the word of the evacuation order to others as you exit the building
- Remember to take personal belongings with you (backpacks, briefcases, purses, car keys, personal computing devices, etc.)
- Pedestrians should exit campus by the shortest route
- Exit campus as directed in the Code Maroon message
 - You may use your vehicle to leave campus unless directed otherwise in the Code Maroon message
 - If possible, Transportation Services will continue to operate off-campus routes, outbound only. Bus pickup locations may be altered, changes will be announced and posted at emergency.tamu.edu
 - Transportation Services Paratransit can be reached by calling 979-845-1971
- Do not call 911 unless there is an immediate, life-threatening emergency
- Go to <https://emergency.tamu.edu/> for regular updates on the emergency

Area Evacuation Procedures

An evacuation is an organized withdrawal from a building or area to reach safe haven. Upon notification to evacuate, quickly:

- Dress appropriately for the weather
- Take only essentials with you (e.g., eyeglasses, medications, identification and cash/checkbook/credit cards)—do not pack belongings
- Turn off unnecessary equipment, computers and appliances
- Close the door as you exit your room or office
- Follow the directions provided for safe routes of evacuation
- Listen to radio, if available, to monitor emergency status
- Do not use your personal vehicle for evacuation unless specifically instructed to do so. If cars are used to evacuate, protect against hazardous materials by keeping windows closed and outside air conditioning systems turned off.

If you need special assistance, contact your resident advisor, building proctor or other appropriate emergency contact. If these persons are not available, call UPD at 979-845-2345 for assistance.

Shelter-in-Place Procedures

When emergency conditions do not warrant or allow evacuation, the safest method to protect individuals may be to take shelter inside a campus building and await further instructions. Seek appropriate shelter such as small interior rooms, interior hallways, or basements.

- Move indoors or remain there—avoid windows and areas with glass
- If available, take a radio or television to the room to track emergency status
- Keep telephone lines free for emergency responders. Do not call 911 for information.

If hazardous materials are involved:

- Turn off all ventilation systems and close all inlets from the outside
- Select a room(s) which is easy to seal and, if possible, has a water supply and access to restrooms
- If you smell gas or vapor, hold a wet cloth loosely over your nose and mouth and breathe through it in as normal a fashion as possible

The Daily Crime Log

The UPD (Clery Compliance Administrator or other trained personnel) publishes a Daily Crime Log that is available to the media, the public, and various campus offices free of charge. This summary identifies the nature of the crime, location, date and time occurred, date the crime was reported to the UPD, and disposition. The Daily Crime Log may be viewed via the UPD webpage at: <http://upd.tamu.edu>. A printed copy of this report may be viewed by the public 24 hours a day at the UPD Records Unit in the UPD lobby (1st floor, [1111 Research Parkway, College Station, TX 77843](#)). A copy of the Daily Crime Log may also be obtained by calling the UPD Records Unit at 979-845-2347 during business hours from 8am to 5pm Monday through Friday excluding university holidays.

Security of and Access to Campus Facilities

General Provisions

The Dean, Director, or Department Head is responsible for determining access to facilities under their control. The UPD's Community Services Unit, upon request, will prepare a security survey of the facility to determine security coverage and appropriate access control.

It is unlawful for any person to trespass on the grounds of any state institution of higher education of this state or to damage or deface any of the buildings, statues, monuments, memorials, trees, shrubs, grasses, or flowers on the grounds of any state institutions of higher education as indicated in *Texas Education Code Section 51.204*. Texas Penal Code *Criminal Trespass Section 30.05* and *Criminal Mischief Section 28.03* are State statutes that are similar in nature and are also widely utilized to help support *Texas Education Code Section 51.204*.

The governing board of a state institution of higher education or its authorized representatives may refuse to allow persons having no legitimate business to enter on property under the board's control, and may remove any person from the property on his or her refusal to leave peaceably on request. Identification may be required of any person on the property. (*Texas Education Code Section 51.209*)

Residence Halls

Access to residence halls is restricted to residents, their approved guests, and other authorized members of the university community. Exterior doors to on-campus residence halls and the White Creek Apartments are equipped with electronic card access that is connected to a centralized software system with 24 hour recording. Residents gain entry by swiping their card in the card access readers. Residents are cautioned against permitting strangers to enter the residence halls, and are urged to require individuals seeking entry to use their own access cards. Interior residence hall doors and the Gardens and White Creek Apartment (collectively known as University Apartments) doors are key-locked with deadbolts and have "peepholes." Residence area exteriors are patrolled regularly by University Police and Security Officers.

Parking Areas

Various campus parking areas including all garages are under video surveillance and may or may not be monitored. Various parking lots and garages are also equipped with emergency phones on each level and are readily visible and identifiable by the bright blue lights located on top of the phone cabinets. Instructions

adjacent to the keypads direct customers to contact UPD at 979-845-2345 for non-emergency assistance and to dial 911 for emergency assistance.

Academic and Administrative Buildings

The main campus of Texas A&M University is located within the City of College Station, and the public areas are therefore readily accessible. In general, the academic and administrative buildings are open to the public, at a minimum, during normal business hours. Individual facilities may have specific hours of operation, which can vary depending upon factors such as the time of the year and operational requirements. Access to some buildings, or portions of buildings, may be limited to authorized personnel at various times. Card swipe systems, locks and other means may be employed to limit access. Information about access to a specific facility can be obtained from the proctor for that facility. University Police and Security Officers generally are not assigned to specific academic or administrative buildings. However, they do patrol such areas on a regular basis.

Maintenance of Campus Facilities

Contracted facilities personnel are responsible for maintaining the buildings, grounds, and custodial services for the Texas A&M University campus. The group addresses maintenance, renovation, and repair projects for facilities, custodial and landscaping. Texas A&M's Utilities & Energy Services Department provides electricity, heating and cooling, running water, and waste disposal. Faculty and staff are encouraged to report maintenance problems to their respective building proctor or the 24 hour Communications Center at 979-845-4311.

The Department of Residence Life monitors the residential facility custodial and maintenance functions which are managed by a third party. The custodians are responsible for normal cleaning duties within the residence halls and the University Apartments. The maintenance staff is responsible for making repairs in the residence halls and the University Apartments. Additionally, facilities such as telephones, recreational areas around the halls, building renovations, furniture purchases, card access security system, and fire alarm/detection systems are all coordinated from the Residence Life's Operations and Events office. For more information about any of these services, please call 979-862-3150 or email operations-events@reslife.tamu.edu. Students are encouraged to report residence hall or apartment maintenance problems via <https://aggieworks.tamu.edu/> and to their Resident Advisor.

For after-hours emergency repairs, contact the 24 hour Communications Center at 979-845-4311. Garden Apartments should contact the Resident Advisor on duty at 979-845-2261. White Creek Apartments should contact the Resident Advisor on duty at 979-458-8500.

Security lighting tours of campus are jointly conducted each semester by contracted maintenance staff, students, UPD, Residence Life, and various Texas A&M University departmental representatives. Issues concerning lighting as well as landscaping affecting the disbursement of light are addressed. Residence hall and University Apartments staff conducts daily "on-duty rounds," and reports any known maintenance items for life/safety and security. Residence hall and apartment staff will submit work orders and/or telephone the Communications Center in cases of needed urgent after-hours responses.

Police and security personnel closely monitor any security-related maintenance problems after hours, and report their findings to the appropriate university official. If necessary, they will stand-by until the problem is corrected.

University Police and Security Officers survey campus lighting nightly and monitor those areas having defective fixtures and report the deficiencies to the appropriate personnel for corrective action. The operations of the emergency telephones are checked on a scheduled periodic basis.

Sexual Assault, Dating Violence, Domestic Violence, and Stalking

In accordance with federal law and [Texas A&M University System Regulation 08.01.01 Civil Rights Compliance](#) (System Regulation 08.01.01), Texas A&M University prohibits discrimination and harassment including sexual assault, dating violence, domestic violence, stalking, (as those terms are defined for the purposes of the Clery Act) and/or related retaliation. The following are statements of policy that address discrimination, harassment (including, but not limited to, sexual harassment³ and sex-based misconduct⁴), complicity, and retaliation⁵. The policies apply whether this conduct occurs on or off campus and when it is reported to the university.

Procedures for Reporting Sexual Assault, Dating Violence, Domestic Violence, Stalking, and Related Retaliation

Individuals have the option of notifying on-campus and local law enforcement authorities to report sexual assault, dating violence, domestic violence, or stalking. Below is a list of local law enforcement agencies. Reports should be filed with the agency where the incident occurred.

Agency	Phone
University Police Department	979-845-2345
Bryan Police Department	979-361-3888
College Station Police Department	979-764-3600
Brazos County Sheriff's Department	979-361-4980

UPD is available to receive and investigate reports of sexual assault, dating violence, domestic violence, and stalking; assist in securing medical attention; participate in evidence preservation and collection; conduct criminal investigations of crimes; and inform the individual of legal and administrative options both on and off campus. Criminal investigations may occur independent from a conduct proceeding and are handled in accordance with the Texas Penal Code, the Texas Code of Criminal Procedure, and information from the

³ Sexual harassment is a form of sex discrimination. Unwelcome conduct on the basis of sex (of a sexual nature or otherwise): (1) by an employee of the university who conditions the provision of an aid, benefit, or service of the university on an individual's participation in that unwelcome sexual conduct; (2) determined by a reasonable person to be so severe and pervasive and objectively offensive that it effectively denies a person equal access to the university's education program or activity; or (3) sexual assault, dating violence, domestic violence, or stalking based on sex. For the purposes of defining sexual harassment specified in (2): severe means of sufficient seriousness to interfere with the rights, privileges, and legal activities of an individual, as well as actions that would be deemed by a reasonable person to be extreme or life-threatening; pervasive means conduct existing in or spreading over a large area of an activity or program over a period of time; and objectively offensive means behavior determined by a reasonable person to be offensive (actions that cause unreasonable harm or distress to another individual or group of people). Includes complaints based on sex, sexual orientation, and/or gender identity.

⁴ Sex-based misconduct is unwelcome conduct on the basis of sex that is severe, persistent, or pervasive enough to create a work, educational, or campus living environment that a reasonable person would consider intimidating, abusive, or offensive. Sex-based misconduct is explicitly prohibited under System Regulation 08.01.01. Aiding another in the commission of sex-based misconduct is also prohibited by System Regulation 08.01.01. Sex-based includes, but is not limited to, sexual assault, sexual exploitation, dating violence, domestic violence, and stalking based on sex. Sexual exploitation is defined as a situation in which an individual(s) takes non-consensual or abusive sexual advantage of another for his or her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited. For example, sexual exploitation could include such actions as secretly videotaping sexual activity, voyeurism, invasion of sexual privacy, exposing one's genitals or causing another to expose one's genitals, and knowingly exposing another person to a sexually transmitted infection or disease. Sexual exploitation is a form of sex-based misconduct. Includes complaints based on sex, sexual orientation, and/or gender identity.

⁵ Intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured under civil rights laws and regulations, or because the individual has opposed a discriminatory practice, files a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing. The exercise of rights protected under the First Amendment does not constitute prohibited retaliation, nor does the filing of a mandatory report as required by System Regulation 08.01.01. In addition, a university official who files a mandatory report or charges an individual with making a materially false statement in the course of an investigation has not engaged in prohibited retaliation. Retaliation is explicitly prohibited under System Regulation 08.01.01. Aiding another in the commission of retaliation is also prohibited under this regulation.

Brazos County and District Attorney Offices. Law enforcement will help individuals understand the process of obtaining protective orders, restraining orders, or similar lawful orders issued by the courts.

All Texas A&M University employees are mandatory reporters who must report all known information about an alleged or suspected incident of discrimination, harassment, retaliation, or complicity that is experienced by, observed by or made known to an employee in the course and scope of their employment as soon as possible⁶. Student workers are not required to report conduct prohibited by this policy if the student worker experiences, observes, or becomes aware of the prohibited conduct outside the context of their employment.

An employee is also not required to report an incident where: (1) the employee was a victim of sexual harassment, sexual assault, dating violence, domestic violence, or stalking; (2) the incident about which the employee received information was due to a disclosure made at a sexual harassment, sexual assault, dating violence, domestic violence, or stalking public awareness event sponsored by the university or by a student organization affiliated with the university; or (3) the person has either learned of the incident during the course of their employer's review or process, or has confirmed with the designated office overseeing the review or process, that the incident has been previously reported.

An employee's failure to report alleged or suspected discrimination, harassment, retaliation, or complicity may result in disciplinary action, including termination of employment. An employee must be dismissed if, in accordance with disciplinary processes, the employee is determined to have knowingly failed to make a required report, or that employee, with the intent to harm or deceive, knowingly made a report that is false. Notwithstanding the above mandatory reporting requirement for employees, anyone may report matters which they believe are criminal to the appropriate local law enforcement agency.

Students and third parties are strongly encouraged, but not required, to report conduct prohibited by this policy.

At the main campus in College Station, reports that a student, an employee, or a third party has engaged in conduct prohibited by this policy should be made to:

Additional options for reporting to the university include:

- Submitting an anonymous report through [Tell Somebody](#), an electronic reporting option. Anonymous reporting may also limit the university's ability to respond to the allegation.
- Submitting an electronic report through the "Make a Report" form found at <https://titleix.tamu.edu/>

Individuals may file a complaint at any time with any local, state or federal civil rights office, including, but not limited to, the Equal Employment Opportunity Commission, the Texas Workforce Commission's Civil Rights Division, the U.S. Department of Education's Office of Civil Rights and the U.S. Department of Justice.

CREI has procedures in place to inform individuals of their rights to file criminal charges as well as the availability of services on and off campus. A complainant⁷ may request assistance from and/or will be assisted by CREI in notifying law enforcement authorities if the complainant so chooses. A report to law enforcement, even to UPD, is separate from a report to the university. An individual wishing to simultaneously pursue a law enforcement investigation and a university resolution of conduct prohibited by this policy should make a report to both entities. Individuals are notified of their right to report the incident to UPD and local police immediately, but always have the right to decline to notify such authorities. Reporting to law enforcement does not preclude an individual from pursuing disciplinary remedies with the university.

Although a report of conduct prohibited by this policy may be made at any time, regardless of when the conduct occurred, a report should be filed as soon as possible after the actions that caused the report. Prompt reporting assists investigators in the collection and preservation of evidence.

The filing of a report will not stop, delay, or affect pending personnel or disciplinary actions. This includes, but is not limited to, performance evaluations or disciplinary actions related to an employee or student who is not performing at acceptable levels or standards or who has violated System policies or regulations or university rules or SAPs.

The university's response to allegations of conduct prohibited by this policy will be prompt and equitable. The response is intended to stop/prevent recurrence of any harassment and remedy discriminatory effects of the

⁷ The individual(s) who is alleged to have been subjected to discrimination.

conduct, as appropriate. A substantiated allegation of prohibited conduct will result in disciplinary action, up to and including termination of employment or separation from the university. Third parties who commit prohibited conduct may have their relationship with the university terminated and/or their privileges of being on university premises withdrawn.

CREI conducts an initial review and preliminary assessment of all reports/complaints that are received by CREI to assess and address the safety and well-being of the complainant, respondent⁸, and the community. As part of the initial review, CREI will take the following step: (1) inform the individual reporting of the right to file a complaint with law enforcement (if applicable) in addition to filing a complaint with CREI, (2) provide assistance in notifying UPD or appropriate law enforcement authorities if the individual so chooses, (3) inform the individual of the right to decline to contact law enforcement, and (4) inform the individual of the right to file a complaint with state and federal agencies. CREI will offer the opportunity to request supportive measures to provide for the safety of the individual and campus community.

CREI will also take steps to advise about (1) the importance of preserving evidence, if applicable, that could assist in proving that a criminal offense occurred or may be helpful in obtaining a protective order or assist in an investigation, (2) the university's procedures for investigation and options for formal and informal resolutions, and (3) the university's prohibition against retaliation. At this time, CREI will determine whether the complainant is a minor, elderly, or disabled and, if required, contact the appropriate agency in accordance with the Texas law.

CREI provides a written notification of available resources, rights, and options to each individual reporting discrimination, harassment, or retaliation (whether the offense occurred on or off campus) regardless of whether the individual chooses to report the incident to local law enforcement or chooses to pursue informal or formal remedies through the university or criminal remedies through law enforcement. The written notification includes information regarding:

- the importance of preserving physical evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order;
- procedures about how and to whom the alleged offense should be reported;
- the option to notify proper law enforcement authorities including on-campus and local police;
- the option to be assisted by campus authorities in notifying law enforcement if the victim chooses;
- the option to decline to notify such authorities;
- the rights of individuals and the institution's responsibilities for orders of protection, no contact orders (mutual no contact restrictions), restraining orders, or similar lawful orders issued by criminal, civil, or tribal court or the institution;
- information about how the institution will protect confidentiality;
- existing on-campus and community resources/contacts (counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to students, faculty, and staff);
- the options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or supportive/protective measures;
- protection from retaliation; and
- an explanation of procedures for institutional disciplinary action in cases of alleged sexual assault, dating violence, domestic violence, and stalking.

⁸ An individual who has been alleged to have engaged in discriminatory conduct as defined in this policy.

Individuals reporting to the Student Health Center, Student Counseling & Mental Health Center, and UPD also receive the written notification.

Guidelines or Suggestions to Follow After an Incident of Sexual Assault, Dating Violence, Domestic Violence or Stalking (as applicable to the specific incident)

- Go to a safe place as soon as you can.
- Contact the Police Department at 911 (911 using an on-campus phone).
- Get medical attention as soon as possible to make sure you are physically well and to collect important evidence in the event you may later wish to take legal action. Baylor Scott & White Medical Center in College Station (979-207-0100, <https://www.bswhealth.com/specialties/forensic-medicine/>) is the community's designated forensic nursing facility offering a 24/7 program with trained Sexual Assault Nurse Examiners (SANE) and a forensic unit that provides detailed physical examinations, evidence collection, and expert testimony. CHI St. Joseph Regional Hospital in Bryan (979-776-3777) also conducts forensic exams. Go to the hospital's emergency room and request to be seen by a SANE. A forensic examination can also be performed for victims of domestic violence.
- Try to preserve all physical evidence. Do not wash, use the toilet, swim, brush teeth, or change clothing if you can avoid it. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag.
- Preserve evidence by saving text messages, instant messages, social networking pages, communications, pictures, or other documents, if any, that would be useful to police or investigators.
- Personnel are available to help explain options, give information, and provide emotional support. Personnel include: CREI 979-458-8407, Student Assistance Services 979-845-3113, Student Counseling & Mental Health Center 979-845-4427, Telus Health Student Support App 1-866-408-2828, Student Health Center 979-458-8310, UPD Victim Services 979-458-9767, Work/Life Solutions Program by GuidanceResources 1-866-301-9623, and the Brazos Valley Sexual Assault Resource Center 979-731-1000.

Medical Treatment (as applicable to the specific incident)

It is important to seek immediate and follow-up medical attention for several reasons: first, to assess and treat any physical injuries sustained; second, to test for sexually transmitted infections or pregnancy and treat or take preventive measures; and third, to gather and preserve evidence that may assist in proving that the alleged criminal offense occurred or is occurring or may be helpful in obtaining a protective order. Physical evidence should be collected immediately, ideally within the first 24 hours. It may be collected later than this, but the quality and quantity of the evidence may be diminished. If victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infection.

Confidentiality/Privacy

Students and employees have the option to disclose incidents to confidential reporters who are employees designated or permitted by the university to receive complaints of discrimination, harassment, retaliation, and complicity and maintain confidentiality. Confidential reporters include, but are not limited to, licensed health care personnel and certain mental health providers (professional psychologists/counselors) who receive reports when acting the course and scope of their employment as part of their official employment. When an individual shares information with a confidential reporter, the confidential reporter cannot legally disclose the communication to another person or the institution except under very limited circumstances. Such information could be disclosed when: (1) the individual gives written consent for its disclosure; (2) there is a concern that the party poses an imminent danger to themselves or others; (3) the information concerns

conduct involving suspected abuse or neglect of a minor under the age of 18, the disabled, or the elderly; or (4) required by law.

Confidential reporters are required to provide general nonidentifying information as required to comply with the Clery Act or other applicable laws/regulations, and must report de-identified statistics to the Title IX Coordinator for any type of sex-based incident made known to them, and may not include any information that would violate that person's expectation of privacy. Publicly available recordkeeping, including Clery Act reporting and disclosures, must not include personally identifying information⁹. Incidents are shared in a way that does not identify the individuals. For example, licensed healthcare providers share de-identified information regarding conduct that may be a statistic in the Clery Annual Security Report and/or disclosed in the daily crime log without identifying the individuals concerned. Additionally, researchers are deemed confidential only when the research project is federally funded and the identity of research subjects on the specific project are deemed confidential by law.

At Texas A&M University, the following are considered confidential reporters: Mental health providers for students – Student Counseling & Mental Health Center (979-845-4427), Texas A&M Psychology Clinic (979-845-8017); mental health provider for student athletes - Counseling and Sport Psychology Services (979-335-9681); health care personnel for students - Student Health Center (979-458-8310); and mental health provider for employees and the employee's benefits-eligible dependents - The Work/Life Solutions Program by GuidanceResources (1-866-301-9623). Confidential reports are available to support both complainants and respondents.

Additionally Texas A&M University offers its students Telus Health Student Support App (1-866-408-2828) for immediate, 24/7 professional counseling via phone call, chat, or an option to schedule multiple sessions with a consistent counselor for short-term treatment. Instructions to access the Telus Health Student Support App are found here <https://caps.tamu.edu/studentssupport/>.

All other employees informed of possible discrimination, harassment, retaliation, and/or complicity should advise the reporting party that they cannot keep the information confidential and are required to report it to the university. Employees should inform the reporting party where confidential guidance can be obtained, such as the student counseling center or employee assistance program. To the extent possible, the university will protect the privacy of all parties to the report (see definition of private¹⁰).

Employees receiving a complaint under this policy may not disclose the identity of the complainant to any law enforcement authority unless:

- expressly authorized by the complainant;
- imminent threat to health or safety exists; or
- required by law.

Requests from complainants to withhold any name, or a request not to investigate or seek action against the respondent, will be considered by the university in the context of the university's duty to provide a safe and

⁹ Personally identifying information is defined as individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, regardless of whether the information is encoded, encrypted, hashed, or otherwise protected, including a first and last name; a home or other physical address; contact information (including a postal, email, or internet protocol address, or telephone or facsimile number); a social security number, a driver's license number, passport number or student identification number; and any other information, including date of birth, racial or ethnic background, or religious affiliation that would serve to identify any individual.

¹⁰ Private - that which affects, characterizes, or belongs to an individual person, as opposed to the general public. With respect to this regulation, private means restricting information to those with a reasonable need to know.

nondiscriminatory work, educational, and campus living environment. This may require that the university take actions when the complainant requests no action, such as when violence is involved, when the threat of violence exists, or when required by law, as in the case of elderly, disabled, or child abuse. A request to withhold information or not to investigate the alleged misconduct may limit the university's ability to respond.

Although individuals reporting sexual assault are not required to file criminal charges, the following program is offered in the State of Texas. In accordance with the Texas Code of Criminal Procedure, Chapter 57, when reporting certain sex offenses to a Texas law enforcement agency, victims may use a pseudonym to protect their identity. The offenses applicable to this program are identified in Chapter 62 of the Texas Code of Criminal Procedure, defined by the Texas Penal Code, and include sexual assault. The pseudonym will replace the victim's name in all public files and records concerning the offense, including police records, press releases, and records of judicial proceedings.

Resources, Rights, and Options

Following an allegation of sexual assault, dating violence, domestic violence, stalking, and/or related retaliation the complainant, the respondent, and other affected individuals have certain resources, rights, and options available to them. Parties with an inquiry or complaint, if known, are informed about their resources, rights, and options in writing when CREI receives notification of an incident whether it occurred on or off campus and regardless of whether the individual elects to pursue a criminal complaint or disciplinary measures. Other personnel likely to receive reports of conduct prohibited by this policy in the Division of Student Affairs, Division of Human Resources and Organizational Effectiveness, and UPD, may also provide resources, rights, and options in writing. Available assistance information is also shared through prevention and awareness education and can be found on the Title IX webpage at <https://titleix.tamu.edu/get-help/>. Additional information about any of the resources, rights, and options discussed in this section can be requested from CREI.

In addition to the Case Managers at CREI, the following are on-campus and community resources available to complainants, respondents, and others.

Institutional Rights and Options (Supportive Measures)

The institution is obligated to offer and provide assistance to students, employees, and third parties in obtaining a range of supportive measures. Supportive measures are intended to restore or preserve equal access to the workplace and educational programs or activities without unreasonably burdening the other party; stop and prevent the reoccurrence of discrimination, harassment, and/or retaliation; and support the complainant and respondent during the investigation and resolution process. Supportive measures are non-disciplinary, non-punitive individualized services. Supportive measures are offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent.

In all complaints of discrimination, harassment, and/or retaliation, CREI promptly contacts the parties to discuss the availability of supportive measures, considers the parties' wishes with respect to supportive measures, informs the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explains to the complainant the process for filing a formal complaint. The university must maintain the privacy of any supportive measures provided to the complainant or respondent to the extent that maintaining such privacy would not impair the ability of the university to provide supportive measures.

CREI is responsible for coordinating the effective implementation of supportive measures. In addition to facilitating supportive measures, CREI can provide parties with access to university officials with information about counseling, medical, mental health, victim advocacy, visa and immigration information, impact of a leave of absence on student financial aid, and other services available to complainants and respondents (on campus and in the community). CREI will also notify the parties that options such as protective orders and criminal trespass warnings may be available through law enforcement agencies and the judicial system. A party may request a supportive measure through CREI (979-458-8407) at any time, regardless of whether a formal complaint has been filed and regardless of whether the individual chooses to report the incident to law enforcement or pursue disciplinary remedies.

CREI can assist with supportive measures that may include but are not limited to changes to academic, living, transportation and working situations or supportive measures according to the list below. In determining which supportive measures to impose and the reasonableness of the related measures, CREI considers the request; the safety of the complainant, respondent, and the university community; the specific needs of the

individuals; the severity or pervasiveness of the allegations; continuing effects; sharing of residence halls, dining halls, classes, transportation, or job locations; other judicial measures already in place; and other factors as appropriate. The university also provides reasonable supportive measures to third parties as appropriate and available, taking into account the role of the third party and the nature of any contractual relationship with the university. Parties seeking a supportive measure should discuss their options with their CREI case manager.

Supportive measures provided by the institution vary and may include, but are not limited to, the following:

- Assistance in obtaining access to medical, mental health, legal (protective orders and criminal trespass warnings available through law enforcement and the judicial system), counseling support, victim advocacy, visa and immigration information, and financial aid guidance
- Extension of deadlines or other course-related adjustments, e.g., in cases in which a student complainant and student respondent are enrolled in the same course, either student may elect to drop the course without any academic penalty
- Modifications of work or class schedules
- Campus escort services
- Mutual no contact restrictions between the parties as described below
- Changes in work or housing locations
- Leaves of absence
- Increased security and monitoring of certain areas of campus or workplace
- Other similar measures

Mutual No Contact Restriction. A mutual no contact restriction is a supportive measure issued by the institution that prohibits two parties from contacting one another through any means. Mutual no contact restrictions can be issued in addition to court ordered protection but may also serve as an alternative for those who do not want to seek a court order. A complainant or a respondent can request a mutual no contact restriction through the CREI at 979-458-8407. CREI may issue a mutual no contact restriction at any time prior to or during a conduct investigation based on information provided by the requestor. If good cause for a mutual no contact restriction is determined, both parties are notified of the restrictions in writing. Mutual no contact restriction records are maintained in CREI's tracking system.

Individuals should be aware that direct contact, refusal to leave a protected area, appearing at a location one reasonably knows the protected party is at, third-party contact, or even an anonymous contact are all potential violations of a mutual no contact restriction. Violations should be reported to CREI and may result in further disciplinary action. Failure to comply with the terms of supportive measures such as mutual no contact restrictions may be considered a separate violation of system policies and regulations and university rules and procedures.

CREI will also consider an interim removal of the respondent from university geography, programs, or activities if the respondent is an immediate threat to the health or safety of the community or another individual. Both an interim removal for student respondents and an interim administrative action for employee respondents, such as a leave of absence, are described below.

Interim Removal of Students: A student may not be expelled or suspended prior to a decision of responsibility for a violation(s) of a university rule, policy, regulation, code, or SAP except as provided below.

Student Affairs staff may remove a student from an education program or activity on an emergency basis only after an individualized safety and risk analysis has determined that the student is an immediate threat to the physical health or safety of any other student or individual arising from the allegations. Student Affairs staff

must provide the removed student with notice and opportunity to challenge the decision immediately following the removal. Upon being removed, the removed student must be granted the opportunity for a hearing within 5 business days to review whether or not the removal is warranted. The outcome of this hearing is not subject to appeal and is not a disciplinary action.

During the interim removal, a student may be denied access to campus housing and/or the campus (including classes) and/or all other university activities or privileges for which the student might otherwise be eligible.

The interim removal does not replace the investigation and resolution process. The investigation and resolution process shall proceed as outlined in this policy, except that the timelines referenced in this policy may not be followed and the allegations will be resolved as soon as possible.

Interim Administrative Actions for Employees: In accordance with university rules and SAPs, CREI may request that an employee be placed on leave, suspended with pay, reassigned and/or place in another type of temporary status pending completion of the investigation and resolution process. CREI may also issue interim restrictions to an employee, which include, but are not limited to, contact restrictions (no-contact directives); representation of the university; “no trespass” orders, etc. Such interim actions will remain in place as specified in a notification to the employee or until the allegations are resolved.

Confidentiality/Privacy of Accommodations and Supportive Measures: The university will maintain as private any accommodations or supportive measures provided to the extent that maintaining such privacy would not impair the ability of the institution to provide the accommodations or supportive measures. CREI is responsible for determining what information and to whom information will be disclosed based on the circumstances of the allegation, the individuals involved, and related safety needs. CREI uses discretion and only discloses information to key officials at the institution who perform the tasks necessary for obtaining or providing the particular accommodation or supportive measure. The identity of an alleged victim of sexual harassment, sex-based misconduct, sexual assault, dating/domestic violence, or stalking may only be disclosed to: (a) persons employed or under contract with the institution, who are necessary to conduct an investigation of the report or any related hearings; (b) a law enforcement officer as necessary to conduct a criminal investigation of the report; (c) the person or persons alleged to have perpetrated the incident, to the extent required by other law; or (d) potential witnesses to the incident as necessary to conduct an investigation of the report. Other areas receiving information related to supportive measures may include, but are not limited to: Student Life, Residence Life, Transportation Services, Athletics, Scholarships and Financial Aid, Corps of Cadets, Student Activities, Division of Human Resources and Organizational Effectiveness, academic departments (direct supervisor, Dean, or Associate Dean), or non-academic departments (direct supervisor, Vice President, or designee). Prior to disclosure, CREI will receive consent to disclose the identity of the alleged victim, inform the individual of the information that will be shared, with whom it will be shared, and why.

Legal Rights and Options

The institution provides information and assistance to the complainant, the respondent, and other affected individuals in obtaining lawful orders issued by a criminal, civil, or tribal court including protective orders and criminal trespass warnings as discussed below. Failure to comply with any of the terms of lawful supportive measures may be considered a separate violation in the institutional disciplinary proceeding.

Protective Orders: Individuals may apply for protective orders through the Texas criminal justice system. A protective order is an interim protective measure that requires the recipient to stay away from the protected individual’s home, workplace, and/or children’s schools (if the children are protected persons in the order) depending on the documented circumstances. It can require the recipient to stop communicating with the

protected individual in a harassing or threatening manner, attend counseling, pay child support, and/or pay spousal support. An application for a protective order may be filed by an individual, a prosecuting attorney, or the Texas Department of Family and Protective Services (1-800-252-5400) on behalf of an individual. The application is obtained through the county attorney (Brazos County Attorney's Office – Family Violence Unit, Family Violence and Mental Health Coordinator, 979-361-4657), the district attorney (Brazos County District Attorney's Office – Chief Family Violence Division, 979-361-4320), or a private attorney. UPD (979-845-2345) will also provide assistance in applying for protective orders. Forms associated with applying for a protective order are found on the following webpages: <http://brazoscountytexas.gov/index.aspx?NID=112> and <https://guides.sll.texas.gov/legal-forms/protective-orders>.

The application for a protective order must be filed in either the county where the applicant lives or the county where the recipient lives. The applicant's address can be kept confidential. If the legal criteria for a protective order is met, the county or district attorney's office will prepare and file all of the paperwork necessary to request a protective order from a court. Such orders provide effective tools for law enforcement when they are called upon to protect an individual and their family. Additionally, an emergency protective order may be recommended and automatically issued by the court following the original report and arrest of the respondent. A hearing is held at a later date to determine if the order should be extended or modified.

UPD is notified of protective orders that exist in the campus and surrounding area. Local law enforcement agencies are also notified of all existing protective orders in their area. If the requestor or other institutional personnel become aware that a protective order is violated, UPD should be contacted immediately at 979-845-2345. Responding agencies can also be contacted for protective order violations including Bryan Police (979-361-3888), College Station Police (979-764-3600), or the Brazos County Sheriff's Department (979-361-4980). Violating protective orders generally carry authority for the violator's immediate arrest by UPD or other law enforcement agencies.

Criminal Trespass Warning: A criminal trespass warning is a supportive measure issued by UPD which is directed at those who are considered a danger to the campus community or a danger to a certain individual in the campus community. The warning advises the respondent to leave the premises and forbids them from entering and/or remaining on certain property which can cover either the entire campus or a specific campus location. To request a criminal trespass warning, contact UPD at 979-845-2345 and request to speak with an officer. The UPD officer issues the criminal trespass warning if the respondent is determined to pose a risk to campus safety based on information provided by the requestor as it relates to applicable state law and/or UPD policy. When the warning is issued, the officer is responsible for providing notice to the requestor and the person receiving the warning.

UPD officers are notified of criminal trespass warnings that exist in their area. If a criminal trespass warning is violated, UPD should be contacted immediately at 979-845-2345. A violation of the criminal trespass warning occurs when the individual is issued a warning but refuses to leave campus or is subsequently found in a prohibited area based on the trespass warning. The requestor and other institutional personnel should take appropriate action by contacting UPD for a responding officer when they become aware of a potential violation of a criminal trespass warning. UPD generally enforces these warnings by charging violators with criminal trespass resulting in arrest and/or fine.

If the complainant, respondent, or member of the university community has obtained a protective order, civil no-contact order, restraining order, or similar order from a court as described in this section, against another member of the university community, a copy of the order should be provided to the Chief Risk, Ethics, and Compliance Officer. In conjunction with UPD and other university officials, the Chief Risk, Ethics, and Compliance Officer will take all reasonable actions authorized by law to implement the order.

Other Legal Options: The UPD's Community Services Unit at 979-458-1674 is available to provide information or direct victims to the proper agency about personal safety, Texas Crime Victim's Rights, Texas Crime Victims Compensation Fund and other information upon request. Or visit the Office of the Texas Attorney General's website at <https://www.texasattorneygeneral.gov/crime-victims/crime-victims-compensation-program>.

Investigations and Disciplinary Proceedings¹² for Sexual Assault, Dating Violence, Domestic Violence, Stalking, and Related Retaliation

Proceedings from an allegation of sexual assault, dating violence, domestic violence, or stalking are provided in a prompt, fair, and impartial manner from the initial investigation to the final result, including any appeals. They are consistent with the institution's policies and transparent and equitable to the complainant and respondent. The investigation provides that:

- Both the complainant(s) and the respondent(s) must receive equitable treatment in all facets of the investigation and resolution process including, but not limited to, the right to an advisor (if any), the right to present evidence and witnesses, and the right to be informed of the outcome of the investigation.
- Timely and equal access to any information (inculpatory and exculpatory) discovered during the investigation as well as any information that will be used during informal and formal disciplinary meetings and hearings will be provided to the complainant, respondent, and appropriate officials.
- During the investigation the complainant and respondent have timely notice of meetings at which the complainant or respondent, or both, may be present.
- Determinations use the preponderance of the evidence standard, i.e., what is more likely than not to be true, based on the totality of the available evidence.
- If the respondent has multiple roles at the university, such as when the respondent is both a student and an employee, the Chief Risk, Ethics, and Compliance Officer will consult with other relevant university officials and determine which procedure(s) to follow in the investigation and resolution of the allegations of prohibited conduct as well as other policy violations. The Chief Risk, Ethics, and Compliance Officer will consider the known facts and circumstances, including which role predominates in the context of the prohibited conduct.
- The university's disclosure of information related to an investigation, the DA's decision and/or the sanctions rendered are governed by the provisions of the Family Educational Rights and Privacy Act (FERPA), the Texas Public Information Act (TPIA), the Texas Education Code Section 51.971, and other applicable confidentiality laws.

Individuals conducting investigations and other decision makers, at a minimum, receive annual training on the issues related to sexual assault, dating violence, domestic violence, and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. All of those involved in the administration of civil rights complaints at the university (including but not limited to: reporting, administering, investigating, adjudicating, advising, and informal resolution) complete annual training specific to their roles in accordance with requirements established by SECO in [System Regulation 08.01.01, Appendix B, Minimum Training Requirements for Civil Rights Investigations, Advisement, Adjudication, Appeals, and Informal Resolution in The Texas A&M University System](#). Minimum training requirements include university rules and procedure, applicable federal and state laws, how to conduct comprehensive civil rights investigations and prepare reports, trauma-informed investigation techniques and considerations, due process protections, how to value and weigh evidence and assess credibility, sanctioning, appellate processes, etc.

¹² For the purposes of this section, proceeding means all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and the complainant, respondent, and other affected individuals concerning accommodations or supportive measures.

If an employee reasonably believes that an incident constitutes sexual harassment, sexual assault, dating violence, domestic violence, or stalking and that the incident is alleged to have been committed by or against a person who was a student enrolled at or an employee of the institution at the time of the incident, the employee must promptly report the incident to CREI. Students and third parties (including, but not limited to, anyone receiving services from the university, vendors and private business associates) are strongly encouraged to report the incident(s) promptly to CREI. An employee is not required to report an incident in which that employee was a victim of the sexual harassment, sexual assault, dating violence, domestic violence, or stalking. Once an individual discloses information to CREI, a complaint will be considered to be made with the university, and the institution's process is initiated regardless of whether the complainant chooses to pursue criminal charges.

Complaints are initially reviewed by CREI, not only to assess and address safety, but also to determine whether a violation of the System Regulation 08.01.01 and/or Rule 08.01.01.M1 and/or any other university rule, SAP, code, or policy could have occurred. During the initial review and preliminary assessment CREI will:

- Inform the complainant about options for formal and informal resolutions and solicit the complainant's preferred method for resolving the matter. Complainants may request a formal resolution, an informal resolution, or "no resolution" of the allegations of discrimination, harassment, retaliation, and/or complicity.
- Offer assistance to the complainant in submitting a written formal complaint¹³ that details the nature and circumstances of the allegations, including the names of the complainants and respondents.

No Resolution

If the complainant requests that no resolution of the allegations occur, the university will seek to honor the request whenever possible without impeding the university's ability to enhance the safety and security of the complainant and the university community. The university may initiate an investigation based on the seriousness of the allegation, whether or not there are multiple allegations, and/or whether or not a respondent poses a risk of harm to others. CREI will consider the following factors when evaluating such requests:

- All of the known circumstances, including any corroborating evidence;
- The nature and scope of the alleged conduct, including whether the reported behavior involves the use of a weapon;
- The respective ages and roles of the complainant and respondent;
- Whether there have been other reports of prohibited conduct or other misconduct by the respondent;
- Whether the report reveals a pattern of misconduct related to prohibited conduct (e.g. via illicit use of drugs or alcohol) at a given location or by a particular group;
- Fairness considerations for both the complainant and the respondent;
- Whether the university possesses other means to obtain relevant information and evidence;
- The university's obligation to provide a safe and non-discriminatory environment;
- Admissions of responsibility by the respondent, if any; and
- The impact of honoring the request on the complainant and the university community, including the risk of additional violence.

¹³A formal complaint is a document or electronic submission (such as by electronic mail or through an on-line portal provided for this purpose) filed by a complainant, or signed by the Title IX Coordinator, alleging sex-based discrimination against a respondent and requesting that the university investigate the allegation(s). The formal complaint must contain the complainant's physical or digital signature, or otherwise indicate that the complainant is the person filing the complaint. Alternatively, a Title IX Coordinator may sign a formal complaint but is not a complainant or otherwise a party to the complaint. The university may consolidate formal complaints as to allegations of sex-based violations against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, when the allegations of sexual harassment arise out of the same facts or circumstances.

If the university is able to honor the complainant's request for no resolution, the university may close the matter with no action taken, or the university may proceed with other appropriate steps, including investigation and disciplinary action against the respondent for violations of other rules, SAPs, regulations, policies, or codes, if applicable.

If the university determines that the complainant's request cannot be honored, the complainant will be notified of the decision, and CREI will take appropriate actions, including but not limited to, (1) offering support services or academic adjustments and (2) initiating a formal investigation or informal resolution.

Informal Resolution

Informal resolutions do not utilize a formal hearing and may or may not involve the establishment of findings of fact and the application of sanctions.

At any time prior to the determination of a final decision, the parties may seek informal resolution to resolve the complaint. The following conditions apply to informal resolution:

- Informal resolution is a voluntary process. No party may be compelled to participate in informal resolution. The university, in consultation with SECO, must agree to allow an informal resolution to move forward and must obtain the parties' voluntary, written consent to the informal resolution process.
- Prior to an informal resolution, the parties will be provided with: (a) written notice of the allegations; (b) the requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations; and (c) the consequences of withdrawing from the informal process and resuming the formal process, and including the records that will be maintained or could be shared.
- Once a party agrees to participate in informal resolution, they may withdraw from the process at any time prior to a final agreement and resume the formal grievance process. Information shared in the informal resolution process may not be introduced into the formal process without independent evidence.
- Once a final agreement is established through informal resolution, the complaint may not return to the formal complaint process unless one or both parties fails to abide by any conditions established in the agreement.
- Informal resolution options include mediation, restorative conferences, shuttle facilitation, and other forms of facilitated dialogue.
- Mediation may not be used to resolve complaints of rape, statutory rape, dating violence, domestic violence, or any case in which imminent threats of harm may exist.
- The university may not offer an informal resolution process in sex-based complaints unless a formal complaint is filed and may not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

Formal Resolution

The allegations will be considered for investigation pursuant to the following procedures. CREI reserves the right to resolve the complaint informally or through no resolution if the allegation does not rise to the level of conduct prohibited by System Regulation 08.01.01.

Upon receipt of a report, CREI may consult with the Texas A&M University System Office of General Counsel (OGC) as needed and make a preliminary determination about whether to conduct a formal investigation of the allegations. The preliminary determination may include, but is not limited to, the following:

- An assessment of whether there is sufficient known or obtainable information to proceed with an investigation of the complaint;
- An assessment of whether the allegations are baseless;
- An assessment of whether the allegations, if true, would constitute a violation of System Regulation 08.01.01; and/or
- An assessment of whether a complainant's request for no resolution may be honored.

If it is determined that there is insufficient information to proceed with an investigation; or that the allegations are baseless; or that the allegations, if true, would not constitute conduct prohibited by System Regulation 08.01.01 and/or Rule 08.01.01.M1; or, that an investigation will not occur due to the complainant's request for no resolution, CREI may:

- dismiss the complaint,
- close it for insufficient evidence to investigate or lack of jurisdiction,
- refer the report to a different office at the university (the university office may review the conduct and take appropriate action, including but not limited to, disciplinary action against the respondent for violations of other university rules, codes, regulations, policies, or SAPs, if applicable), or
- with the consent of the parties, as well as the approval of SECO, refer the complaint to informal resolution (cases involving allegations based on sex require the submission of a formal complaint before they may be referred to informal resolution).

CREI will notify the complainant of such action in writing. Complaints that have been dismissed or referred may be appealed in accordance with the appeal procedures section of this policy.

Once it has been determined that the university will proceed with a formal investigation, CREI will appoint the Investigative Authority (IA)¹⁴ within 5 business days to initiate the process of determining whether a violation of System Regulation 08.01.01 or other university rule, SAP, code, or policy occurred.

The Assistant Vice President and Title IX Coordinator (or designee) shall simultaneously notify the complainant(s) and respondent(s) in writing of the commencement of the investigation. The notice of investigation will include:

- receipt of the complaint stating the allegation of a violation of this policy;
- interim supportive measures, if any;
- admonishments regarding cooperation and prohibiting retaliation;
- any informal resolution process that may be available;
- an unredacted version of the complaint to an employee respondent(s) and their advisor, if applicable, with admonishments regarding privacy; and

¹⁴ The IA is one or more trained individuals appointed to conduct a formal investigation to discover and examine the facts related to an allegation and conclude if, based on the preponderance of the evidence, the allegation is substantiated, unsubstantiated, or if there is insufficient information. In complaints involving allegations of sex-based behaviors, the IA will be limited to only reporting the evidence collected during the investigation, as well as issuing appropriate determinations surrounding credibility of parties, witnesses, and evidence.

- the appointed IA; the appointed Designated Administrator (DA) and Appellate Authority (AA).¹⁵

If in the course of an investigation the university decides to investigate allegations about the complainant or respondent that were not included in the original notice, the university must provide notice of the additional allegations to the parties.

If the respondent is an employee, the Assistant Vice President and Title IX Coordinator (or designee) shall notify, in writing, the respondent's supervisor that CREI is investigating an allegation that the respondent has engaged in conduct that may be a violation of System Regulation 08.01.01 and/or Rule 08.01.01.M1 or other university rules, SAPs, codes, or policies.

CREI is responsible for all administrative actions required to conduct the investigation. These include, but are not limited to, informing the parties of extensions or other delays affecting the investigation, contacting supervisors or faculty regarding their employees' or students' time away from work or class to participate in the investigative process, making reports to university administrators, coordinating supportive measures, and undertaking any other tasks necessary to properly conduct the investigation.

The IA will review the complaint, conduct a prompt, fair, thorough, and impartial investigation. Abuse of the investigation and resolution process is prohibited and subject to disciplinary action up to and including dismissal or separation from the university. Examples of abuse of process include, but are not limited to:

- Failure to appear at a meeting, interview, hearing, or conference as set forth in a notice issued by CREI;
- Falsification, distortion, destruction, or misrepresentation of evidence or information;
- Disruption or interference with the orderly conduct of an investigation, interview, meeting, hearing or conference;
- Intentionally initiating or causing a false report to be initiated;
- Attempting to discourage an individual's proper participation in, or use of, the investigation and resolution process, disciplinary process, or legal process;
- Attempting to influence the impartiality of the IA, AA, or DA prior to, and/or during the course of the investigation and resolution process;
- Verbal or physical intimidation, and/or retaliation of any party to the investigation and resolution process prior to, during, and/or afterwards;
- Failure to abide by the terms of university administered sanctions;
- Influencing or attempting to influence another person to commit an abuse of the investigation and resolution process; and/or
- Failure to cooperate fully with the IA (applies to employees only).

¹⁵ The DA is the decision-making entity specified in university rules. This may be an administrator or a hearing officer/panel but may not include a person with a clear conflict of interest (e.g., supervisor, subordinate, and/or family member of either party) or personal bias. The role of the DA is to determine whether or not allegations of misconduct rise to the level of a violation of System Regulation 08.01.01 based on the evidence provided and utilizing the preponderance of the evidence standard. The DA cannot have served as an investigator nor may they later serve as an appellate authority in the same case. Title IX Coordinators may not serve as a DA in any case involving an allegation of discrimination or harassment based on sex. The AA is any individual or panel responsible for rendering appeal decisions as specified in university rules. The role of the AA is to review the process by which an original decision was reached and render an appellate decision, consistent with the grounds for appeal. Title IX Coordinators may not serve as an AA in any case involving an allegation of discrimination or harassment based on sex. All persons serving as DAs, AAs, and IAs will be impartial and free of conflicts of interest or bias for or against the complainant or the respondent. Parties who are concerned about the impartiality of an individual serving in one of these roles should submit their concerns, in writing, to the Chief Risk, Ethics, and Compliance Officer (civilrights@tamu.edu) who may designate alternative individuals to fulfill any of these roles.

Students, employees, and third parties who are found responsible for abuse of the investigation and resolution process are subject to the sanctions as described in this policy.

During the investigation, the complainant and the respondent will have an equal opportunity to be heard, submit information and corroborating evidence, identify witnesses who may have relevant information, and submit questions to be asked of the other party. Questions for the other party will be asked by and at the discretion of the IA. The IA will meet separately with the complainant, the respondent, and any witnesses, and will gather other relevant and available evidence and information. The IA may also consult medical, forensic, technological, or other experts when expertise is needed in order to achieve an understanding of the issues under investigation.

Witnesses must (1) have observed the acts in question, (2) have information related to or relevant to the incident, or (3) have information about impact, mitigation, aggravation, and/or character in order to participate in the investigation process.

Investigations provide both the complainant and respondent the same opportunities to have others present during any institutional proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor¹⁶ of their choice. The advisor may be present at any time in which the party participates in the investigation and resolution process, including the filing of the complaint, the interview with the IA, and all other meetings or proceedings related to the investigation and resolution of the complaint. Proceedings will not limit the choice of advisor allowing a party to select any person to be an advisor, including legal counsel.

If the allegations are related to sexual harassment or sex-based misconduct, a party must have an advisor for the hearing to provide guidance and to conduct cross examination. If a party does not have an advisor for a hearing involving sexual harassment or sex-based misconduct allegations, the university will appoint an advisor for the party. To the extent reasonably possible, the university will provide a party without an advisor with a list of trained advisors and allow the party to select an advisor to be appointed from the list.

Restrictions regarding the extent to which the advisor will participate in the proceedings may be established and applied equally to both parties. In all instances, the advisor's participation will be limited to the role of an observer, except that the advisor will (1) conduct the cross examination during a hearing on allegations of sexual harassment and sex-based misconduct and (2) provide support and guidance to their party. An advisor can be barred from being present during the investigation and resolution process if, in the judgment of the IA, the DA, the AA, or the Assistant Vice President and Title IX Coordinator, the advisor attempts to advocate on behalf of a party (other than cross-examination), or is otherwise disruptive. All parties, including advisors, are informed of participation restrictions before a proceeding is conducted so that parties understand and respect the limitations.

When the university is made aware that there is a concurrent criminal investigation, CREI may inform the law enforcement agency that a university investigation is also in progress; ascertain the status of the criminal investigation; and determine the extent to which any evidence collected by law enforcement may be available to the university in its investigation.

¹⁶ An advisor is an individual selected by each complainant and respondent to provide guidance, support, or advice during the investigation and resolution process and to conduct cross-examination when a complaint is referred to a formal hearing. An advisor may be an attorney. The university may appoint an advisor of the university's choice for a complainant or respondent for a hearing if either party does not have an advisor present. Advisors may not otherwise represent or speak for the party they are advising. Each party is allowed one advisor, although the university may establish circumstances under which a second advisor would be permitted (e.g., accommodating a party with a disability).

At the request of law enforcement, the university may temporarily defer part or all of the investigation until after the initial evidence-gathering phase of the law enforcement investigation is complete. The IA will communicate with the parties (as appropriate) about the law enforcement agency's request to the extent allowed by law; the university's obligations and supportive measures; procedural options; anticipated timing; and the implementation of any necessary interim measures for the safety and well-being of all affected individuals.

Standards for the resolution of criminal allegations are different than the standards for resolution of a violation of System Regulation 08.01.01 and/or any other university policy, rule, SAP, or code; therefore, the university will not base its decisions on any law enforcement determination and/or the outcomes of any criminal proceedings.

Within 30 business days, the IA will prepare an initial draft investigation report at the conclusion of the investigation and provide it to OGC for review. The initial draft investigation report includes the following but does not contain speculation, opinions, findings, decisions, or recommendations for sanctions¹⁷:

- statement of the allegation(s)
- listing of individuals interviewed including dates of the interviews
- all inculpatory evidence (evidence that would tend to support a finding that a respondent is responsible for the alleged misconduct) that is directly related to the allegations
- all exculpatory evidence (evidence that would tend to support a finding that a respondent did not commit the alleged misconduct) that is directly related to the allegations
- credibility assessments which may not be based on an individual's status as a complainant, respondent, or witness
- listing of relevant documents attached to the report as exhibits

The IA has the sole discretion to determine the relevance of evidence and whether it should be included in or excluded from the investigation report. OGC will coordinate with SECO and provide its review of the initial draft investigation report to the IA within 10 business days.

The IA will have 5 business days to create a final draft investigation report and share that document electronically with both the complainant, respondent, and their advisors, if any. The university provides parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including the evidence upon which the university does not intend to rely in reaching a determination regarding responsibility, and inculpatory or exculpatory evidence related to the allegations whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation. This includes sending to each party and the party's advisor, if any, the final draft investigation report (with exhibits) subject to inspection and review. Both the report and the collected evidence will be unredacted to the extent allowed by law.

The complainant and the respondent will be given 10 business days to review the final draft investigation report and evidence and submit a written response to the IA for the IA to consider prior to final completion of the investigative report. A party's response may include: (1) written comment or feedback; (2) additional evidence or information; (3) the names of additional witnesses or a request for the collection of other information by

¹⁷ The investigation report for a non-sex based civil rights complaint must also include the IA's conclusion, based on the preponderance of the evidence, whether or not the alleged behavior/conduct occurred, did not occur, or there was insufficient evidence to establish that the behavior occurred or not, but will not determine whether or not the behavior establishes a violation of system or university regulations or rules.

the IA; and/or (4) questions to be asked (at the discretion of the IA) of the other parties or witnesses. If a party's response to the final draft investigation report includes new evidence/information/witness names that were not provided to the IA during the original investigation, the party must submit a written explanation as part of the response as to why the evidence/information/witness names were not originally provided to the IA. The IA has the discretion to disregard or accept new information/evidence/witness names. A party may not withhold information/evidence/witness names, refuse to answer question(s) or participate in the original investigation and then provide the information for the first time at party review. The IA must explain to the party proposing the questions any decision to exclude a question as repetitious or not relevant. A party's written response, if any, will be shared with all other parties and incorporated in the investigation report as an exhibit.

While it is the IA's responsibility to undertake a thorough search for relevant facts and evidence and to gather evidence sufficient to reach a determination regarding responsibility, the IA must conclude the investigation within a reasonably prompt time frames and without the power of subpoena.

At the conclusion of the review and respond period, the IA will determine if the final draft investigation report should be amended with any new information or evidence. If necessary, the IA may pursue additional investigative steps. The IA will have 10 business days to complete this process.

The IA will then have 5 additional business days to prepare a final report (as amended, if applicable), and forward it along with exhibits, responses from the parties, and other information directly related and relevant to the allegations, to OGC and SECO for legal review. OGC and SECO will then have 5 business days to provide feedback to IA. The latter review provided by OGC and SECO may be waived by mutual agreement between the university and OGC/SECO if no substantive changes were made following the initial review. After receiving the legal review, the IA will have 5 business days to finalize the investigation report and submit to the parties and to the DA for decision-making and sanctions.

Circumstances may warrant extensions to the time frames in this section. The IA should send an extension request, if needed, to CREI. Both the complainant(s) and the respondent(s) are notified of any extensions in writing.

The respondent is presumed to not have engaged in prohibited conduct until the DA finds that there is sufficient evidence based on a preponderance of the evidence to find that the respondent has violated System Regulation 08.01.01 and/or Rule 08.01.01.M1. If violation(s) are found, the DA may issue sanctions.

Procedures governing the resolution of all sexual harassment and sex-based misconduct allegations

The university's Chief Risk, Ethics, and Compliance Officer will appoint a university official and/or a hearing officer to be the DA. The university official and/or hearing officer will render decisions in cases with allegations against employees, third parties, and students¹⁸.

The DA will review the unredacted final investigation report, the documentary evidence, the record of the hearing (if applicable), and any other relevant information. The DA or designee will provide the final investigative report and exhibits to the parties. The parties will also be provided a pre-hearing conference to review the hearing process as well as to explore any available options for informal resolution. The parties have at least 10 business days to review the final investigative report and to respond in writing to the DA (if desired)

¹⁸ Exceptions: The chancellor or designee will serve as the DA in complaints against the Texas A&M President or an employee who reports directly to the Texas A&M President; a Chief Operating Officer or an employee who reports directly to the Chief Operating Officer; or an employee who works in the department of CREI. The chair of the Board of Regents or designee will serve as the DA in complaints against the chancellor or an employee who reports directly to the chancellor.

prior to the hearing. The DA has the sole discretion to determine the relevance of evidence and whether it should be heard at a hearing. Neither the Texas Rules of Evidence nor the federal Rules of Evidence apply in university hearings. At any time prior to the adjudication of a formal complaint, the parties may seek informal resolution to resolve the complaint.

Unless waived by the parties, following the pre-hearing conference the parties will be given a minimum of 5 business days notice of any formal hearing. The notice must include the date, time, and location of the hearing, as well as instructions for those participating in hearings through online means.

The DA will conduct a live hearing¹⁹ to allow the parties to question witnesses, submit evidence or information, and to allow the DA and the parties' advisors to cross-examine other parties or witnesses. The complainant and the respondent at a hearing must have an advisor with them. In cases in which a party does not have an advisor, the university will provide a trained advisor to assist them in the hearing process.

Cross-examination of the complainant, respondent, and any witnesses may not be conducted by the opposing party but must be conducted by their advisor. Questions are to be directed to the DA, who will determine whether or not each question will be admitted into the hearing. If a question is deemed repetitious or not relevant, the decision-maker must explain the decision to exclude it. When parties are being subject to cross-examination, the advisor may not answer on behalf of the party.

The DA will preside over the hearing and make final determinations on the relevance of questions and evidence asked during the cross-examination. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the alleged conduct, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The DA cannot draw an inference regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

Following the hearing, the DA will develop a draft result²⁰ (hereafter called decision), based on the preponderance of the evidence, as to a) whether or not the alleged conduct occurred; and b) whether each allegation is substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01 and/or Rule 08.01.01.M1. If applicable, the DA will also include a decision as to whether the respondent violated any other university regulation, code, policy, SAP, or rule. If the DA determines that any regulations, policies, rules, SAPs, or codes have been violated, the DA will consider any information about impact, mitigation, aggravation, and the respondent's character (see factors listed in the Sanctioning Considerations section) and include a decision about sanctions. The DA will submit the draft to SECO within 2 business days. SECO will have a maximum of 3 business days to provide feedback to the DA.

Thereafter, the DA will have a maximum of 3 additional business days to issue a decision letter. The decision letter must be sent simultaneously to notify the parties, in writing, of the decision on responsibility and sanctions except when to do so would violate state or federal law [e.g. Family Education Rights and Privacy

¹⁹ Hearings will be closed to the public. The university will create an audio or audiovisual recording, or transcript, of any live hearing and make it available to the parties for inspection and review. Physical access to the recording or transcript must be provided upon request for the purpose of preparing an appeal following the hearing. Attendance at a hearing may be in person or may be conducted through remote means, provided that all parties and the DA can see and hear one another in real time during the course of the hearing.

²⁰ Result is defined as any initial, interim and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanction imposed by the institution.

Act (FERPA)]. The decision must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, the decision letter must include the rationale for the decision and the sanctions²¹. The decision will include information about appealing the decision and/or sanctions.

Decision letters must include (1) identification of the allegations; (2) a description of the procedural steps taken from the receipt of a formal complaint through determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held, if any; (3) a finding for each allegation as to whether the conduct occurred and findings of fact supporting the determination; (4) conclusion regarding the application of the university's conduct standards to the facts; (5) a statement of, and rationale for, the result as to each allegation including a determination regarding responsibility (substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01 and/or Rule 08.01.01.M1), any disciplinary sanctions the university imposes on the respondent, and whether remedies designed to restore or preserve equal access to the university's education program or activity will be provided by the university to the complainant, and; (6) the university's procedures and permissible bases for the complainant and respondent to appeal the decision and/or sanctions. If it was alleged that any other system regulations or university rules, SAPs, codes, or policies were violated, there will be a statement of responsibility as to these allegations as well. The decision on responsibility made by the DA does not constitute an employment action with respect to faculty and non-faculty employees. Any sanction against an employee, imposed as a result of a substantiated finding, will constitute an employment action.

If for any reason there is reasonable cause for the university to delay the issuance of the decision letter, this will be communicated to the parties by the DA or designee. If a student respondent withdraws or graduates from the university pending the resolution of a complaint, the process will continue and, the university will not issue a transcript on behalf of the student until the conclusion of the process.

Upon request by another postsecondary educational institution, the university must provide to the requesting institution any determination that a student violated the university's code of conduct by committing sexual harassment, sexual assault, sex-based misconduct, dating violence, domestic violence, and/or stalking based on sex.

The goal is to resolve complaints in a reasonably prompt timeframe; however, extenuating circumstances requiring additional time may necessitate an extension for good cause. Written notice of the delay and the reason for the delay is provided to the complainant and the respondent by CREI or designee.

Procedures governing the resolution of other civil rights complaints (pay disparities and/or program inequities, excluding [hostile environment](#), and allegations other than sexual harassment and sex-based misconduct)

Following are the resolution procedures for pay disparities and/or program inequities, excluding hostile environment, and non sex-based complaints based on race, color, religion, national origin, age, disability, genetic information, and/or veteran status. When a complaint involves allegations of misconduct that involve both sex-based allegations and allegations of other civil rights violations, the process shall be conducted under the requirements established for sex-based offenses.

The DA will review the unredacted final investigation report (see footnote 16), the documentary evidence, and any other relevant information. If the DA has substantial doubts about the thoroughness, fairness, and/or

²¹ The decision of the DA will include how the university weighted the evidence and information presented during the hearing, how the evidence and information support the decision and sanctions, and how the standard of evidence was applied.

impartiality of the investigation, the DA may refer the matter back to the IA with further instructions, which could include the appointment of a different IA. At any time prior to the adjudication of a formal complaint, the parties may seek informal resolution to resolve the complaint.

The DA will develop a draft decision (see footnote 19), based on the preponderance of the evidence, as to a) a finding for each allegation as to whether conduct occurred; and b) a finding of responsibility for each allegation: substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01 and/or Rule 08.01.01.M1. If it was alleged that any other system regulations or university rules, SAPs, codes, or policies were violated, there will be a statement of responsibility as to these allegations as well.

The DA will submit the draft decision to OGC within 5 business days after receiving the final investigation report and consult, as needed, with respect to sanctioning. OGC will coordinate with SECO and provide its review of the draft decision within 5 business days. For a complaint against a student, it may be impractical for OGC to review the intended decision prior to issuance by the DA. Universities are therefore exempt from obtaining OGC review of the decision, for student complainants, prior to issuance but may request assistance from OGC and SECO when needed.

The DA will have 5 business days to finalize the decision and simultaneously notify the parties, the IA, and any other university official with a need to know, in writing, of the decision and sanctions. In cases in which the allegations are substantiated, the final decision will also be provided to an employee respondent's supervisor. The decision must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, in the decision, the DA will state the rationale for the decision and the sanctions, if any (see footnote 21). The final decision will include instructions for appealing the decision and/or sanctions.

Circumstances may warrant extensions to the time frames in this section. The DA should send an extension request, if needed, to the office or individuals who appointed them. Both the complainant(s) and the respondent(s) should be notified of any extensions in writing.

Sanctioning Considerations

In determining appropriate sanctions, many factors may be considered. Factors include, but are not limited to:

- the expressed wishes of the complainant(s),
- the nature of the conduct,
- the impact of the conduct on the complainant(s) and university community and the need to protect the safety of the university community,
- prior disciplinary history of the respondent,
- whether the respondent has accepted responsibility for the conduct,
- the necessity of any specific action in order to eliminate the discrimination, harassment, and/or retaliation and prevent its recurrence, as well as the need to remedy its effects on the complainant(s) or other university community members, and/or
- any other mitigating, aggravating, or compelling circumstances.

Sanctioning for Employees

If an employee is found to have engaged in sexual harassment or sex-based misconduct, the sanction will be termination of employment. If an employee is found to have engaged in conduct prohibited by System Regulation 08.01.01 and/or Rule 08.01.01.M1 (other than sexual harassment and/or sex-based misconduct),

the DA may assign appropriate sanction(s) which may have educational, restorative, punitive, and rehabilitative components. Sanctions include written warning or reprimand, required training and/or attendance at counseling, no contact directives, probation, suspension, and termination.

If an employee is found responsible for violating any other rule, policy, SAP, code, or regulation, the DA may assign appropriate sanction(s) or may refer the sanctioning to any other appropriate university administrator.

Sanctioning for Students

If a student is found responsible for sexual harassment or sex-based misconduct, the student will be sanctioned in accordance with the [Texas A&M University Title IX Cumulative Student Sanctioning Matrix](#) which is described in the following table. Behavior examples identified in the table are not intended to represent an exhaustive listing of sexual harassment or sex-based misconduct. If a student is found responsible for engaging in any other form of conduct prohibited by System Regulation 08.01.01 or Rule 08.01.01.M1, or if the student is found responsible for violating any other university rule or System regulation, the DA will assign appropriate sanctions which may have educational, restorative, and rehabilitative components and/or may place a student in a probationary or review status or separate the student from the university.

The Stage 4 sanction is expulsion. The Stage 3 sanction is suspension. The Stage 2 sanction is conduct probation. Stage 1 sanctions include conduct reviews, restrictions, restitution, community/university service, educational requirements, and letters of reprimand. Texas A&M University sanctions are defined below.

Texas A&M Student Sanctioning Matrix - Stage 4 Sanctions

Expulsion: Separation of the student from the university whereby the student is not eligible for readmission to this University.

Texas A&M Student Sanctioning Matrix - Stage 3 Sanctions

Letter of Enrollment Block: A letter stating that the student may not reenter Texas A&M University without prior approval through CREI or the Vice President for Student Affairs or designee if enrollment has been blocked for a previous student conduct problem.

Suspension: Separation of the student from the university for a definite period of time. The student is not guaranteed readmission at the end of such period of time, but is guaranteed a review of the case and a decision regarding eligibility for readmission. The suspension takes effect when the appeal for the offense is exhausted, waived or time limit has passed. Suspensions may be implemented in one of two ways: immediate implementation of suspension or deferred implementation of suspension. The sanction of suspension may be placed in deferred status. If the student is found in violation of any university's regulations, policies, rules, codes, or SAPs during the time of deferred suspension, the suspension takes effect immediately without further review. Additional student conduct sanctions appropriate to the new violation also may be applied. A student who has been issued a deferred suspension sanction is deemed "not in good standing²³" with the university.

At the end of the suspension period, the student is eligible for reenrollment. Actual admission to the university will be determined by the academic rules in place at the time of application for reenrollment. If admitted, the student is required to attend a mandatory meeting with the Student Conduct Office (979-847-7272) prior to course registration.

Texas A&M Student Sanctioning Matrix - Stage 2 Sanctions

Conduct Probation: An official warning that the student's conduct is in violation of Texas A&M University regulations, policies, rules, codes, or SAPs, but is not sufficiently serious to warrant expulsion or suspension. A student on conduct probation is deemed "not in good standing" with the university (see footnote 22). If there is a finding of responsibility for subsequent violations of the university's regulations, policies, rules, codes, or SAPs during this period of time, more severe sanctions may be administered.

²³ A student who is not in good standing is subject to the following restrictions: (1) Ineligibility to hold an office in any student organization recognized by the university or to hold any elected or appointed office of the university. (2) Ineligibility to represent the university in any way, including representing the university at any official function, intercollegiate athletics or any forms of intercollegiate competition or representation. This includes events taking place both on and off of the university campus. (3) Ineligibility to receive a university administered scholarship when the length of the period of not in good standing is greater than one semester. Some scholarships adhere to more strict guidelines, and, therefore, ineligibility may result from a lesser length of not in good standing. This sanction implies a serious offense and must be uniformly applied by the office administering the scholarship upon notification by CREI. (4) Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct.

Texas A&M Student Sanctioning Matrix - Stage 1 Sanctions

Conduct Review: An official warning that the student's conduct is in violation of Texas A&M University regulations, policies, rules, codes, or SAPs, but is not sufficiently serious to warrant expulsion, suspension, or conduct probation. A student on conduct review shall have their conduct under review for a specified period of time. This sanction may require regular meetings with an appropriate official to ascertain and evaluate compliance with student rules. Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct. Students placed on this sanction remain in good standing with the university. If there is a finding of responsibility for subsequent violations of regulations, policies, rules, codes, or SAPs during this period of time, more severe sanctions may be administered.

Restrictions: The withdrawal of specified privileges for a definite period of time, but without the additional stipulations contained in the imposition of a sanction which results in a student being not in good standing. The restrictions involved will be clearly defined.

Restitution: A payment for financial injury to an innocent party in cases involving theft, destruction of property or deception. The assessed costs to be paid may be in addition to receipt of any of the above sanctions.

Community/University Service: A student may be offered an opportunity to complete a specified number of hours of community/university service. The type of community/university service must be approved by the respondent's CREI Case Manager.

Educational Requirements: A provision to complete a specific educational requirement. Such educational requirements may include, but are not limited to, completion of an alcohol education workshop, a diversity awareness workshop, essays, reports, reflective writing assignments, etc.

Letter of Reprimand: A letter that makes a matter of record any incident that reflects unfavorably on the student or the university.

Minimum Sanctions

In addition, students found responsible for committing dating or domestic violence and/or non-consensual sexual penetration of another person will be subject to a minimum sanction of a one-year suspension, in the absence of significant mitigating factors. Students found responsible for these acts who have demonstrated predation for the purpose of carrying out these acts will be subject to permanent expulsion.

Students found responsible for committing acts of sexual harassment, sexual assault, dating violence, domestic violence, stalking based on sex, and/or any other sex-based misconduct who are allowed to return after a suspension of one year or more will be ineligible to hold an office in any student organization, ineligible to represent the university in any way (including intercollegiate athletics or other competitions, both on and off campus), and ineligible to receive an institutional scholarship, in the absence of significant mitigating factors.

Campus Housing Sanctions

In addition to the sanctions specified in the [Texas A&M University Title IX Cumulative Student Sanctioning Matrix](#), occupants of each residence hall, by majority vote, have the power to establish additional "in house" rules approved by the Department of Residence Life. Generally, "in house" rule infractions are handled by Residence Life staff. Campus housing sanctions are described below.

Loss of Campus Housing Privilege: Removal from university housing for conduct reasons.

Deferred Loss of Campus Housing Privilege: The sanction of loss of campus housing privilege may be placed in deferred status. If a student is found in violation of any university rule during the time of the deferred sanction, removal from housing takes effect immediately without further review. Additional student conduct sanctions appropriate to the new violation also may be taken. In addition, a student is ineligible to hold an elected or appointed office in any affiliated housing organization. This includes but is not limited to the following offices/positions: president, vice president, secretary, treasurer, Residential Housing Association delegate.

Campus Housing Probation: An official notice that the student's conduct is in violation of residence hall rules, university apartments rules and/or university rules and that more stringent student conduct sanctions, including removal from housing, may result if future violations occur. In addition, a student is ineligible to hold an elected or appointed office in any affiliated housing organization. This includes but is not limited to the following offices/positions: president, vice president, secretary, treasurer, Residential Housing Association delegate.

Corps of Cadets Sanctions

In addition to any of the sanctions listed in this section, members of the Corps of Cadets are subject to disciplinary action in accordance with Corps Operations Manual.

Appeals procedures governing the resolution of all sexual harassment and sex-based misconduct allegations

An appeal of the Title IX Coordinator's complaint dismissal, hearing decision, and/or sanctions related to an allegation of sexual harassment or sex-based misconduct may be made by the complainant and/or the respondent. The AA, the individual or panel responsible for rendering appeal decisions, is assigned based on the status of the respondent in accordance with the following table. AAs shall not have had any previous involvement and/or participation in the investigation and/or decision pertaining to an appeal under review.

If the allegations are against a:	Student	Non-Faculty Employee and Third Party	Faculty Employee
Then the AA is:	University Disciplinary Appeals Panel (UDAP) who may refer the appeal to the Director of the Student Conduct Office or designee https://student-rules.tamu.edu/rule58/	Vice President for the Division of Human Resources and Organizational Effectiveness or designee https://policies.tamus.edu/32-01-02.pdf	Provost and Vice President for Academic Affairs or designee who may seek an advisory opinion from the University Committee on Faculty Disciplinary Appeals (UCFD) before rendering decision

All appeals will be confined to a review of the record from the investigation and any relevant evidence, as well as the DA's decision as related to the grounds for appeal. The appeal does not create an entitlement to a new investigation. The appeals process carries a presumption that the original decision was correct unless a preponderance of the evidence demonstrates that one or more of the conditions of the appeal are met, and that either or both parties was deprived of a fair process.

Appeals must be submitted in writing and must include a statement outlining the basis for the appeal²⁴ and any evidence which supports the appeal. Appeals must be filed at the location and within the timeframe dated in the DA's written notice of the decision (within 5 business days of notification of the decision). Decisions made by the DA shall not be final until an appeal deadline is passed, or when the appeal process is exhausted, or when all parties choose not to appeal.

To be a valid appeal, the appeal must: (1) be filed at the location and within the time frame stated in the DA's written notice; (2) identify one of the bases for appeal (see footnote 23); and (3) provide credible information or evidence substantiating the identified bases for appeal.

If the AA determines that an appeal is not valid, the AA will provide simultaneous written notice to the parties and CREI that no valid appeal was filed and that the decision of the DA is final and the case is closed.

If a timely and valid appeal is filed by either party, the other party will be notified as soon as practical thereafter by the AA. The parties will be given 3 business days to review the appeal and submit a written response a) that provides support for or challenges the decision by the DA, and b) that responds to the appeal bases submitted by the appealing party. Any written response must be submitted to the AA.

The AA will review the Title IX Coordinator's letter of dismissal, the investigation report, the DA's decision, the documentary evidence, the record from the hearing (if applicable), or any other relevant information and render a written decision on the appeal. If both parties file a valid appeal, the AA will review both appeals and will render decisions accordingly.

The AA will render one or more of the following written decisions:

- Affirm the DA's decision on responsibility and, if applicable, the sanctions. There are no relevant issues of concern related to the ground(s) of the appeal, and, therefore, the decision is affirmed and final.
- Remand the complaint back to the DA because new evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, appears to be relevant and could have significantly affected the outcome of the decision on responsibility, dismissal of the complaint, or the sanctions. The DA will reconvene the hearing for the limited purpose of considering the new evidence. The DA will issue a new decision which may be appealed by the parties in accordance with the previously described appeal procedures.
- Remand the complaint back to the DA with an instruction to correct the procedural error or omission. If the procedural error occurred in the investigation phase, the DA will instruct the IA to correct the procedural error or omission and amend the Investigative Report, as appropriate. The IA will then submit the amended investigative report to the parties for review and response and then to the DA for a new decision in accordance with formal resolution procedures. If the procedural error occurred in the resolution phase, the DA will correct the procedural error or omission and then issue a new decision in accordance with the formal resolution procedures. The new decision of the DA may be appealed by the parties in accordance previously described appeal procedures.

²⁴ Results (decision and/or sanctions) or dismissal of a complaint can be appealed on any of all of the following bases, as applicable: (a) A procedural irregularity that affected the outcome; (b) New evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter. The new evidence must be provided at the time of the appeal through the designated mechanism for filing an appeal; (c) The Title IX Coordinator, investigator(s) or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or (d) The appropriateness or severity of the sanctions. If an employee was found to have sexually harassed another member of the university or agency community, the appropriateness or severity of the sanction cannot be appealed.

- Remand the complaint to 1) CREI or 2) SECO with the instruction to remedy a bias by the IA or DA or the Title IX Coordinator. If bias was present in the IA, CREI will appoint a new IA to review the investigation, collect additional evidence or information as appropriate, and follow the investigation requirements as outlined in the formal resolution procedures. A new report will be written and provided to the DA for a new hearing. If the bias was present in the DA, CREI will appoint a new DA to re-hear the case with the existing investigation. If the bias was present in the Title IX Coordinator, SECO will appoint a new staff member to address the influence of the Title IX Coordinator on the case.
- Modify the decision on sanctions because the sanctions given were inappropriate or disproportionate to the severity of the conduct after considering all the circumstances²⁵. The AA will impose new sanctions, which are final.

Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, the AA will render a written decision simultaneously to the parties that includes a rationale for the decision as to each of the grounds appealed, changes occurring based on appeal, and when such results become final (see footnote 21).

To the extent reasonably possible:

- For student respondents: The AA will provide the written decision simultaneously to the parties and CREI within 10 business days following the 3 business day review deadline. AAs are exempt from obtaining OGC review of decisions for student respondents prior to issuance but may request assistance from OGC and SECO when needed.
- For employee or third-party respondents: The AA will provide a draft decision to OGC for review within 5 business days following the 3 business day review deadline. System Office officials will provide its review of the draft decision to the AA within 5 business days. To the extent possible, the AA will provide a final written decision simultaneously to the parties and CREI within 5 business days of receipt of the review from the System Office. If the complaint on appeal is substantiated, the respondent's supervisor will also be informed.

The decision of the AA is considered be final and binding on all involved parties. Circumstances may warrant extensions to the timeframes outlined in this section. The AA may send an extension request to the office or individual who appointed them with a rationale for an extension. If the extension is granted, the AA will notify the parties and CREI in writing.

Appeal procedures governing the resolution of other complaints (allegations other than sexual harassment and sex-based misconduct)

Any employee disciplined pursuant to this regulation may appeal that action in accordance with [System Policy 12.01, Academic Freedom, Responsibility and Tenure](#); [System Policy 32.01, Employee Complaint and Appeal Procedures](#); [System Regulation 32.01.01, Complaint and Appeal Process for Faculty Members](#); [System Regulation 32.01.02, Complaint and Appeal Process for Nonfaculty Employees](#); and/or other system policies or regulations as appropriate.

Any student receiving a sanction of separation (expulsion or suspension) pursuant to this regulation may appeal the sanction in accordance with the code of conduct for student grievances, [Student Rule 51, Student Conduct Separation and Appeal](#).

²⁵ If an employee was found to have sexually harassed another member of the university or agency community, the AA may not render a decision which modifies the sanctions.

Extensions

The university will make every reasonable effort to comply with the timelines contained in this procedure. However, extensions may be obtained by the IA, DA, or AA, as appropriate under the circumstances. Time frames for the receipt, investigation, and adjudication of complaints may be extended for good cause. Good cause is to be determined by the university in consultation with OGC and SECO and reasonable extensions may be granted at the discretion of the university. Circumstances that warrant an extension may include, but are not limited to:

- Temporary unavailability of the complainant(s), respondent(s) or witnesses;
- Delays in issuance and/or receipt of information to or from the IA;
- Temporary unavailability of the IA, DA, or AA due to illness, family needs or professional commitments;
- Holidays or other periods when the complainant, respondent, witnesses, or other university employees may be unavailable; and/or
- New allegations, new evidence, new witnesses, or any other fact or circumstance that would require further investigation.

All requests for extensions must be justified in writing and shall be sent by the IA, DA, or AA to DREC for review and approval by the Chief Risk, Ethics, and Compliance Officer or designee. CREI will simultaneously notify the complainant and respondent in writing of any extensions and the reason for the extensions.

Dismissals under Title IX

Cases involving allegations of sexual harassment, sexual assault, and dating violence, domestic violence, and/or stalking based on sex are subject to mandatory or discretionary dismissal from the Title IX process²⁶ under federal law. However, at the discretion of the Title IX Coordinator, in consultation with OGC and SECO, cases dismissed from the Title IX process may be subject to investigation and adjudication as sex-based misconduct which provides for the same investigation and resolution process as cases meeting sexual harassment under Title IX.

Mandatory dismissals

If the conduct alleged in the formal complaint would not constitute sexual harassment as defined even if proved, did not occur in the university's education program or activity, or did not occur against a person in the United States, then the university must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX only. Such dismissal does not preclude action under

- Sex-based Misconduct procedures or
- Another provision of the university's conduct standards.

Discretionary dismissals

The university may dismiss a formal complaint for the purposes of sexual harassment under Title IX if the complainant notifies the Title IX Coordinator in writing that the complainant wishes to withdraw it, if the

²⁶ Complaints will be processed under Title IX if all of the following apply: (1) The university has actual knowledge of a notice of sexual harassment or a complaint involving allegations of sexual harassment, sexual assault, and/or dating violence, domestic violence, and stalking based on sex to the Title IX Coordinator or any university official who has authority to institute corrective measures and redress harassment on behalf of the university including Deputy Title IX Coordinators, the Chief Risk, Ethics and Compliance Officer, the Director of Employee Relations, the Vice President for Human Resources, Faculty Affairs, the Office of the Provost, the Vice President for Student Affairs or designee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge; (2) A formal complaint is filed by the complainant or signed by the Title IX Coordinator; (3) The alleged behavior/conduct must have occurred against a person while in the United States; (4) At the time the formal complaint was filed, the complainant was participating or attempting to participate in the university's education program or activity. This includes an enrolled student, an employee, and applicants for admission or employment at the university, and; (5) The alleged conduct meets the definition of sexual harassment as set forth in this policy.

respondent is no longer enrolled or employed by the university, or if specific circumstances prevent the university from collecting evidence sufficient to reach a determination (for example, when the complainant has ceased participating in the process; in certain fact specific cases when the passage of time precludes the collection of sufficient evidence; when complainant's identity is not known; and when the exact same allegations have already been investigated and adjudicated). Such dismissal does not preclude action under

- Sex-based Misconduct procedures or
- Another provision of the university's conduct standards.

Upon a dismissal required or permitted pursuant to the above, the university must promptly send written notice of the dismissal and the reason(s) therefore simultaneously to the parties. The parties must be given the opportunity to appeal a dismissal to the designated AA in accordance with the appeal procedures referenced above.

Primary Prevention and Awareness Programs²⁷

The university engages in primary prevention programs that are directed at incoming students and new employees. The primary programs are defined as programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexual interactions, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Texas A&M University provides culturally relevant, inclusive primary prevention and awareness education to incoming students and new employees to clearly define sexual assault, dating violence, domestic violence, stalking, and consent in reference to sexual activity (as defined by the institution, the purposes for which the institutional definition is used, and as defined in the applicable jurisdiction). The programs identify sexual assault, dating violence, domestic violence, and stalking as conduct prohibited by the university and provide information regarding bystander intervention, risk reduction in recognizing warning signs of abusive behavior, ways to avoid potential attacks, and individuals' rights and options. The training includes procedures individuals should follow if sexual assault, dating violence, domestic violence, or stalking occurs and procedures the institution will follow when one of these behaviors is reported. This includes, but is not limited to, the importance of preserving evidence; options for notifying law enforcement and campus authorities; procedures for institutional disciplinary action and conduct proceedings; possible sanctions following a proceeding; on-campus and community resources (existing counseling, health, mental health, advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services); rights and options for obtaining lawful orders; options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or supportive measures; how the institution will protect the confidentiality of victims and other necessary parties; and protection from retaliation.

Primary prevention and awareness programs offered by the university include the following:

- Health Promotion within Student Life facilitates a session at new student conferences (orientations) that includes bystander intervention, consent, and options for reporting discrimination, harassment,

²⁷ For the purposes of this section awareness programs means community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration. Programs to prevent dating violence, domestic violence, sexual assault, and stalking means comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, assessed for value, effectiveness, or outcome; and consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.

and sexual violence. The session is mandatory for incoming, undergraduate freshmen and transfer students.

- Similar sessions are provided by Student Life to incoming graduate and professional students at new graduate student orientations overseen by the Graduate and Professional School (GPS). Primary prevention and awareness information is provided at these orientations in addition to related institutional procedures and resources. Prior to the fall semester, the GPS orientation materials are also emailed to the entire university graduate community, including to those at remote locations, and published online.
- Student Life, the Student Conduct Office, and CREI offer sessions at various extended orientation programs (Fish Camp, T-Camp, ExCEL, etc.) and to various segments of the student community (residence advisors, Corps of Cadets, student athletes, fraternities and sororities, other student leader groups) at the beginning of each semester.
- The university requires a mandatory online training module (Sexual Assault Prevention) focused on sexual harassment, sexual assault, dating violence, domestic violence, and stalking. Each semester, the training is sent to all incoming Texas A&M University undergraduate, graduate, and professional students. New students are required to complete this training at all campuses with the exception of Texas A&M University Qatar.
- The Corps of Cadets Discipline Officer and personnel from the Student Conduct Office and CREI provide semi-annual training for all cadets, focusing on sexual harassment, sexual assault, and related discipline.
- The new student handbook, available to students electronically through a link they receive in an email from Student Life, contains information on sexual assault, dating violence, domestic violence, and stalking; awareness; rights; resources; and options available through the CREI department.
- Crime prevention and safety information, some specifically targeting sexual violence, date rape, and stalking, is shared online through the New Student Conference Resource Table website.
- New employees receive primary prevention information through a web-based *Creating a Discrimination Free Workplace* training mandated by The Texas A&M University System. All employees are required to complete the training every two years thereafter.

Ongoing Prevention and Awareness Campaigns

The university engages in ongoing prevention and awareness campaigns that are directed at students and employees. The ongoing campaigns are defined as programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking using a range of strategies with audiences throughout the institution. The same information included in the institution's primary prevention and awareness programs is incorporated into ongoing prevention and awareness campaigns. Various departments on campus support ongoing campaigns for students and employees as described below.

Ongoing prevention and awareness campaigns offered by the university include the following:

Health Promotion (including an interpersonal violence unit) provides Green Dot Bystander Intervention training that addresses the dynamics and frequency of sexual assault; safety against and prevention of sexual assault, dating violence, domestic violence, and stalking; recognizing signs of unhealthy relationships; and active bystander intervention. Through Green Dot training, participants learn how to use the 3 D's (direct, delegate, and distract) to intervene in any acts of power-based personal violence they may witness. Health Promotion furthers prevention of power-based interpersonal violence at the university by offering Green Dot and other education and training on the topics of bystander intervention, consensual language, healthy relationships, and responding to and assisting survivors of sexual assault. These programs occur throughout the year and are available upon request. Presentations are provided for classes, student organization meetings, orientations,

residence hall programs, and other events. Following is Health Promotion contact information: <https://studentlife.tamu.edu/hp/presentations/>, healthpromotion@tamu.edu or 979-845-0280).

During April's Sexual Assault Prevention & Awareness Month, Health Promotion offers programming throughout the month in an effort to end all forms of sexual harassment, assault and abuse. A listing of programs can be found at <https://studentlife.tamu.edu/hp/sapam/>.

Women's Support Services housed within Student Assistance Services provides visibility, advocacy, support, and programming for students, faculty, and staff by educating campus and community constituencies on women's issues and functions as a resource and referral center (<https://studentlife.tamu.edu/wss/>, wrc@tamu.edu, or 979-845-8784).

The university developed the Step In. Stand Up. Campaign, endorsed by the President, to create a culture of awareness that does not tolerate incidents of sexual violence. A large group of student leaders were involved to assist in crafting the message and the Campaign logo with the intention of reaching a broad campus population. The Campaign asks supporters to "step in" as active bystanders to prevent incidences of sexual violence from occurring and to "stand up" to support survivors. Special efforts are made during sexual assault awareness month that include providing resource tables, facilitating pledge banner signatures, distributing t-shirts, and hosting speakers who advocate for social change and awareness. A website for the Campaign includes an online pledge of commitment, university-wide statements of support, campus and community resources, and information on how to report sexual violence (<http://stepinstandup.tamu.edu/>).

In 2019, the university conducted a campus climate survey on sexual assault and misconduct to capture student voices around these issues and gain a better understanding of each student's experiences and opinions about sexual harassment and sexual violence within the campus community. Results of the survey are posted here: <https://titleix.tamu.edu/our-stats/2019-campus-climate-survey/>.

The UPD's Community Services Unit, 979-458-1674, provides ongoing education available to students and employees to promote prevention and personal safety including sexual assault and stalking prevention and awareness, drug and alcohol awareness, and sexual harassment and rape prevention through self-defense tactics. Related materials are typically distributed by the Community Services Unit at awareness events across campus and in the community during times such as the Campus Safety Awareness Series, National Night Out, and Sexual Assault Awareness Month.

The Office of the Vice President for Student Affairs provides an online Concerning Behavior Response Guide, for new faculty and staff to assist them in responding to individuals who may exhibit behavior that is concerning. The guide includes information about identifying sexual harassment, sexual assault, dating violence, domestic violence, and/or stalking, reporting requirements and procedures, and limits on requests for confidentiality in response to individuals who disclose related incidents. The guide can be found online at <http://tellsomebody.tamu.edu/resources/>.

CREI provides Title IX presentations to various Texas A&M University student, staff, and faculty groups multiple times per year and upon request. The presentations include an explanation of the federal law and Texas A&M University's institutional policies, reporting procedures, response, and disciplinary proceedings. CREI also conducts presentations on trauma informed response to campus personnel such as the Office of the Commandant.

The Division of Human Resources and Organizational Effectiveness offers training for employees regarding fostering respect in a diverse workplace and inclusion that covers information about the employee's and

supervisor's role in maintaining a work environment that is free from discrimination and harassment. Participants have the opportunity to review federal equality laws, identify and discuss behaviors that might unknowingly contribute to a disrespectful or hostile environment, and identify ways to be proactive in creating a respectful work environment. Other online courses are offered that provide guidance in following university policies and rules and reporting and addressing complaints.

The Title IX webpage, <http://titleix.tamu.edu/>, describes university resources, assistance, educational opportunities, and reporting procedures for campus community members impacted by sexual violence, sexual harassment, and other illegal discrimination. CREI, Student Life, and UPD provide information for students, faculty, and staff who wish to report any form of sexual discrimination or harassment. The [Step In. Stand Up. website](#) referenced above also includes information on these topics.

A notice of non-discrimination and abuse is sent to all students and employees by CREI at the beginning of the fall and spring semesters regarding reporting procedures and requirements related to incidents of illegal discrimination, sexual harassment (including sexual assault, dating violence, domestic violence, and stalking), and related retaliation.

All students and employees are provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services and resources available for individuals both on-campus and in the community. The written notification is provided to students and employees by CREI through an annual email (fall semester) that contains information about how to report incidents, applicable policies, and other available options in addition to existing services and resources.

Bystander Intervention and Risk Reduction²⁸

Everyone has a role in changing community knowledge, attitudes and behaviors. Change happens as each person is able to identify risky situations and take action to confront, interrupt, or prevent acts of sexual violence. Bystander intervention programs can help individuals observe a situation and determine an appropriate intervention where someone could use some help. Bystander intervention means just that; people taking care of others. If you find a friend in a situation that concerns you, consider the following strategies to intervene safely and effectively:

- Create a distraction to interrupt the flow of events
- Involve others to help you
- Make an excuse to remove a friend from the situation
- Point out the unwanted behavior in a safe and respectful manner
- Call for help, if needed

Sexual assault is never a victim's fault. However, there are ways that may reduce the risk of being sexually assaulted including being prepared, alert, and assertive. Consider the following tips:

- Be aware of your surroundings
- Practice responsible drinking; alcohol is a factor in many sexual assaults
- Never leave your drink unattended

²⁸ For the purposes of this section bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

- Don't accept drinks from someone you don't know or trust
- Stay with your friends and make sure your friends stay with you
- Be careful of online relationships
- Trust your instincts

We are reminded to think about relationships, specifically relationships that may be, or become abusive. Be aware of the signs:

- Is one of the partners verbally and emotionally abusive?
- Is one of the partners isolating the other from friends and family?
- Is one of the partners controlling, intimidating or always jealous?
- Is there a threat of harm?

Other Considerations

Prohibition of Retaliation

Texas A&M University prohibits retaliation. Texas A&M University or an officer, employee, or agent of Texas A&M University, may not retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities under any provision of the Clery Act.

Victim Notification

In accordance with the Higher Education Opportunity Act, upon written request, Texas A&M University will disclose to the alleged victim of any crime of violence, or non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense with respect to such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph.

Institutions are required to provide both the complainant and the respondent with simultaneous written notification of any result of any institutional conduct proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking. In these cases, it is not necessary for the victim to make a written request.

Sex Offender Registry

Section 121 of the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921) provides for the tracking of registered sex offenders and instructs states to post sex offender data on the internet.

The Texas Department of Public Safety (DPS) is the official Texas internet source for Sex Offender Registration information. The Sex Offender Registration open record information is extracted from the DPS Sex Offender Registration Database. The DPS maintains files based on registration information submitted by criminal justice agencies and represents a statewide source of information on sex offenders required to register by law. The DPS Texas Public Sex Offender Registry website is found at:

<https://publicsite.dps.texas.gov/SexOffenderRegistry>.

UPD receives notification of registered sex offenders that are currently employed, work, teach, volunteer, or attend classes on the main campus of Texas A&M University. Notification comes from the Brazos County Sheriff's Sex Offender Registration Office.

Texas A&M University System Regulation

[System Regulation 08.01.01, Civil Rights Compliance](#) provides guidance in complying with local, state and federal civil rights laws and regulations (laws) and related system policy. This regulation establishes systemwide standards for the receipt and processing of reports, complaints, formal complaints, investigations, adjudication, appeals, and use of informal resolution in cases involving allegations of discrimination, harassment and/or related retaliation based on protected class (discrimination), including complaints made by employees, students, and/or third parties.

According to [System Regulation 08.01.01, Civil Rights Compliance](#), consent is clear, voluntary, and ongoing agreement to engage in a specific sexual act. Following are the bias categories.

National Origin: A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent

Texas A&M University, College Station - Unfounded Crimes

Unfounded crimes are crimes that sworn or commissioned law enforcement personnel have investigated and made a formal determination that the report is false or baseless and are, therefore, subsequently withheld from Clery crime statistics. Following are the unfounded crimes as reported for all Texas A&M University, College Station Clery Act locations and Clery Act offenses:

- Calendar year 2022: 6 unfounded crimes
- Calendar year 2021: 2 unfounded crimes
- Calendar year 2020: 2 unfounded crimes

²⁹ In 2022 one intimidation hate crime was reported as occurring in on-campus property in the sexual orientation bias category, one simple assault hate crime was reported as occurring in on-campus property in the sexual orientation bias category, and two simple assault hate crimes were reported as occurring in on-campus property in the race bias category. In 2021 one intimidation hate crime was reported as occurring in on-campus property in the race bias category. In 2020 no hate crimes were reported.

³⁰ The substantial number of Clery statistics for "Stalking" is attributed to a general growth in the disclosure of stalking and harassment behaviors to the university due to an expanded awareness of the university's centralized civil rights (including Title IX) reporting procedures. Additionally multiple stalking counts may result from a case when a single respondent directs the behaviors at more than one complainant and/or the behaviors from a single respondent occur over multiple years.

Crime Prevention and Security Awareness

It is important for all of us to understand our role in the reduction of crime. A conceptual aid often employed by crime prevention practitioners is referred to as the Crime Triangle. For any crime to occur three elements must be present: desire, ability, and opportunity.

Members of the university community easily recognize there is little that can be done to control the criminal's ability and desire. The university community's greatest strength in the prevention of crime is our initiative to reduce or eliminate the opportunity for a crime to occur.

A primary goal of UPD is the prevention of crime before it occurs. Because UPD officers cannot be everywhere all the time, they need the help of all members of the university community to take an active role in their personal safety and property protection. Crime prevention is important to the campus community. Reporting any crime or suspected crime immediately is helpful to UPD and may prevent someone else from becoming a victim of a more serious crime.

The UPD's Community Services Unit, within the Special Operations Section, is staffed by officers who are state Certified Crime Prevention Specialists that continually present programs covering crime prevention and security information to students, staff, faculty, and the community at large. These Crime Prevention Specialists are dedicated full time to crime prevention efforts and programs. They participate in and provide information during new and transfer student orientation, international student orientation, in addition to a number of other programs scheduled annually with student, staff and faculty organizations. In these sessions, information is provided regarding campus security procedures and practices. The Campus Safety Awareness Series is another opportunity for the campus community to get to know UPD officers, ask questions about security procedures and practices, and/or voice concerns. For additional information or to schedule a program you are encouraged to call the Community Services Unit at 979-458-1674.

UPD typically offers a variety of crime prevention programs, safety programs, and services to Texas A&M University students, employees, and community members. The programs are designed to encourage students and employees to be responsible for their own security and the security of others.

- Personal Safety Awareness – scheduled upon request
- Theft/burglary Prevention – scheduled upon request
- UPD Self-Defense Program – scheduled upon request
- Alive@25 Defensive Driving – offered periodically throughout the year

- Sexual Assault Prevention – scheduled upon request
- Active Shooter Preparedness– scheduled upon request
- Apartment and Home or Residence Hall Security – scheduled upon request

Bicycles are a popular mode of transportation in the campus environment and can be a prime target of theft. Texas A&M Transportation Services requires all students, faculty, and staff to register any bicycle they plan to ride on campus and show proof of registration by displaying a permit/registration sticker to avoid enforcement action. Registration is critical for planning and communication and helps identify bicycles that are lost or stolen. Information on mandatory bike registration can be obtained by calling the Alternative Transportation Office at 979-847-2453 or visiting <https://transport.tamu.edu/alternative/bicycles/register.aspx>.

The Texas A&M University Corps of Cadets provides a free safety escort service where a Corps member will meet an individual requesting a safety escort and walk with them to most central on-campus locations, e.g., residence halls, parking lots, etc. A safety escort can be requested by calling the Guard Room at 979-845-6789. Hours of operation during the fall and spring semesters are 6pm-7am week days and all day on weekends. The escort services do not extend beyond West Campus Garage.
