Enacted in 1990, The Crime Awareness and Campus Security Act was designed to assist the campus community in making decisions which affect their personal safety by requiring institutions of higher education to provide certain campus security information to current and prospective students and employees annually. The Higher Education Act of 1998 and the subsequent amendments of the implementing regulations (34 C.F.R.668.46) significantly expanded institutions’ obligations under the Act. The Act was also renamed the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act” (hereafter the Clery Act).

The TAMHSC Kingsville shares a campus and various facilities, including on-campus student housing, with Texas A&M University Kingsville, a separate Title IV institution. In accordance with the Clery Act, if your institution shares a campus with another Title IV institution, both institutions must include in their separate Clery Act statistics all of the Clery Act crimes that occur anywhere on the campus. Also, if your institution shares on-campus housing facilities with another Title IV institution, both institutions are considered to be in control of the facilities and must report on those facilities to comply with Clery Act requirements. The TAMHSC Security Department and the Office of Risk, Ethics, and Compliance (OREC) compose the Annual Security Report and statistical information with input from Texas A&M University Kingsville and various other sources such as local law enforcement agencies, TAMHSC Administration, Student Affairs, and other campus personnel. The 2019 TAMHSC Kingsville Annual Security Report reflects a shared campus, including statistics for calendar years 2018, 2017 and 2016.

1 According to an intra-system cooperation contract between the TAMHSC and Texas A&M University Kingsville, Texas A&M University Kingsville provides TAMHSC Kingsville with certain services (infrastructure, utilities, police and security, computer, telecom, library/research resources, etc.) and access to various facilities including student housing in accordance with the Texas A&M University Kingsville housing allocation protocol.

Campus Law Enforcement Policies
Police Department Overview
The Texas A&M University Kingsville Police Department (TAMUK PD) provides law enforcement and security services to all components of Texas A&M University Kingsville including the TAMHSC Kingsville academic campus and a variety of satellite facilities throughout Kleberg County. The department consists of professional campus police and telecommunications officers dedicated to providing excellent customer service to the community.

Patrol is the core of the TAMUK PD. To provide a safe campus for our students, staff, faculty, and visitors, the department has uniformed officers and a supervisor on duty 24-hours a day, year round. Officers patrol campus on foot, by bicycle, Segway, golf cart, and in vehicles. The Dispatch Center is staffed with trained and certified communication officers who answer calls for service, dispatch officers and other emergency services to incidents, and monitor intrusion detection and fire alarms. TAMUK PD employs students who carry out a variety of roles including parking enforcement and assisting officers in providing campus escorts.

Jurisdiction
The TAMUK PD is the primary police authority for the TAMHSC Kingsville campus. The police officers are fully certified by the State of Texas as defined in article 2.12 of the Texas Code of Criminal Procedure. Pursuant to Section 51.203 of the Texas Education Code, police officers commissioned by a state institution of higher education have authority and jurisdiction in all counties in which property is owned, leased, rented, or otherwise under the control of the institution of higher education. The officers are employed and commissioned for the purpose of protecting the safety and welfare of students, employees, and property of the institution in accordance with state law. Commissioned officers are vested with all powers, privileges, and immunities of peace officers while the officer is either in their primary jurisdiction or outside the officer’s primary jurisdiction.

Arrest Authority
As peace officers, TAMUK PD’s armed police officers have the same full authority to detain and arrest as municipal police officers. Officers are fully certified by the State of Texas with full arrest powers.
Enforcement Authority

The TAMUK PD is computer linked to city, state and federal criminal justice agencies, which provide access to criminal records, wanted persons, stolen property, and vehicle information. All crimes reported to TAMUK PD are investigated and are referred for prosecution through the Offices of the County Attorney and District Attorney when appropriate. Criminal matters involving university students may also be referred to university administration for disciplinary action.

Working Relationships and Agreements

TAMUK PD maintains excellent working relationships with all area law enforcement agencies including the City of Kingsville Police Department, Kleberg County Sheriff’s Office, Texas Rangers, Texas Department of Public Safety, Department of Homeland Security, and the local field office of the Federal Bureau of Investigation. These working relationships result in awareness of criminal activity perpetrated beyond campus but are not maintained through written mutual aid agreements with the TAMUK PD or TAMHSC. A written agreement is currently in place between TAMHSC and TAMUK for police/security services to be provided at the same level that exists throughout the Texas A&M University Kingsville campus.

A request is distributed to local law enforcement agencies annually to solicit cooperation in informing the institution about crimes. The request is specific to informing the Safety Officer at the TAMHSC Kingsville campus about situations reported to the given local law enforcement agency that may warrant an emergency response or timely warning notification.

Monitoring Non-Campus Locations

The TAMHSC operates neither non-campus housing nor non-campus student organization facilities. However, students may live off campus in neighborhoods surrounding the TAMHSC Kingsville campus. The Kingsville Police has primary jurisdiction in surrounding areas off campus. If institutional sponsored activity by a student or student organization meets the criteria for Clery non-campus property in areas surrounding the TAMHSC Kingsville campus, TAMUK PD may assist in cooperation with the Kingsville Police Department, state, or federal law enforcement. Neither TAMHSC nor TAMUK PD has a Memorandum of Understanding with local law enforcement.

Institutional sponsored activity by a student or student organization to a location outside of the Kingsville area may result in the location meeting the criteria for Clery non-campus property. TAMUK PD does not monitor or record the criminal activity at these non-campus locations. The local law enforcement agency with jurisdiction at the location responds when police services are requested.

Professional Standards

The TAMUK PD’s mission is to provide a safe and secure learning and working environment by providing the highest quality services, which include prompt response, availability of officers, and informational and instructional services. Providing excellent service and maintaining good relationships within the community is vital to achieving the overall mission of keeping the campus safe and secure. All members of the campus community can expect to be treated in a courteous and professional manner by members of the department. The TAMUK PD will not tolerate an employee who acts unprofessionally or who does not provide an appropriate level of service. Instances where TAMUK PD employees have been especially helpful or have exceeded expectations in service can also be recognized.

The quality of service is dependent in part on feedback from the community. Please help the department improve by bringing complaints and compliments to the attention of any of the following individuals in a timely manner:
• Request the on-duty Police Supervisor by calling 361-593-2611. This individual is available 24-hours a day.
• Address written correspondence to: Chief of Police, TAMUK PD, Lewis Hall, 855 N. University Blvd., Kingsville, TX 78363.

**Reporting Crimes**

**Incident Reporting and Response**

Any on-campus criminal offense, accidents, other emergencies (fire, ambulance, etc.), or suspected criminal activity should be reported immediately to the TAMUK PD by dialing 2611 or 911 from a campus phone, 911 from a cellular phone, or in person at 855 University Blvd., Lewis Hall, Kingsville, Texas. The TAMUK PD is not a designated public answering point for 911 calls, however, the Kingsville Police Department answers 911 calls in the geographical area and refers university calls to the TAMUK PD dispatcher for appropriate action. Additionally, the university has installed emergency two-way call boxes in elevators on campus. Individuals may use the emergency telephone and/or call button to directly communicate with the TAMUK PD dispatcher.

For non-emergency security or public safety matter, call 2611 from a campus phone. To contact the TAMUK PD from an off campus phone, campus payphone, or cell phone, please call 361-593-2611. Upon receipt of the call, the TAMUK PD will dispatch police, fire, and/or medical assistance as needed. Dispatchers are available 24 hours a day to answer calls. For non-emergencies, email TAMUK PD at upd@tamuk.edu. The web address for TAMUK PD is: [http://www.tamuk.edu/upd/](http://www.tamuk.edu/upd/).

TAMUK PD is the primary respondent for campus emergencies and reports of criminal activity on campus. TAMUK PD will respond as quickly and safely as possible to any request for assistance, whether it is an emergency or not. Response time is based on current activity and severity of the call. Crimes in progress, alarms, traffic accidents with injuries, and medical assists have a higher priority than other types of calls. TAMUK PD in vehicles, golf carts, Segways, on foot, or on bicycles will assist and may be contacted directly.

For non-campus offenses, we encourage prompt reporting to the proper local law enforcement agency.

We cannot overemphasize the importance of prompt and accurate reporting of crime. If a crime is not reported promptly, evidence can be destroyed or the potential to apprehend a suspect is lost. Without accurate reports, leads could be missed and the investigation headed in the wrong direction. If you witness a crime or emergency, promptly report it to the TAMUK PD and be prepared to answer questions as accurately as you can. Reports of criminal activity are fully investigated and appropriate actions are taken to identify, apprehend, and submit for prosecution to the courts including documenting incident reports and notifying and/or requesting assistance from other law enforcement agencies as appropriate. Referrals for review and potential institutional disciplinary action are forwarded to the Texas A&M University Kingsville Dean of Students Office, Human Resources, Compliance Office, Title IX Office, or Texas A&M University administration as
appropriate along with additional information obtained from the police investigation. The subsequent investigation can only be as thorough as the information received. If you are the victim of a crime, or you have seen or received information of criminal or suspicious activity or other emergency, please contact the TAMUK PD immediately.

**Reporting Criminal Offenses to University Officials: Campus Security Authorities**

Faculty, staff, and students are encouraged to report any criminal offenses within the campus environment directly to the TAMUK PD or local law enforcement agency. For non-campus offenses, we encourage accurate and prompt reporting to the proper local law enforcement agency. As an option, you may also report criminal offenses to the following TAMHSC offices:

Crime reports provided to campus security authorities are used by the school to fulfill its responsibility to annually disclose accurate crime statistics and to issue or facilitate the issuance of timely warnings or emergency notifications. Campus security authority crime reports should include sufficient detail such as dates and locations, and where appropriate, personally identifying information, including name and contact information, if available.

Students, faculty, staff, community members, and guests are encouraged to report all crimes and public safety related incidents to TAMUK PD in an accurate and prompt manner when the victim of such crimes elects or is unable to make such a report. The TAMUK PD and the university offices listed above, will assist students with notifying the proper law enforcement authorities, if the victim chooses. An individual may elect to report the crime to TAMUK PD at a later date, disclose the incident to a CSA, file a complaint with the institution which may result in disciplinary proceedings, contact a referral agency, or make an anonymous report to the police. It is the goal of TAMUK PD to provide assistance wherever the report is made and include Clery countable crimes in the annual security report.

Although exempt from the reporting requirements of the Clery Act, pastoral and professional mental health counselors are encouraged, if and when they deem appropriate, to refer persons they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual statistics and crime log, especially if the incident may pose an ongoing threat to the campus community. TAMUK Student Health and Wellness Services staff informs their student clients of the procedures to report crime to the TAMUK PD on a voluntary and/or confidential basis. A procedure is in place to anonymously capture crime statistics disclosed
Confidential and Anonymous Reporting of Crimes
The TAMHSC Security Department and TAMUK PD encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Because police reports are public records under state law, TAMHSC Security and TAMUK PD cannot hold reports of crimes in confidence. However, victims of certain offenses are eligible for a pseudonym in which the victim’s true identity will not be released. An individual who is involved in or witnesses an active or ongoing emergency should dial 911 and report the emergency immediately.

Voluntary, confidential reports for purposes of inclusion in the annual disclosure of crime statistics and crime log can generally be made by victims, witnesses, and others to the campus security authorities listed above and all other campus security authorities. Annual crime statistics and the crime log are confidential in that personally identifiable information is not included in the disclosure. Concerning behavior, including crimes, can be reported anonymously to the Texas A&M University Special Situations Team via the Tell Somebody online reporting form. The form and more information can be found at https://tellsomebody.tamu.edu/.

Reports submitted anonymously or with limited information may restrict the team’s ability to follow up on the incident. Anonymous reports of crimes may be made to the City of Kingsville Crime Stoppers line at 361-592-4636 or by submitting online through the applicable local program at: https://www.crimestoppersusa.org/programs/locate-a-program/.

Reports submitted on a confidential or anonymous basis are evaluated for the purposes of issuing a timely warning or emergency notification to the campus community. The crime data also supports accurate recordkeeping and trend analysis with regard to location, method, and/or assailant.

Missing Students
A missing person is an individual whose whereabouts are unknown; they have disappeared for no known reason and there is reasonable concern for their well-being and safety. If a student is believed to be a missing person, contact the TAMUK PD at 361-593-2611 immediately. It is the policy of TAMUK PD to thoroughly investigate all reports of missing persons. In addition, this agency considers a missing child, and an adult that is mentally impaired, to be considered “at risk” until significant information to the contrary is confirmed.

During the annual housing check-in processes, students are given the option to provide at least one emergency contact to be notified within 24 hours of the determination by campus or local law enforcement that the student is missing. The emergency contact information is provided to the University Housing and Residence Life Department by completing a Student Health Information form. This information is registered confidentially to the extent legally allowed and may only be disclosed to campus officials and law enforcement in furtherance of their missing person notification and investigation. Students may update their emergency contact information at any time by logging in to the Blue & Gold Connection online services at http://www.tamuk.edu/bluegold/. Following are the procedures that the institution must follow when a student who resides in an on-campus student housing facility is determined to have been missing for 24 hours.

---

2 These requirements do not preclude the institution from determining a student is missing before a full 24 hours, or from initiating notification procedures as soon as it determines that a student is missing. In addition, the institution must comply with Suzanne’s Law, a federal law requiring a person under the age of 21 to be entered into a national missing person database within two hours of the person being reported missing. Suzanne’s Law provides that there shall be no waiting period before a law enforcement agency initiates an investigation of a missing person under the age of 21.
TAMUK PD will generate a missing person report, initiate an investigation, and report the missing person information to authorized institutional departments if necessary. If the student designated a contact, the institution will notify the contact within 24 hours of the determination by law enforcement that the student is missing. This determination is made by the TAMUK PD or the local law enforcement agency. In addition to notifying the contact person designated by the student (and regardless of whether a student has designated an emergency contact to be notified), if a student is less than 18 years old and not an emancipated individual, Federal Law requires that the institution notify a custodial parent or guardian within 24 hours of the determination that the student is missing. Institutional departments authorized to notify emergency contacts and/or family members are the TAMUK PD, University Housing and Residence Life, and the Office of the Dean of Students.

A student enrolled at the university at either a full-time or part-time status, who is perceived by the reporting person to be overdue in reaching home, campus, or other specific location, and there is an identifiable concern for the well-being of the student, may be reported as a missing student. Any concerned person should contact the TAMUK PD (361-593-2611), University Housing and Residence Life (361-593-3419), or the Assistant Vice President of Student Affairs/Dean of Students (361-593-3606) if they believe that a student is missing. Any official missing student reports must be referred immediately to TAMUK PD. If TAMUK PD receives the initial report of a missing person residing on-campus, TAMUK PD will contact University Housing and Residence Life. TAMUK PD will also notify local law enforcement within 24 hours of the determination that a student living in on-campus housing is missing, unless the local law enforcement agency was the entity that made the determination that the student was missing. Informing the local law enforcement agency (with jurisdiction in the area where the student is presumed missing) within 24 hours applies regardless of whether the student has identified a contact, is above the age of 18, or is an emancipated minor. In cases where the missing student resides off campus, TAMUK PD will still assist in notifying the appropriate law enforcement agency.

Staff in University Housing and Residence Life, the Office of the Dean of Students, and other responsible institutional personnel should follow the instructions below upon receiving a report of a missing student:

1. Gather needed information from reporting person. Any official missing student report must be referred immediately to TAMUK PD with all information provided regarding the missing student so that an investigation can be initiated.
2. If known, provide TAMUK PD with the names and contact information of any people designated as a missing person contact.
3. If the investigation determines that the student is missing and the student has designated a contact person, the authorized department will notify the designated emergency contact(s) and/or the parent(s)/guardian(s) within 24 hours. If the student is under 18 years of age and is not emancipated, the authorized department will notify the student’s custodial parent or guardian and any other designated contact person within 24 hours. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, TAMUK PD will inform the local law enforcement that has jurisdiction in the area that the student is missing within 24 hours.

**Timely Warning Policy**

The TAMUK PD Timely Warning process includes the TAMHSC Kingsville campus community as TAMHSC Kingsville is located within the borders of the Texas A&M University Kingsville campus and TAMUK PD serves as the security department for TAMHSC Kingsville. The circumstances in which a Timely Warning will be generated include, but are not limited to, the receipt of a good faith report to the TAMUK PD or other campus security authority of a crime reportable under the Clery Act, that poses a serious or continuing threat to the campus community. The TAMUK PD Director of Public Safety/Chief of Police, or
a designee, in consultation with the Senior Vice President for Student Affairs and University Administration (chair of the Emergency Management Team), is responsible for determining if a Timely Warning will be issued. Crimes reportable under the Clery Act include, but are not limited to, major incidents of arson, murder/non-negligent manslaughter, negligent manslaughter, robbery, aggravated assault, sex offenses, or other crimes as determined necessary by the TAMUK PD Director of Public Safety/Chief of Police or a designee. The determination will be made on a case-by-case basis after due consideration of all available facts of the crime, such as the nature of the crime and whether a continuing danger to the campus community exists. If the TAMUK PD or other campus security authorities are not notified of a crime in a manner that would allow the department to provide timely notice, a Timely Warning may not be issued, depending on the circumstances. All situations will be evaluated on a case by case basis.

The TAMUK PD and/or other administrators are responsible for writing and issuing Timely Warnings. The TAMUK PD Director of Public Safety/Chief of Police or designee notifies the Senior Vice President for Student Affairs and University Administration (chair of the Emergency Management Team) of a situation that needs reporting. The TAMUK PD Director of Public Safety/Chief of Police or designee and the following administrators are authorized to write and/or issue (send) a Timely Warning notice: the Senior Vice President for Student Affairs and University Administration; the Assistant Vice President of Student Affairs/Dean of Students; and the President or designee. Anyone with information warranting a Timely Warning should report the circumstances immediately to the TAMUK PD, by phone (361-593-2611) or in person at (Lewis Hall, Room 128, 855 N. University Blvd., Kingsville, TX).

Timely Warnings are distributed to students, faculty, and staff via the Texas A&M University Kingsville email system in a manner that is timely, that withholds the names of victims as confidential, and that will aid in the prevention of similar occurrences. Crime Alerts will contain sufficient information about the nature of an identified threat to assist members of the campus community in taking appropriate action to protect themselves or their property. The Crime Alert will generally include:

- A readily understandable description of the type of crime or occurrence.
- The general location, date and time of the offense.
- A physical description of the suspect(s), if available, when there is sufficient detail that would reasonably help identify a specific individual suspect or group of suspects.
- Possible connection to other incidents.
- Date and time the alert was issued.
- Suggested measures which members of the university community can take to help protect themselves.
- Description of crime reporting options at the university.

It is important to note that in some cases law enforcement may need to withhold some facts if releasing the information would compromise an ongoing investigation or the identity of the victim. Victim names and other personally identifying information of victims are never included in Timely Warnings. An institution is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.

**Emergency Response and Evacuation Policy**

The procedures disclosed in this section apply to significant emergencies or dangerous situations occurring on the campus of TAMHSC Kingsville, i.e. on-campus property. The institution does not have separate procedures for non-campus property.
**Emergency Notification System**

HSC Alert is the TAMHSC’s emergency notification system that gives the university the ability to communicate health and emergency information through some of all of the following mechanisms: SMS text message, TAMHSC Email, local media, and RSS feeds.

The TAMHSC will use the system only to provide official notification of critical emergencies (i.e., situations that pose an imminent threat to the community). It is the policy of the TAMHSC to immediately notify the campus community, via the HSC Alert Emergency Notification System, upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the TAMHSC Kingsville campus. The Safety Officer at the TAMHSC Kingsville campus confirms whether a significant emergency or dangerous situation exists by evaluating information received from entities which may include, but are not limited to: law enforcement, fire department, National Weather Service, Environmental Health and Safety, and other campus officials.

The HSC Alert emergency notification system does not replace the Timely Warning requirement. They differ in that the Time Warning requirement applies only to Clery reportable crimes, while the emergency notification system addresses a much wider range of threats (i.e. gas leaks, tornadoes, active shooter, etc.). If an emergency notification is issued, the university is not required to issue a Timely Warning based on the same circumstances.

At the TAMHSC Kingsville campus, the generation of an HSC Alert and activation of the notification system is the responsibility of the Safety Officer. The Safety Officer or designated individual will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the HSC Alert notification system; unless issuing the notification will, in the professional judgment of responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency. Victim names and other personally identifying information of victims are never included in emergency notifications.

In accordance with TAMHSC policy, central TAMHSC administration (Texas A&M University Assistant Emergency Management Coordinator or Director of Risk Management and Compliance located at the TAMHSC Bryan campus and/or the Director of Security located at the TAMHSC Houston campus) will generate and issue an HSC Alert on behalf of TAMHSC Kingsville in special cases. These cases include: if campus operations are altered (closures) or if the emergency prevents the local campus from issuing the alert.

HSC Alerts related to the TAMHSC Kingsville campus, are issued to the entire TAMHSC Kingsville campus community, rather than to specific segments of the TAMHSC Kingsville campus population. However, HSC Alerts are campus specific. For example, an HSC Alert for an emergency occurring at the TAMHSC Kingsville campus will not be issued to other TAMHSC remote campuses which are not impacted.

The TAMHSC conducts monthly testing of the emergency notification system. For the TAMHSC Kingsville campus, these tests are launched by the Safety Officer. After each test, or actual alert, the individual will analyze the functionality of each communication device within the notification system, and provide and maintain a report with the results of the findings. Any test may be cancelled by the Texas A&M University Assistant Emergency Management Coordinator. Reasons for cancelling tests include the existence of real threats that could necessitate sending an emergency message, recent emergency messages that obviate the need for that test, etc.
Registering for Emergency Notifications

Students, Faculty, and Staff Access
All faculty, staff, and student TAMHSC email addresses will have been added into the emergency alert system. All TAMHSC personnel and students are highly encouraged to add a mobile number to allow alerts by text message. Individual users may choose to add an additional email address, to receive mobile communications via SMS, or to opt out of the system entirely. https://helpdesk.tamhsc.edu/emergency-alert-tutorial/.

TAMHSC maintains an opt-out emergency notification system (HSC Alert) that may be used for immediate notifications via email and/or text messages. Pre-scripted messages have been developed and will be used, with appropriate modifications, during emergency situations. HSC Alert is only used for emergencies, crises, and reports of serious crime where a situation exists which potentially constitutes an ongoing or immediate danger. This is a free service to members of the TAMHSC community.

Depending on the nature of the emergency, one or more notification systems may be utilized. These systems include, but are not limited to:

- Text messages
- TAMHSC email system
- RSS feeds
- Local media
- Building fire alarms

All immediate notifications will have at least one follow-up message (i.e., the “All Clear” message). Generally, the follow-up messages will be issued utilizing the same notification systems as the initial notification. However, word-of-mouth, the TAMHSC website, the use of electronic and cellular communication, or other means may be utilized when appropriate.

The success of this service relies on you to provide accurate contact information. The emergency alert system will contain email addresses for all faculty, staff, and students of TAMHSC. Mobile phone numbers and alternate email addresses can be added, or you can opt out of the system, by following the steps in the Emergency Alert Tutorial. https://helpdesk.tamhsc.edu/emergency-alert-tutorial/

In addition, TAMHSC Kingsville students and employees are enrolled in the Texas A&M University Kingsville emergency notification systems as TAMHSC Kingsville is located within the borders of the Texas A&M University Kingsville campus. Texas A&M University Kingsville’s Tier I mass notification system is capable of displaying commands written commands on interior signs throughout campus as well as direct commands and sounds that alert the campus to danger and ways to take necessary precautions through the outdoor public address system. Texas A&M Kingsville’s Tier II notification system is capable of sending alerts via telephone call, email messages, and text messages to registered users.

Public Access
The public cannot register for HSC Alerts.

Disseminating Information to the Larger Community
The TAMHSC Governmental and Public Affairs Office or designee may communicate with local media such as newspapers, television stations and radio stations to disseminate emergency information to the surrounding community. This office, in coordination with impacted TAMHSC public information officers for each college, provide a statement for posting additional information on the TAMHSC website, which is another possible source for the larger community to obtain such information.
Emergency Preparedness

The TAMHSC Kingsville campus has a comprehensive all hazards emergency operations plan which provides a framework for the campus response to crises and emergencies. The plan was developed under the Incident Command System (ICS) model prescribed by the National Incident Management System (NIMS). The emergency operations plan includes information about incident teams, shelter-in-place and evacuation guidelines; and local contingency and continuity planning requirements.

In the emergency operations plan, specific campus administrators (the Emergency Management Team) are identified who are responsible for oversight of key functions in the event of an emergency or crisis which impacts a large segment of the campus population. The Emergency Management Team coordinates with other campus offices (Wellness Center, Human Resources, etc.) and outside emergency response agencies (fire department, hospitals and medical centers) as needed.

University departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The TAMHSC Kingsville emergency operations plan is continually updated, and tabletop and other emergency planning exercises, including fire/evacuation drills, are conducted at least once a year. Exercises and emergency response planning is coordinated by the Texas A&M University Assistant Emergency Management Coordinator who documents the exercises or drills, including the date, time, and whether the exercise was announced or unannounced. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution.

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Evacuation drills are used as a way to educate and train occupants on issues specific to their building. Evacuation maps are posted in all classrooms (near the back of the entry door), in faculty lounges, staff break rooms, offices, and in the stairwells of all buildings. Following is a summary of TAMHSC’s emergency response and evacuation procedures.

Shelter-in-Place

If an incident occurs and the building you are in is not damaged, stay inside-seeking an interior room-until you are told it is safe to come out. If your building is damaged, or you are directed to evacuate, take your personal belongings (purse, wallet, ID card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). Once you have evacuated, proceed to the emergency assembly site for your area. If police or fire department personnel are on the scene, follow their directions.

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

- If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.
• Locate a room to shelter inside. It should be an interior room without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.
• Shut and lock all windows and close exterior doors.
• Take a list of the people with you and ask someone (other staff) to call the list in to TAMUK PD so they know where you are sheltering. If only students are present, one of the students should call in the list.
• Listen for further instructions through HSC Alert or emergency responders.

Campus Evacuation Procedures
The TAMHSC Senior Vice President & Chief Operating Officer or designee will authorize campus evacuation orders. Once an evacuation order has been given, students and employees should follow the instructions and timelines for leaving the campus and should alert others to do the same. Information about returning to campus will be communicated through the TAMHSC webpage.

Building Evacuation Procedures
An evacuation will occur when the fire alarm sounds and/or notification is given by appropriate personnel. All persons (students, employees and visitors) are to immediately vacate the building in as safe a manner as possible. All persons should follow orders given by TAMUK PD officers at the scene. Personnel shall not return to an evacuated building until instructed by TAMUK PD or other appropriate officials. Evacuation drills are conducted periodically for on campus buildings. The building evacuation is documented and reviewed by Texas A&M University Environmental Health and Safety.

Testing Emergency Response and Evacuation Procedures
TAMHSC tests its emergency response and evacuation procedures as defined in the Clery Act on an annual basis. Test is defined as regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities. Tests may be announced or unannounced. TAMHSC conducts a drill or an exercise and publicizes its emergency response and evacuation procedures via campus email annually in conjunction with the test. For each test, documentation describes the exercise, the date and time, and whether it was announced or unannounced. An after action report is completed and kept by the Texas A&M University Assistant Emergency Management Coordinator.

The Daily Crime Log
The TAMUK PD publishes a Daily Crime Log that is available free of charge to the media, the public, and campus offices. This summary identifies the nature of the crime, location, date and time occurred, date the crime was reported to the TAMUK PD, and disposition. A copy of this report may be viewed on the web (http://www.tamuk.edu/upd/clery-reporting.html) or a printed copy may be obtained on working business days at Lewis Hall, 855 N. University Blvd., Kingsville, TX or by calling 361-593-2611. Assistance in obtaining the crime log may also be requested at the front desk of the Rangel College of Pharmacy, 1010 West Ave. B, Room 103, Kingsville, TX or by calling 361-221-0602.

Security of and Access to Campus Facilities
General Provisions
It is unlawful for any person to trespass on the grounds of any state institution of higher education of this state or to damage or deface any of the buildings, statues, monuments, memorials, trees, shrubs, grasses, or flowers on the grounds of any state institutions of higher education. (Texas Education Code Section 51.204)
The governing board of a state institution of higher education or its authorized representatives may refuse to allow persons having no legitimate business to enter on property under the board’s control, and may remove any person from the property on his or her refusal to leave peaceably on request. Identification may be required of any person on the property. (Texas Education Code Section 51.209)

Residence Halls
TAMHSC does not operate any residential facilities, however, Texas A&M University Kingsville provides student housing to TAMHSC Kingsville students if the student elects. Therefore, both institutions are considered to be in control of the on-campus student housing facilities and must report on the facilities to comply with Clery Act requirements.

TAMUK PD provides security service to all components of Texas A&M University Kingsville, including on-campus student housing facilities. Access to the Texas A&M University Kingsville residence halls is restricted to residents, their guests, university personnel and authorized visitors. Identification cards are coded so that only students who are residents in a particular hall are authorized electronic access entry to that hall. The system denies entry to all unauthorized persons. Hall residents may enter their building using their university ID card. Each hall has specific doors designated for normal entry which are equipped with card access readers. All other doors in the building should remain closed at all times and are to be used only in an emergency evacuation. All exterior doors are monitored with security cameras. A resident must accompany his/her guests at all times.

Professional area coordinators, community advisors, and student resident advisors, who are all members of the University Housing and Residence Life staff, live on campus and provide 24-hour, on-call staff coverage. Residence hall staff undergo comprehensive training each semester for both prevention and response regarding safety and security issues.

Academic and Administrative Buildings
Buildings on the Texas A&M University Kingsville campus generally remain open only through the completion of the last scheduled event. A daily schedule is provided to the physical plant and buildings are locked accordingly. Employees with maintenance responsibilities have access after buildings are locked. Other personnel seeking access after-hours must obtain advance written approval through their administrative chain of command. TAMUK PD officers (361-593-2611) have access to all buildings on campus to provide limited access after hours in case of an emergency or special circumstances.

Emergency Telephones
The University has installed emergency two-way call boxes in elevators on campus. Individuals may use the emergency telephone and/or the call button to directly communicate with a TAMUK PD dispatcher.

Maintenance of Campus Facilities
Contracted facilities personnel are responsible for maintaining the buildings, grounds, and custodial services for the TAMHSC Irma Rangel College of Pharmacy building in coordination with the Texas A&M University Kingsville Physical Plant Department. The contracted group addresses maintenance, renovation, and repair projects for facilities, custodial, and landscaping. Faculty and staff are encouraged to report maintenance problems to their respective building proctor or the Physical Plant at 361-593-3312 or to the TAMUK PD at 361-593-2611. The Texas A&M University Kingsville Physical Plant Department has oversight of electricity, heating and cooling, running water, and waste disposal for the TAMHSC Kingsville campus.
Texas A&M University Kingsville campus facilities and grounds are inspected on a regular basis to ensure broken window, locks, and needed repairs are identified and addressed in an expeditious manner. Physical Plant personnel will place safety notices in construction zones and other hazardous areas. Police personnel closely monitor any security-related maintenance problems after hours, and report their findings to the appropriate university official. The TAMUK PD also receives information from the campus community regarding unsafe facility condition (including steps and handrails), damaged roadways, overgrowth of shrubbery and other areas in need of repair. This information is forwarded to the Physical Plant in a timely manner.

Representatives from various departments continually conduct security surveys to ensure campus lighting is adequate and that the landscape is appropriately controlled. TAMUK PD officers conduct routine checks of lighting on campus during regularly assigned patrol duties. When they observe lights that are out or dim, officers contact the dispatcher to initiate a Physical Plant work order which is addressed usually within 24 hours or the next business day. Once a month officers conduct a complete canvas of the campus noting any malfunctioning lights and forward to the Physical Plant for appropriate action and repairs.

The TAMUK PD also coordinates periodic lighting tours with members of the university community, student organizations and class projects. Students and staff tour the campus in small groups after dark to look for any lighting issues, obstacles, and other items that could impede someone’s safety on the campus. After the tour, notes are collected, compiled, and shared with attendees and forwarded to the appropriate departments. As a result, lights are repaired, bulbs are changed, and improvements made to make campus a safer environment for the campus community. Lighting surveys are also conducted and improvements made, as necessary, in various locations on campus.

**Alcoholic Beverages, Illegal Drugs, and Weapons**

**Education Programs**

A licensed contracted vendor must be used to serve (sell) alcohol at events held in these approved locations. Texas A&M University Student Rules, Appendix VIII also prohibits alcohol use, possession, manufacturing, or distribution (including sales) of alcoholic beverages on Texas A&M University premises and university sponsored events, except as expressly authorized by university policies.
The purchase, service (including sales), possession, and consumption of alcohol beverages in facilities under the control of the Texas A&M University System shall in all respects comply with state law (System Policy 34.03, Alcoholic Beverages). Texas A&M University prohibits the use or possession of alcoholic beverages on campus by any individual under the age of 21 (University SAP 34.03.99.M0.01 Alcoholic Beverages and Texas A&M University Student Rules, Appendix VIII).

All purchases of alcoholic beverages by any member must comply with guidelines as established in System Policy 34.03, Alcoholic Beverages regarding the purchase’s source of funds, purpose, and required documentation.

The purchase, consumption, and possession of alcoholic beverages in facilities under the control of Texas A&M University Kingsville shall in all respects comply with Texas A&M University System Policy 34.02, Drug and Alcohol Abuse. On-campus use of alcohol is limited to certain approved events and locations covered by the guidelines of Texas A&M University Kingsville’s official policy on alcohol and other drugs as designated by the chief executive officer of Texas A&M University Kingsville in accordance with System Policy 34.03, Alcoholic Beverages. For more information see the Student Handbook, Section 16.3 Alcohol Policy and University Rule 34.02.01.K1, Alcohol and Illegal Substance Abuse.

Consequences for policy violations could result in sanctions by the institution and/or criminal charges/arrest by TAMUK PD for state law violations.

The TAMHSC is committed to promoting responsible decision making regarding alcohol and other drugs through educational programming, resources, and referrals. Programs and services are provided to students at TAMHSC Kingsville by Texas A&M University Kingsville Student Health and Wellness, Student Counseling Services (361-593-3991). The Work/Life Solutions Program by GuidanceResources (1-866-301-9612, https://employees.tamu.edu/eap/) manages the alcohol and drug abuse and rehabilitation program for employees and provides licenses counseling and referral services.

**Illegal Drugs Policy**

The following illegal drugs policy applies to the TAMHSC Kingsville campus.

Federal law prohibits the unlawful possession, use, sale, or distribution of drugs. Texas state law prohibits the possession, use, sale, manufacture, or delivery of a controlled substance without legal authorization. A controlled substance includes any drug, substance or immediate precursor covered under the Texas Controlled Substances Act, including but not limited to opiates, barbiturates, amphetamines, marijuana, and hallucinogens. The possession of drug paraphernalia is also prohibited under Texas state law. Drug paraphernalia includes all equipment, products and material of any kind that are used to facilitate, or intended or designed to facilitate, violations of the Texas Controlled Substances Act. According to System Policy 34.02, Drugs and Alcohol Abuse, all students and employees are expected to abide by federal and state laws pertaining to controlled substances and illicit drugs. More specifically, Texas A&M University Student Rules prohibit using, possessing, being under the influence of, manufacturing, or distributing illegal drugs or illegally obtained/possessed controlled substances (Texas A&M University Student Rules, Appendix VII). Alleged violations of these laws may result in criminal charges. University conduct charges may be pursued against those alleged to have violated university policies and/or state/federal laws concerning controlled substances.

The TAMHSC is committed to promoting responsible decision making regarding alcohol and other drugs through educational programming, resources, and referrals. Programs and services are provided to students at TAMHSC Kingsville by Texas A&M University Kingsville Student Health and Wellness, Student...
Counseling Services (361-593-3991). The Work/Life Solutions Program by GuidanceResources (1-866-301-9612, https://employees.tamu.edu/eap/) manages the alcohol and drug abuse and rehabilitation program for employees and provides licensed counseling and referral services.

**Weapons Policy**
The following weapons policy applies to the TAMHSC Kingsville campus.

In accordance with Texas Penal Code Ch. 46.03, it is a felony to intentionally, knowingly, or recklessly possess a firearm, location restricted knife, club, or prohibited weapon on the physical premises of a school or educational institution, to include any grounds or buildings on which an activity sponsored by a school or educational institution is being conducted, or a passenger transportation vehicle under the direct control of the school or educational institution. The following exception applies. A license to carry holder under Chapter 411, Texas Government Code, may carry a concealed handgun on or about the license holder’s person while the license holder is on the campus of Texas A&M (all land and buildings owned or leased by Texas A&M) or in a university vehicle, unless prohibited by state law, federal law, or University Rule 34.06.02.M1, Carrying Concealed Handguns on Campus. Prohibited areas include but are not limited to campus daycares, counseling centers, health care facilities, collegiate and interscholastic sporting events, certain high hazard research areas/laboratories, specific premises where formal disciplinary hearings are conducted, and locations with official Texas Penal Code 30.06 signage. The open carry of handguns is prohibited everywhere on campus including all land and buildings owned or leased by Texas A&M University. University SAP 34.06.02.M1.01 and Student Conduct Code 24.4.14 contain additional weapons policy information.

On the campus of Texas A&M University Kingsville (all land and buildings owned or leased by Texas A&M University Kingsville), prohibited areas include but are not limited to the Irma Rangel College of Pharmacy building (3rd floor pharmacy laboratories), medical/counseling facilities, intercollegiate and interscholastic sporting events, certain high hazard and high risk research areas/laboratories, the student rec center, and directed or approved locations with official Texas Penal Code 30.06 signage. Any resident student that is a license to carry holder may store a handgun in his/her residence hall room securely in a safe that is intended and made for the storage of handguns. Inspection and installation of a safe must go through the Department of University Housing and Residence Life or the license holder may apply for a safe from the Department of University Housing and Residence Life who will oversee the installation. The open carry of handguns is prohibited everywhere on campus including all land and buildings owned or leased by Texas A&M University Kingsville. University Rule 34.06.02.K1 and Student Conduct Code 24.1 contain additional weapons policy information.

**Sexual Assault, Dating Violence, Domestic Violence, and Stalking**
In accordance with federal law and Texas A&M University System Regulation 08.01.01 Civil Rights Compliance (System Regulation 08.01.01), Texas A&M University prohibits discrimination and harassment on the basis of sex including sexual assault, dating violence, domestic violence, stalking, (as those terms are defined for the purposes of the Clery Act) and/or related retaliation. The following are statements of policy that address discrimination, harassment (including non-consensual sexual contact, sexual assault, sexual exploitation, dating

---

3 Sexual harassment is a form of sex discrimination. Unwelcome sexual advances, requests for sexual favors or other verbal, nonverbal or physical conduct of a sexual nature constitute sexual harassment when this conduct is so severe, persistent or pervasive that it explicitly or implicitly affects an individual's employment, unreasonably interferes with an individual's work or educational performance, or creates an intimidating or hostile work, educational, or campus living environment. Unwelcome means that an individual did not request or invite it and considers the conduct to be undesirable or offensive. Submission to the conduct or failure to complain does not always mean that the conduct was welcome. Sexual harassment may be quid pro quo (“this for that”) or may constitute a hostile environment. Sexual harassment includes non-consensual sexual contact, sexual assault, sexual exploitation, stalking, dating violence, and domestic violence when based on sex.
violence, domestic violence, stalking, quid pro quo and hostile environment sexual harassment), complicity, and retaliation as prohibited conduct. The policies apply whether the prohibited conduct occurs on or off campus and when it is reported to the university.

**Procedures for Reporting Sexual Assault, Dating Violence, Domestic Violence, Stalking, and Related Retaliation**

Individuals have the option of notifying on-campus and local law enforcement authorities to report sexual assault, dating violence, domestic violence, or stalking. Below is a list of local law enforcement agencies. Reports should be filed with the agency where the incident occurred.

The TAMUK PD and other law enforcement agencies are available to receive and investigate reports of sexual assault, dating violence, domestic violence, and stalking; assist in securing medical attention; participate in evidence preservation and collection; conduct criminal investigations of crimes; and inform the individual of legal and administrative options both on and off campus. Criminal investigations may occur independent from a conduct proceeding and are handled in accordance with the Texas Penal Code, the Texas Code of Criminal Procedure, and information from the Kleberg County District Attorney’s Offices. Law enforcement will help individuals understand the process of obtaining protective orders, restraining orders, or similar lawful orders issued by the courts.

Employees and student workers who observe or become aware of prohibited conduct must promptly report all known information, including identities of witness and involved parties, to the university.\(^4\) Student workers are not required to report prohibited conduct if the student worker observes or becomes aware of the prohibited conduct outside the context of their student worker employment. Employees and student workers who experience prohibited conduct are strongly encouraged, but not required, to report the prohibited conduct to the university. Additionally, students and third parties are strongly encouraged, but not required, to report prohibited conduct. Notwithstanding the above mandatory reporting requirement for employees, anyone may report matters which they believe are criminal to the appropriate local law enforcement agency.

At TAMHSC Kingsville, reports that a student, employee, or third party has engaged in prohibited conduct should be made to the Department of Civil Rights and Equity Investigations (CREI) as follows:

**Assistant Vice President and Title IX Officer**
Medical Sciences Library
202 Olsen Blvd., Suite 007
College Station, TX 77843
979-458-8407
civilrights@tamu.edu

CREI's Assistant Vice President and Title IX Officer is responsible for (1) overseeing the process of responding to allegations of prohibited conduct and (2) identifying and addressing any patterns or systematic problems that arise from the review of such complaints. The Assistant Vice President and Title IX Officer or

\(^4\) Exceptions include confidential employees and are described in the “Confidentiality/Privacy” section of this report.
designee shall decide whether this policy shall be applied to such allegations of prohibited conduct on a case-by-case basis. The decision of the Assistant Vice President and Title IX Officer is final and unappealable. Some conduct, while inappropriate, does not rise to the level of prohibited conduct. These behaviors are addressed by the appropriate disciplinary authority, e.g., Department Head, Student Conduct, Human Resources, etc., under rules or regulations other than this policy.

CREI is the department designated by the university to receive and investigate all reports alleging prohibited conduct against students, employees and third parties. However, reports that the Texas A&M President, or an employee who reports directly to the President, has engaged in prohibited conduct should be made to the Texas A&M System Ethics and Compliance Office (SECO) as follows:

SECO  
301 Tarrow, 6th floor  
College Station, TX 77843  
979-458-6120  
civilrightsreporting@tamus.edu

Additional options for reporting include the following.

Individuals wishing to submit an anonymous report may do so through Tell Somebody, an electronic reporting option. Anonymous reporting may also limit the university’s ability to respond to the allegation.

Individuals may file a complaint at any time with any local, state or federal civil rights office, including, but not limited to, the Equal Employment Opportunity Commission, the Texas Workforce Commission’s Civil Rights Division, the U.S. Department of Education’s Office of Civil Rights and the U.S. Department of Justice.

CREI has procedures in place to inform individuals of their rights to file criminal charges as well as the availability of services on and off campus. A complainant may request assistance from and/or will be assisted by CREI in notifying law enforcement authorities if the complainant so chooses. A report to law enforcement, even to TAMUK PD, is separate from a report to the university. An individual wishing to simultaneously pursue a law enforcement investigation and a university resolution of prohibited conduct should make a report to both entities. Individuals are notified of their right to report the incident to TAMUK PD and local police immediately, but always have the right to decline to notify such authorities. Reporting to law enforcement does not preclude an individual from pursuing disciplinary remedies with the university.

Although a report of prohibited conduct may be made at any time, regardless of when the conduct occurred, a report should be filed as soon as possible after the actions that caused the report. Prompt reporting assists investigators in the collection and preservation of evidence.

The filing of a report will not stop, delay, or affect pending personnel or disciplinary actions. This includes, but is not limited to, performance evaluations or disciplinary actions related to an employee or student who is not performing at acceptable levels or standards or who has violated policies, regulations, or university rules.

A person acting in good faith who reports or assists in the investigation of a report of an incident of sexual harassment, sexual assault, dating violence, or stalking, or who testifies or otherwise participates in a disciplinary process or judicial proceeding arising from a report of such incident: (1) is immune from civil liability and from criminal liability for offenses punishable by fine only, that otherwise might be incurred or imposed as a result

5 The individual(s) subjected to the alleged discrimination.
of those actions; and (2) may not be subjected to any disciplinary action by the institution at which the person is enrolled or employed for any violation by the person of the institution’s code of conduct reasonably related to the incident for which suspension or expulsion from the institution is not a possible punishment.

The university’s response to allegations of prohibited conduct will be prompt and equitable. The response is intended to stop/prevent recurrence of any prohibited conduct and remedy discriminatory effects of the conduct, as appropriate. A substantiated allegation of prohibited conduct will result in disciplinary action, up to and including termination of employment or separation from the university. Third parties who commit prohibited conduct may have their relationship with the university terminated and/or their privileges of being on university premises withdrawn.

CREI conducts an initial review and preliminary assessment of all reports/complaints of alleged prohibited conduct to assess the safety and well-being of the complainant, respondent, and the campus community. As part of the initial review, CREI will attempt to meet with the complainant to obtain more information about the allegations within 5 business of receiving a report or complaint, or as soon as reasonably practical thereafter. Initial review steps include: (1) informing the individual reporting of the right to file a complaint with law enforcement (if applicable) in addition to filing a complaint with CREI, (2) providing assistance in notifying TAMUK PD or appropriate law enforcement authorities if the individual so chooses, (3) informing the individual of the right to decline to contact law enforcement, and (4) informing the individual of the right to file a complaint with state and federal agencies. In coordination and consultation with other university officials, CREI will offer the opportunity to request interim supports, academic adjustments, and protective measures to provide for the safety of the individual and campus community.

CREI will also take steps to advise about (1) the importance of preserving evidence, if applicable, that could assist in proving that a criminal offense occurred or may be helpful in obtaining a protective order or assist in the investigation, (2) the university’s procedures for investigation and resolution, and (3) the university’s prohibition against retaliation. At this time, CREI will determine whether the complainant is a minor, elderly, or disabled and, if required, contact the appropriate agency in accordance with the Texas law.

CREI provides a written notification of available resources, rights, and options to each individual reporting prohibited conduct including sexual assault, dating violence, domestic violence, and stalking (whether the offense occurred on or off campus) regardless of whether the individual chooses to report the incident to local law enforcement or chooses to pursue institutional disciplinary measures or criminal remedies. The handout includes information regarding:

- the importance of preserving physical evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protective order;
- procedures about how and to whom the alleged offense should be reported;
- the option to notify proper law enforcement authorities including on-campus and local police;
- the option to be assisted by campus authorities in notifying law enforcement if the victim chooses;
- the option to decline to notify such authorities;
- the rights of individuals and the institution’s responsibilities for orders of protection, no contact orders (no contact restrictions), restraining orders, or similar lawful orders issued by criminal, civil, or tribal court or the institution;
- information about how the institution will protect confidentiality;

• existing on-campus and community resources/contacts (counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to students, faculty, and staff)
• the options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures;
• protection from retaliation; and
• an explanation of procedures for institutional disciplinary action in cases of alleged sexual assault, dating violence, domestic violence, and stalking.

Individuals reporting to the TAMUK PD also receive the handout.

Guidelines or Suggestions to Follow After an Incident of Sexual Assault, Dating Violence, Domestic Violence or Stalking (as applicable to the specific incident)

• Go to a safe place as soon as you can.
• Contact the TAMUK Police Department at 911 (911 or 2611 from any campus phone).
• Get medical attention as soon as possible to make sure you are physically well and to collect important evidence in the event you later wish to take legal action. Doctor’s Regional Hospital in Corpus Christi (361-761-1400) has a sexual assault program with trained Sexual Assault Nurse Examiners and a forensic unit offering detailed physical examinations, evidence collection, and expert testimony.
• Try to preserve all physical evidence. Do not wash, swim, brush teeth, use the toilet, or change clothing if you can avoid it. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag.
• Preserve evidence by saving text messages, instant messages, social networking pages, communications, pictures, or other documents, if any, that would be useful to police or investigators.
• Personnel are available to help explain options, give information, and provide emotional support. Personnel include: CREI 979-458-8407, Student Health Care Clinic 361-593-2904, Student Counseling Services 361-593-3991, Work/Life Solutions Program by GuidanceResources 1-866-301-9612, and Victims Initiative for Counseling, Advocacy and Restoration of the Southwest (VICARS) 1-888-343-4414.

Medical Treatment (as applicable to the specific incident)
It is important to seek immediate and follow-up medical attention for several reasons: first, to assess and treat any physical injuries sustained; second, to test for sexually transmitted infections or pregnancy and treat or take preventive measures; and third, to gather and preserve evidence that may assist in proving that the alleged criminal offense occurred or is occurring or may be helpful in obtaining a protective order. Physical evidence should be collected immediately, ideally within the first 24 hours. It may be collected later than this, but the quality and quantity of the evidence may be diminished. If victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infection.

Confidentiality/Privacy
Students and employees have the option to disclose confidentially to individuals designated as confidential employees. Confidential employees include, but are not limited to, licensed health care providers and professional psychologists/counselors, who receive reports when acting in this capacity as part of their official employment. When an individual shares information with a confidential employee, the confidential employee will not reveal the information to any third party except when an applicable law or a court order requires or
permits disclosure of such information. However, such information could be disclosed when: (1) the individual gives written consent for its disclosure; (2) there is a concern that the individual will likely cause serious physical harm to self or others; or (3) the information concerns conduct involving suspected abuse or neglect of a minor under the age of 18, the disabled, or the elderly.

Additionally, allegations of prohibited conduct disclosed to confidential employees will not be reported to the institution, except as required by law. Publicly available recordkeeping must not include personally identifying information. Incidents are shared in a way that does not identify the individuals. For example, licensed healthcare providers share de-identified information regarding this conduct that may be statistics in the Clery Annual Security Report and/or disclosed in the daily crime log without identifying the individuals concerned.

The Texas A&M Kingsville Student Counseling Services (361-593-3991) and the Work/Life Solutions Program by GuidanceResources (1-866-301-9612) are confidential mental health counseling services available to students and employees, and the employee’s benefits-eligible dependents respectively. Currently enrolled students can access on-campus student health services at Texas A&M Kingsville Health Care Clinic (361-593-2904).

While the university wishes to create an environment in which individuals feel free to discuss concerns and make complaints, the university may be obligated to take action when its officials are informed that prohibited conduct may be occurring. Information is considered private but not confidential when shared with university personnel and officials who do not possess a legal confidentiality exemption. Although the confidentiality of information received, the privacy of the individuals involved, and the wishes of the reporting party, complainant, and/or respondent cannot be guaranteed, they will be protected to as great a degree as is legally possible.

The university is committed to protecting the privacy of reporting parties, complainants, and respondents. Given the sensitive nature of reports, information will be maintained in a secure manner and will only be disclosed to school officials who are responsible for handling the university’s response. The expressed wishes of the reporting party, complainant, and/or respondent regarding privacy will be considered by CREI or designee in the context of the university’s obligation to act upon the complaint and the right of the charged party to be informed about the charges against them. CREI or designee is responsible for evaluating requests for privacy and informing complainants of their right to use a pseudonym in university documents related to the complaint. If the individual does not disclose any identifying information about him/herself or any other party involved (e.g. names, department, or unit) during the inquiry, the university’s ability to respond to the allegations may be limited.

Although individuals reporting sexual assault are not required to file criminal charges, the following program is offered in the State of Texas. In accordance with the Texas Code of Criminal Procedure, Chapter 57, when reporting certain sex offenses to a Texas law enforcement agency, victims may use a pseudonym to protect their identity. The offenses applicable to this program are identified in Chapter 62 of the Texas Code of Criminal Procedure.

---

7 Personally identifying information is defined as individually identifying information for or about an individual, including information likely to disclose the location of a victim of domestic violence, dating violence, sexual assault, or stalking, regardless of whether the information is encoded, encrypted, hashed, or otherwise protected, including a first and last name; a home or other physical address; contact information (including a postal, email, or internet protocol address, or telephone or facsimile number); a social security number, a driver’s license number, passport number or student identification number; and any other information, including date of birth, racial or ethnic background, or religious affiliation that would serve to identify any individual.

8 Private - that which affects, characterizes, or belongs to an individual person, as opposed to the general public. With respect to this regulation, private means restricting information to those with a reasonable need to know.
Criminal Procedure, defined by the Texas Penal Code, and include sexual assault. The pseudonym will replace the victim’s name in all public files and records concerning the offense, including police records, press releases, and records of judicial proceedings.

**Resources, Rights, and Options**

Following an allegation of sexual assault, dating violence, domestic violence, stalking, and/or related retaliation the complainant, the respondent, and other affected individuals have certain resources, rights, and options available to them. Parties with an inquiry or complaint are informed of resources, rights, and options in writing when CREI or other designees receive notification of an incident whether it occurred on or off campus and regardless of whether the individual elects to pursue a criminal complaint or disciplinary measures. Other designees include personnel who are likely to receive reports of prohibited conduct in Student Affairs, Human Resources, and TAMUK PD. Available assistance is also covered through prevention and awareness education. Additional information about any of the resources, rights, and options discussed in this section can be requested from CREI.

Following are on-campus and community resources available to complainants, respondents, and others.

### Institutional Rights and Options (Interim Measures)

The institution is obligated to offer and provide assistance to the complainant, the respondent, and other affected individuals in obtaining a range of accommodations, support services, academic adjustments, and interim, remedial, and protective measures. The measures are intended to facilitate continued access to university employment, academic programs, and university activities; stop and prevent the reoccurrence of prohibited conduct; and support the individuals involved.

The institution is obligated to comply with the individual’s reasonable request for a living and/or academic situation change following an allegation of sexual assault, dating violence, domestic violence, or stalking. Upon the request of an individual involved with the report, CREI (979-458-8407) can assist with measures including, but not limited to, changing academic, living, transportation, and working situations and obtaining no contact directives. The various options are provided on a temporary or permanent basis (subject to periodic review), if requested, appropriate, and reasonably available, regardless of whether the individual chooses to report the
When an allegation of sexual assault, dating violence, domestic violence, or stalking is made, the institution will take prompt steps to provide interim measures before the investigation. These measures may be available regardless of whether a formal disciplinary investigation is pursued. The university will maintain the privacy of a person receiving support services, academic adjustments, or protective measures provided to the extent practical and will promptly address any violation of the protective measures. In determining which institutional measures to impose and the reasonableness of the related measures, CREI considers the request; the safety of the complainant, respondent, and the university community; the specific needs of the individuals; the severity or pervasiveness of the allegations; continuing effects; sharing of residence halls, dining halls, classes, transportation, or job locations; other judicial measures already in place; and other factors as appropriate. CREI will also consider whether requesting an interim suspension or interim restriction (for student respondents) or an interim administrative action such as a leave of absence (for employee respondents) would enhance the safety and well-being of the complainant, respondent, and campus community.

Measures provided by the institution vary and may include, but are not limited to, the following:

- Changing on-campus living situations including obtaining emergency housing or moving into another residential facility
- Providing academic accommodations such as transferring, withdrawing, or retaking classes; postponing due dates; or rescheduling exams or assignments
- Changing work schedules, job assignments, work locations, or other arrangements
- Transportation and parking assistance and/or modification
- Assistance in obtaining access to medical, legal (protective orders and criminal trespass warnings available through law enforcement and the judicial system), counseling support, and financial aid guidance
- Imposing institutional no-contact directives as described below
- Imposing interim suspensions of students as described below
- Obtaining interim administrative actions for employees, such as a leave of absence (with or without pay) as described below
- Imposing institutional interim restrictions¹⁰ on students including restrictions in representing the university, and/or restriction of participation in university affiliated organization meetings, events, and/or activities

**No-contact Directive.** A no contact directive is an interim measure issued by the institution that prohibits two parties from contacting one another through any means. No contact directives can be issued in addition to court ordered protection but may also serve as an alternative for those who do not want to seek a court order. A complainant or a respondent can request a no-contact directive through the CREI at 979-458-8407. CREI may issue a no-contact directive at any time prior to or during a conduct investigation based on information

¹⁰ Interim restrictions may be imposed (1) when a student has been interim suspended; (2) when a determination is made to implement a transcript hold under Texas A&M System Regulation 11.99.02; and/or (3) in instances when the student’s participation or representation would threaten or negatively impact other students who are participating and/or representing an organization or the university. When interim restrictions are imposed, a student will be notified in writing of the specifics of the restrictions and why the restrictions are being implemented. Restrictions will remain in place through a designated time period and/or, if not indicated, until the student is notified that the restriction has ended.
provided by the requestor. A no-contact directive may also be implemented as a sanction subsequent to a finding of responsibility. If good cause for a no-contact directive is determined, both parties are notified of the restrictions in writing. Records are maintained in the student conduct system for no-contact directives involving students.

Individuals should be aware that direct contact, refusal to leave a protected area, appearing at a location one reasonably knows the protected party is at, third-party contact, or even an anonymous contact are all potential violations of a no-contact directive. Violations should be reported to CREI and may result in further disciplinary action.

Interim Suspensions of Students: A student may not be expelled or suspended prior to a decision of responsibility for prohibited conduct or for other violations of university rules, policies, regulations, codes, or SAPs except when the Dean of Student Life believes that an interim suspension should be imposed.

Interim suspensions may be imposed only to ensure the safety and well-being of members of the university community or guest, or preservation of university property; to ensure the student's own physical or emotional safety and well-being; and/or if the student poses an ongoing threat of disruption of, or interference with, the normal operations of the university.

If the Dean of Student Life issues an interim suspension, a show cause hearing will be scheduled as soon thereafter as practicable. The student will be notified in writing of this action and the reasons for the interim suspension. The notice will include the time, date, and place of a subsequent conference at which the student may show cause as to why his/her continued presence on the campus does not constitute a threat. The student may also contest whether the facts of the initial report are accurate.

The Dean of Student Life works in collaboration with appropriate TAMHSC administrators to implement the interim suspension. During the interim suspension, a student may be denied access to campus housing and/or the campus (including classes) and/or all other university activities or privileges for which the student might otherwise be eligible.

The interim suspension does not replace the investigation and resolution process. The investigation and resolution process shall proceed as outlined in this policy, except that the timelines referenced in this policy may not be followed and the allegations will be resolved as soon as possible.

Interim Administrative Actions for Employees: In accordance with university rules and SAPs, CREI may request that an employee be placed on leave during the investigation and resolution process. CREI may also issue interim restrictions to an employee, which include, but are not limited to, contact restrictions (no-contact directives); representation of the university; “no trespass” orders, etc. Such interim actions will remain in place as specified in a notification to the employee or until the allegations are resolved.

Confidentiality/Privacy of Accommodations and Protective Measures (includes interim measures): The university will maintain as private any accommodations or protective measures provided to the extent that maintaining such privacy would not impair the ability of the institution to provide the accommodations or protective measures. CREI is responsible for determining what information and to whom information will be disclosed based on the circumstances of the allegation, the individuals involved, and related safety needs. CREI uses discretion and only discloses information to key officials at the institution who perform the tasks necessary for obtaining or providing the particular accommodation or protective measure. The identity of an alleged victim of sexual harassment, sexual assault, dating/domestic violence, or stalking may only be disclosed to: (a) persons
employed or under contract with the institution, who are necessary to conduct an investigation of the report or any related hearings; (b) a law enforcement officer as necessary to conduct a criminal investigation of the report; (c) the person or persons alleged to have perpetrated the incident, to the extent required by other law; or (d) potential witnesses to the incident as necessary to conduct an investigation of the report. Other areas receiving information related to supportive measures may include, but are not limited to: Student Affairs, University Housing and Residence Life, Parking and Transportation Services, Athletics, Student Financial Aid, Student Activities, Human Resources, academic departments (direct supervisor, Dean, or Associate Dean), or non-academic departments (direct supervisor, Vice President, or designee). Prior to disclosure, CREI will receive consent to disclose the identity of the alleged victim, inform the individual of the information that will be shared, with whom it will be shared, and why.

Legal Rights and Options
The institution provides information and assistance to the complainant, the respondent, and other affected individuals in obtaining lawful orders issued by a criminal, civil, or tribal court including protective orders and criminal trespass warnings as discussed below. Failure to comply with any of the terms of lawful interim protective measures may be considered a separate violation in the institutional disciplinary proceeding.

Protective Orders: Individuals may apply for protective orders through the Texas criminal justice system. A protective order is an interim protective measure that requires the recipient to stay away from the protected individual’s home, workplace, and/or children’s schools (if the children are protected persons in the order) depending on the documented circumstances. It can require the recipient to stop communicating with the protected individual in a harassing or threatening manner, attend counseling, pay child support, and/or pay spousal support. An application for a protective order may be filed by an individual, a prosecuting attorney, or the Texas Department of Family and Protective Services (1-800-252-5400) on behalf of an individual. The application is obtained through the county attorney (Kleberg County Attorney’s Office – Victim’s Assistance Program, 361-595-8547) or a private attorney. More information can be found on the following webpage: http://www.co.kleberg.tx.us/default.aspx?Kleberg_County/County.Attorney

The application for a protective order must be filed in either the county where the applicant lives or the county where the recipient lives. The applicant’s address can be kept confidential. If the legal criteria for a protective order is met, the county or district attorney’s office will prepare and file all of the paperwork necessary to request a protective order from a court. Such orders provide effective tools for law enforcement when they are called upon to protect an individual and their family. Additionally, an emergency protective order may be recommended and automatically issued by the court following the original report and arrest of the respondent. A hearing is held at a later date to determine if the order should be extended or modified.

Local law enforcement agencies are notified of protective orders that exist in their area. If the requestor or other institutional personnel become aware that a protective order is violated, local law enforcement should be contacted immediately. TAMUK PD (361-593-2611) can assist with this process. Responding agencies can be contacted for protective order violations including the Kingsville Police Department (361-592-4311) or the Kleberg County Sheriff’s Department (361-595-8500). Violating protective orders generally carry authority for the violator’s immediate arrest.

Criminal Trespass Warning: A criminal trespass warning is an interim protective measure issued by the TAMUK PD directed at those who are considered a danger to the campus community or a danger to a certain individual in the campus community. The warning advises the respondent to leave the premises and forbids him/her from entering and/or remaining on certain property which can cover either the entire campus or a specific campus location. To request a criminal trespass warning, contact TAMUK PD at 361-593-2611 and request
to speak with an officer. The officer issues the criminal trespass warning if the respondent is determined to pose a risk to campus safety based on information provided by the requestor as it relates to applicable state law. When the warning is issued, the officer is responsible for providing notice to the requestor and the person receiving the warning.

Law enforcement officers are notified of criminal trespass warnings that exist in their area. If a criminal trespass warning is violated, TAMUK PD should be contacted immediately at 361-593-2611. A violation of the criminal trespass warning occurs when the individual is issued a warning but refuses to leave campus or is subsequently found in a prohibited area based on the trespass warning. The requestor and other institutional personnel should take appropriate action by contacting TAMUK PD for a responding officer when they become aware of a potential violation of a criminal trespass warning. TAMUK PD generally enforces these warnings by charging violators with criminal trespass resulting in arrest and/or fine.

If the complainant, respondent, or member of the university community has obtained a protective order, civil no-contact order, restraining order, or similar order from a court as described in this section, against another member of the university community, a copy of the order should be provided to the Chief Risk, Ethics, and Compliance Officer. In conjunction with TAMUK PD and other university officials, the Chief Risk, Ethics, and Compliance Officer will take all reasonable actions authorized by law to implement the order.

**Other Legal Options:** The TAMU Police Department’s Community Services Division (979-845-0070), the Kleberg County Victim Assistance Program (361-595-8547), and the Kleberg County District Attorney’s Office (361-595-8544) are available to provide information or direct victims to the proper agency about personal safety, Texas Crime Victim’s Rights, Texas Crime Victims Compensation Fund and other information upon request. Or visit the Office of the Texas Attorney General’s website at: https://www.texasattorneygeneral.gov/cvs/crime-victims-compensation.

**Investigations and Disciplinary Proceedings** for Sexual Assault, Dating violence, Domestic Violence, Stalking, and Related Retaliation

Proceedings from an allegation of sexual assault, dating violence, domestic violence, or stalking (prohibited conduct) are provided in a prompt, fair, and impartial manner from the initial investigation to the final result, including any appeals. They are consistent with the institution’s policies and transparent and equitable to the complainant and respondent. The investigation provides that:

- Timely and equal access to any information that will be used during informal and formal disciplinary meetings and hearings will be provided to the complainant, respondent, and appropriate officials.
- During the investigation the complainant and respondent have timely notice of meetings at which the complainant or respondent, or both, may be present.

Individuals conducting investigations and other decision makers, at a minimum, receive training annually regarding university rules and procedures and handling of civil rights investigations. Investigators receive additional training in regards to conducting fair and impartial investigations including trauma-informed investigation techniques, due process protections, and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

---

11 For the purposes of this section, proceeding means all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and the complainant, the respondent, and other affected individuals concerning accommodations or protective measures.
Employees and student workers who observe or become aware of prohibited conduct must promptly report all known information, including identities of witness and involved parties, to the university. Student workers are not required to report prohibited conduct if the student worker observes or becomes aware of the prohibited conduct outside the context of their student worker employment. Employees and student workers who experience prohibited conduct are strongly encouraged, but not required, to report the prohibited conduct to the university. Additionally, students and third parties are strongly encouraged, but not required, to report prohibited conduct. Once an individual discloses information to CREI, a complaint will be considered to be filed with the university, and the institution’s process is initiated regardless of whether the complainant choses to pursue criminal charges.

The complaint regarding prohibited conduct is initially reviewed by CREI, not only to assess safety, but also to determine whether a potential violation of the System Regulation 08.01.01 or other university rule, SAP, code, or policy could have occurred. During the initial review and preliminary assessment CREI will:

- Inform the complainant formal resolution policies and solicit the complainant’s preferred method for resolving the matter. The complainant may request a formal resolution of the allegations of prohibited conduct or may request “no resolution” of the allegations or prohibited conduct.
- If applicable, inform the complainant of the right to use a pseudonym in university documents related to the complaint.
- Offer assistance to the complainant in submitting a written complaint that details the nature and circumstances of the allegations, including the names of the complainants and respondents, if so inclined.

If a complaint alleges conduct that may be prohibited conduct as well as a violation of one or more rules, SAPs, regulations, codes, or policies; CREI will consult with other university officials, as appropriate, and coordinate procedures to resolve the allegations in addition to those required by this policy. CREI may elect to resolve all the allegations in one proceeding under this policy, or CREI may elect to refer one or more of the allegations to other university administrators for resolution apart from this policy.

No Resolution
If the complainant requests that no resolution of the allegations occur, the university will seek to honor the request whenever possible without impeding the university’s ability to enhance the safety and security of the complainant and the university community. CREI will consider the following factors when evaluating such requests:

- All of the known circumstances, including any corroborating evidence;
- The nature and scope of the alleged conduct, including whether the reported behavior involves the use of a weapon;
- The respective ages and roles of the complainant and respondent;
- Whether there have been other reports of prohibited conduct or other misconduct by the respondent;
- Whether the report reveals a pattern of misconduct related to prohibited conduct (e.g. via illicit use of drugs or alcohol) at a given location or by a particular group;
- Fairness considerations for both the complainant and the respondent;
- Whether the university possesses other means to obtain relevant information and evidence;
- The university’s obligation to provide a safe and non-discriminatory environment;
- Admissions of responsibility by the respondent, if any; and
- The impact of honoring the request on the complainant and the university community, including the risk of additional violence.
If the university is able to honor the complainant’s request for no resolution, the university may close the matter with no action taken, or the university may proceed with other appropriate steps, including investigation and disciplinary action against the respondent for violations of other rules, SAPs, regulations, policies, or codes, if applicable.

If the university determines that the complainant’s request cannot be honored, the complainant will be notified of the decision, and CREI will take appropriate actions, including but not limited to, (1) offering support services or academic adjustments and imposing protective measures and (2) initiating a formal investigation.

Formal Resolution
The allegations will be considered for investigation pursuant to the following procedures. CREI reserves the right to resolve the complaint through no resolution rather than a formal investigation if the allegation does not rise to the level of prohibited conduct.

Within 5 business days of the receipt of a report, or as soon as practicable thereafter, CREI may consult with the Texas A&M University System Office of General Counsel (OGC) as needed and make a preliminary determination about whether to conduct a formal investigation of the allegations. The preliminary determination may include, but is not limited to, the following:

- An assessment of whether there is sufficient known or obtainable information to proceed with an investigation of the complaint;
- An assessment of whether the allegations are baseless;
- An assessment of whether the allegations, if true, would constitute prohibited conduct; and/or
- An assessment of whether a complainant’s request for no resolution may be honored.

If it is determined that there is insufficient information to proceed with an investigation; or that the allegations are baseless; or that the allegations, if true, would not constitute prohibited conduct; or, that an investigation will not occur due to the complainant’s request for no resolution, CREI may, after consultation with OGC, dismiss the complaint or refer the report to a different office at the university. The university office may review the conduct and take disciplinary action against the respondent for violations of other university rules, codes, regulations, policies, or SAPs, if applicable.

Once it has been determined that the university will proceed with a formal investigation, CREI will appoint the Investigative Authority (IA)\(^\text{12}\) to initiate the process of determining whether a violation of System Regulation 08.01.01 or other university rule, SAP, code, or policy occurred.

Within 2 business days of the IA’s appointment, the Assistant Vice President and Title IX Officer (or designee) shall simultaneously notify the complainant(s) and respondent(s) in writing of the commencement of the investigation. The notice of investigation will include:

- the identity (or pseudonym, if requested and applicable) of the complainant and the respondent;
- the date, time (if known), location, and nature of the alleged misconduct;
- the regulation(s), policies(s), rule(s), SAP(s), or code(s) alleged to have been violated and a copy of the Texas A&M University SAP 08.01.01.M1.01, Investigation and Resolution of Allegations of Prohibited Conduct Against Students, Employees, and Third Parties (SAP 08.01.01.M1.01);

\(^{12}\) The IA is one or more trained individuals appointed to conduct a formal investigation to discover and examine the facts related to an allegation. The IA may also draw conclusions as to whether, based on the preponderance of the evidence, an allegation is substantiated, unsubstantiated, or that there is insufficient information to substantiate. The IA may also draw conclusions as to whether or not any other regulations, codes, policies, rules or SAPs were violated.
• the identity of and contact information for the IA;
• the identity of the Designated Administrator (DA) and Appellate Authority (AA);\(^{13}\)

• an instruction to the parties to preserve any potentially relevant evidence in any format;
• information about the university’s process for challenging the neutrality or bias of the IA, DA, or AA; and
• a redacted copy of the written complaint, if any, with appropriate admonishments about privacy.

If the complainant has requested that a pseudonym be used in the university’s paperwork, the respondent will be verbally notified of the complainant’s name at the respondent’s intake meeting. The notice will also include an assurance that the parties will be kept apprised of the status of the investigation and resolution process and provide a contact person for the party to contact for periodic update.

CREI is responsible for all administrative actions required to conduct the investigation. These include, but are not limited to, informing the parties of extensions or other delays affecting the investigation, contacting supervisors or faculty regarding their employees’ or students’ time away from work or class to participate in the investigative process, making reports to university administrators, and other responsibilities necessary to properly conduct the investigation.

To the extent possible, the investigation will be conducted in a manner that protects the privacy of all parties involved. While the university cannot guarantee complete privacy, information collected during the investigation will be communicated only to the parties and those with a need to know in order to fulfill the purposes of university policies and to comply with applicable laws.

If the respondent is an employee, the Assistant Vice President and Title IX Officer (or designee) shall notify, in writing, the respondent’s department head that CREI is investigating an allegation that the respondent has engaged in conduct that may be a violation of System Regulation 08.01.01 or other university rules, SAPs, codes, or policies.

The IA will review the complaint, conduct a prompt, fair, thorough, and impartial investigation, and provide a draft investigation report for OGC review within approximately 30 business days from the issuance of the notice of investigation. Circumstances may warrant extensions to this timeframe. Abuse of the investigation and resolution process is subject to disciplinary action up to and including dismissal or separation from the university. Examples of abuse of process include, but are not limited to:

• Failure to appear at a meeting, interview, hearing, or conference as set forth in a notice issued by CREI;
• Falsification, distortion, destruction, or misrepresentation of evidence or information;
• Disruption or interference with the orderly conduct of an investigation, interview, meeting, hearing or conference;

\(^{13}\) The DA reviews the investigation report, the documentary evidence, and any other relevant information and renders a written decision of responsibility based on the preponderance of the evidence as to 1) whether the conduct alleged occurred; and 2) whether each allegation has been substantiated, unsubstantiated, or that there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01. The DA may also render a written decision as to whether other regulations, codes, policies, rules or SAPs were violated. If violation(s) are found, the DA may issue sanctions. If the complainant or the respondent appeals the DA’s decision, the AA will review the investigation report, the DA’s decision, the documentary evidence, and any other relevant information and render a written decision on the appeal. All persons serving as DAs, AAs, and IAs will be impartial and free of conflicts of interest against the complainant or the respondent. Parties who are concerned about the impartiality of an individual serving in one of these roles should submit their concerns, in writing, to the Chief Risk, Ethics, and Compliance Officer (civilrights@tamu.edu) who may designate alternative individuals to fulfill any of these roles. If the concern is in relation to the Chief Risk, Ethics, and Compliance Officer serving in one of the capacities, the Vice President for Finance will have the option of designating a replacement.
• Intentionally initiating or causing a false report to be initiated;
• Attempting to discourage an individual’s proper participation in, or use of, the investigation and resolution process, disciplinary process, or legal process;
• Attempting to influence the impartiality of the IA, AA, or DA prior to, and/or during the course of the investigation and resolution process;
• Verbal or physical intimidation, and/or retaliation of any party to the investigation and resolution process prior to, during, and/or afterwards;
• Failure to abide by the terms of university administered sanctions;
• Influencing or attempting to influence another person to commit an abuse of the investigation and resolution process; and/or
• Failure to cooperate fully with the IA (applies to employees only).

Students, employees, and third parties who are found responsible for abuse of the investigation and resolution process are subject to the sanctions as described in this policy.

During the investigation, the complainant and the respondent will have an equal opportunity to be heard, submit information and corroborating evidence, identify witnesses who may have relevant information, and submit questions to be asked of the other party. Questions for the other party will be asked by and at the discretion of the IA. The IA will meet separately with the complainant, the respondent, and any witnesses, and will gather other relevant and available evidence and information. The IA may also consult medical, forensic, technological, or other experts when expertise is needed in order to achieve an understanding of the issues under investigation.

Witnesses must have observed the acts in question or have information relevant to the incident in order to participate in the process. A witness cannot participate solely to speak about an individual’s character. However, a respondent may provide letters or other written testimonials to the IA that include information about the respondent’s character, which will be provided to the DA after a decision on responsibility has been made but before sanctions, if any, are considered.

Investigations provide both the complainant and respondent the same opportunities to have others present during any institutional proceeding, including the opportunity to be accompanied to any related meeting or proceeding by an advisor (any individual who provides the complainant or respondent support, guidance or advice) of their choice. The advisor may be present at any time in which the party participates in the investigation and resolution process, including the filing of the complaint, the interview with the IA, and all other meetings related to the investigation and resolution of the complaint. The advisor may be any person selected by a party, including legal counsel, except that the advisor may not be another party or a witness in the case. Restrictions regarding the extent to which the advisor will participate in the proceedings may be established and applied equally to both parties. The advisor’s participation will be limited to the role of an observer, although the advisor may request a break at any point to give advice to a party. An advisor can be barred from being present during the process if, in the judgment of the IA, the DA, the AA, or the Assistant Vice President and Title IX Officer, the advisor attempts to directly address the IA, DA or AA, advocate on behalf of a party, or is otherwise disruptive. All parties, including advisors, are informed of participation restrictions before a proceeding is conducted so that parties understand and respect the limitations. Any fees charged by the advisor are the responsibility of the individual who selected the advisor.

When the university is made aware that there is a concurrent criminal investigation, CREI may inform the law enforcement agency that a university investigation is also in progress; ascertain the status of the criminal
investigation; and determine the extent to which any evidence collected by law enforcement may be available to the university in its investigation.

At the request of law enforcement, the university may temporarily defer part or all of the investigation until after the initial evidence-gathering phase of the law enforcement investigation is complete. The IA will communicate with the parties (as appropriate) about the law enforcement agency’s request; the university’s obligations and supportive resources; procedural options; anticipated timing; and the implementation of any necessary interim measures for the safety and well-being of all affected individuals.

Standards for the resolution of criminal allegations are different than the standards for resolution of a violation of System Regulation 08.01.01 and/or any other university policy, rule, SAP, or code; therefore, the university will not base its decisions on any law enforcement determination and/or the outcomes of any criminal proceedings.

The IA has the sole discretion to determine the relevance of evidence and whether it should be included in or excluded from the investigation report. With respect to allegations of prohibited conduct based on sex or gender, the sexual history of the complainant or respondent is generally irrelevant and will not be used to prove character or reputation. Sexual history of the parties may be relevant in limited circumstances, such as when it aids in determining the manner and nature of prior communications of consent between the parties.

At the conclusion of the investigation, the IA will prepare a draft investigation report summarizing the relevant information gathered and outlining any relevant contested and uncontested information. The draft investigation report will not include any conclusions as to whether allegations are substantiated, unsubstantiated or that there is insufficient information to substantiate.

The complainant and the respondent will be notified that the draft investigation report is complete and will be given 5 business days to review the draft investigation report and submit a written response to the IA. CREI may extend the time to review the draft investigation report upon request for good cause. If one party is granted an extension of time to review the report, an equal amount of additional time will be granted to all other parties.

In cases that include allegations against a student respondent, the exhibits to the draft investigation report may be reviewed by the parties upon request. In cases that include allegations against an employee or third party respondent, all parties may review the exhibits to the draft investigation report without making a request.

Involved parties have the opportunity to review and respond to the draft investigation report by: (1) providing written comment or feedback, (2) submitting additional evidence or information, (3) identifying additional witnesses or requesting the collection of other information by the IA, and/or (4) suggesting questions to be asked (at the discretion of the IA) of the other parties. A party’s written response, if any, will be shared with all other parties and incorporated in the investigation report as an exhibit. If a party knows, or through the exercise of reasonable diligence, should know, of information or evidence that was not provided to the IA during the investigation, the party must provide such information or, if the party does not have access to the information, a description of such evidence to the IA during the review and respond period or such evidence will not be considered, absent good cause, in the determination of responsibility for a violation of a regulation, rule, SAP, code, or policy.

At the conclusion of the review and respond period, the IA will determine if any new or relevant information was provided by one or both of the parties. If necessary, the IA may pursue additional investigative steps
and/or amend the investigation report. If the amended investigation report contains any material or substantial changes, the complainant and respondent will be given 5 business days to review the amended investigation report and submit a written response as set forth above. The opportunity to review and respond to an amended investigation report will be extended to the complainant and respondent until the IA determines that no material or substantial changes were made to the draft investigation report.

The IA may add a conclusion for each allegation to the investigation report after the final review and responds period concludes. The conclusion will be: substantiated, unsubstantiated, or insufficient information to substantiate based on the evidence and information in the report. In addition, the IA may add a conclusion as to whether System Regulation 08.01.01 was violated, and, if appropriate, the IA may make a conclusion as to whether other regulations, policies, rules, SAPs, or codes were violated. The IA will use the preponderance of the evidence standard (i.e., more likely than not) in making conclusions. The IA will not make any recommendations or conclusions with respect to sanctions. The conclusions of the IA are merely advisory and are not the final decision with respect to responsibility.

Within 5 business days after the final review and respond period concludes, CREI will forward the investigation report, as amended with conclusions (if applicable), along with the documentary evidence and any other relevant information, to the OGC. OGC will conduct a legal review in accordance with Section 4.2.5 of System Regulation 08.01.01. OGC will provide its legal review to the IA within 10 business days. After receiving the legal review, the IA will have 5 business days to finalize the investigation report. The Assistant Vice President and Title IX Officer (or designee) will submit the final report directly to the DA, appointed in accordance with the following table, for decision-making. In cases that involve a student respondent, all parties will receive an electronic copy of the final investigation report (which does not include conclusions or exhibits) at the time the report is sent to the DA. Exhibits may be reviewed upon request in CREI’s office.

The respondent is presumed to not have engaged in prohibited conduct until the DA finds that there is sufficient evidence based on a preponderance of the evidence to find that the respondent has violated System Regulation 08.01.01 or Texas A&M University Rule 08.01.01.M1, Prohibited Conduct: Discrimination, Harassment, Complicity, and Related Retaliation based on a Protected Characteristic. If violation(s) are found, the DA may issue sanctions.
**Formal resolution procedures governing non-separable allegations against students** and all allegations against employees and third parties

The DA will (1) review the unredacted final investigation report, the documentary evidence, and any other relevant information; and (2) draft a result (hereafter called decision) based on the preponderance of the evidence as to a) whether the alleged conduct occurred; and b) whether each allegation is substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01. The DA may also decide whether the respondent has violated any other regulations, rules, SAPs, codes, or policies. If any violations of System Regulation 08.01.01 are substantiated, the draft decision will include sanctions. The draft decision may also include sanctions for substantiated violations of regulations, rules, SAPs, codes, and policies.

In the decision, the DA will state the rationale for the decision and the sanctions, if any. The decision must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must include the rationale for the decision and the sanctions. The decision will also include an explanation of how the university weighted the evidence, how the evidence and information support the decision and sanctions, and how the standard of proof was applied. The final decision will include instructions for appealing the decision and/or sanctions. The decision of responsibility made by the DA does not constitute an employment action with respect to faculty and non-faculty employees. Any sanction imposed as a result of a substantiated finding, will constitute an employment action.

If the DA has substantial doubts about the thoroughness, fairness, and/or impartiality of the investigation, the DA may refer the matter back to the IA with further instructions, which could include the appointment of a different IA.

Within 5 business days of the DA’s receipt of the final investigation report, the DA will forward its draft decision, including sanctions, to OGC. Within 5 business days of OGC’s receipt of the draft decision, OGC will conduct a legal review in accordance with Section 4.4.1 of System Regulation 08.01.01 and consult, as needed, with respect to sanctioning.

Once the DA receives OGC’s legal review, the DA will then have 5 business days to finalize the decision and 1) forward notice of the DA’s decision to the parties simultaneously and in writing; and 2) in cases that involve an employee respondent, simultaneously notify the parties of their right to review a copy of the final investigation report, with conclusions and the exhibits, after receiving admonishments as to privacy and retaliation.

---

14 A non-separable allegation against a student is an allegation that a student engaged in conduct that does not carry a possible sanction of suspension or expulsion as per the Texas A&M Student Sanctioning Matrix or 2) has been determined by the Assistant Vice President and Title IX Officer to not be serious enough that, if true, a possible sanction of suspension or expulsion would be appropriate.

15 Result is defined as any initial, interim and final decision by any official or entity authorized to resolve disciplinary matters within the institution.

16 With respect to an allegation involving prohibited conduct based on sexual harassment, sexual assault, sexual exploitation, dating abuse/violence, domestic abuse/violence, or stalking based on sex or gender, the DA will simultaneously notify the parties, the IA, and any other university official with a need to know of any initial, interim, and final decision on the allegations and/or sanctions in writing, except when doing so would violate state or federal law (e.g., FERPA). If the allegations involve prohibited conduct other than sexual harassment, sexual assault, sexual exploitation, dating abuse/violence, domestic abuse/violence, stalking, or related retaliation the DA will simultaneously notify: (1) the complainant that an investigation of the allegations was conducted and the matter has been resolved appropriately; and (2) the respondent, the IA, and any other university official with a need to know, of the decision and/or sanctions. In all cases, the DA will also notify the parties that they can review the final investigation report with conclusions (if applicable) and exhibits in CREI’s office. The final investigation report is redacted in accordance with state and/or federal law before the parties' review.
Formal resolution procedures governing separable allegations against students

The DA will (1) review the unredacted final investigation report, the documentary evidence, and any other relevant information; and, (2) conduct a live hearing to allow the parties to present witnesses, evidence or information, and to cross-examine the other parties or witnesses by submitting written questions to the DA (questions will be asked by and at the discretion of the DA). If applicable, the DA has the sole discretion to determine the relevance of evidence and whether it should be heard at a live hearing. The Rules of Evidence do not apply in a live hearing. Thereafter, the DA will announce a decision (see Footnote 15), based on the preponderance of the evidence, as to a) whether or not the alleged conduct occurred; and b) whether each allegation is substantiated, unsubstantiated, or there is insufficient information to substantiate that the respondent violated System Regulation 08.01.01. The DA may also announce a decision as to whether the respondent violated any other university regulation, code, policy, SAP, or rule.

If the DA determines that any regulations, policies, rules, SAPs, or codes have been violated, the DA will conduct a second hearing on sanctions immediately following the first hearing. The DA will receive information about and consider the following factors and accept any impact or mitigation statements as well as any information about the respondent's character. Factors include, but are not limited to:

- the expressed wishes of the complainant(s);
- the nature of the prohibited conduct;
- the impact of the conduct on the complainant(s) and university community and the need to protect the safety of the university community;
- prior disciplinary history of the respondent;
- whether the respondent has accepted responsibility for the conduct;
- the necessity of any specific action in order to eliminate the prohibited conduct, prevent its recurrence, and remedy its effects on the complainant(s) or other university community members; and/or
- any other mitigating, aggravating, or compelling circumstances.

Thereafter, the DA will simultaneously notify the parties, in writing, of the decision on responsibility and sanctions (see Footnote 16). In the decision, the DA will state the rationale for the decision and the sanctions, if any. The decision must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provision Act (20 U.S.C. 1232g), commonly referred to as FERPA, the result must include the rationale for the decision and the sanctions. The decision of the DA will include how the university weighted the evidence and information contained within the investigation report, how the evidence and information support the decision and sanctions, and how the standard of proof was applied. The final decision will include information about appealing the decision and/or sanctions.

The goal is to resolve complaints in a reasonably prompt timeframe not to exceed 90 business days excluding any appeal period; however, extenuating circumstances requiring additional time may necessitate an extension with good cause. Written notice of the delay and the reason for the delay is provided to the complainant and the respondent by CREI or designee.

Sanctioning for Employees

If an employee is found to have sexually harassed (see Footnote 3) another member of the university or agency community, the sanction will be termination of employment. If an employee is found to have engaged in

---

Footnote 17: A separable allegation is an allegation that 1) a student respondent engaged in prohibited conduct or other violation of System regulations or university policies that carries a possible sanction of suspension or expulsion as per the Texas A&M Student Sanctioning Matrix, or 2) the Assistant Vice President and Title IX Officer has determined to be serious enough, if true, a sanction of suspension or expulsion would be appropriate.
prohibited conduct other than sexual harassment, the DA may assign appropriate sanction(s) which may have educational, restorative, punitive, and rehabilitative components. Sanctions include written warning or reprimand, required training and/or attendance at counseling, no contact directives, probation, suspension, and termination.

If an employee is found responsible for violating any other rule, policy, SAP, code, or regulation, the DA may assign appropriate sanction(s) or may refer the sanctioning to any other appropriate university administrator.

**Sanctioning for Students**

If a student is found responsible for sexual harassment, sexual assault, domestic abuse/violence, dating abuse/violence, stalking based on sex or gender, or sexual exploitation, the student will be sanctioned in accordance with the Texas A&M Student Sanctioning Matrix which is described in the following table. If a student is found responsible for engaging in any other form of prohibited conduct, or if the student is found responsible for violating any other university rule or System regulation, the DA will assign appropriate sanctions which may have educational, restorative, and rehabilitative components.

The Stage 4 sanction is expulsion. Stage 3 sanctions include letters of enrollment block and suspension. The Stage 2 sanction is conduct probation. Stage 1 sanctions include conduct reviews, restrictions, restitution, community/university service, educational requirements, and letters of reprimand. Texas A&M University sanctions are defined below.

**Texas A&M Student Sanctioning Matrix - Stage 4 Sanctions**
Expulsion: Separation of the student from the university whereby the student is not eligible for readmission to this University.

**Texas A&M Student Sanctioning Matrix - Stage 3 Sanctions**
Letter of Enrollment Block: A letter stating that the student may not reenter Texas A&M University without prior approval through the Offices of the Dean of Student Life or the Vice President for Student Affairs (in collaboration with appropriate TAMHSC administrators) if enrollment has been blocked for a previous student conduct problem.

Suspension: Separation of the student from the university for a definite period of time. The student is not guaranteed readmission at the end of such period of time, but is guaranteed a review of the case and a decision regarding eligibility for readmission. The suspension takes effect when the appeal for the offense is exhausted, waived or time limit has passed. Suspensions may be implemented in one of two ways: immediate implementation of suspension or deferred implementation of suspension. The sanction of suspension may be placed in deferred status. If the student is found in violation of any university’s regulations, policies, rules, codes, or SAPs during the time of deferred suspension, the suspension takes effect immediately without further review. Additional student conduct sanctions appropriate to the new violation also may be applied. A student who has been issued a deferred suspension sanction is deemed “not in good standing” with the university.

---

18 A student who is not in good standing is subject to the following restrictions: (1) Ineligibility to hold an office in any student organization recognized by the university or to hold any elected or appointed office of the university. (2) Ineligibility to represent the university in any way, including representing the university at any official function, intercollegiate athletics or any forms of intercollegiate competition or representation. This includes events taking place both on and off of the university campus. (3) Ineligibility to receive a university administered scholarship when the length of the period of not in good standing is greater than one semester. Some scholarships adhere to more strict guidelines, and, therefore, ineligibility may result from a lesser length of not in good standing. This sanction implies a serious offense and must be uniformly applied by the office administering the scholarship upon notification by CREL. (4) Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct.
At the end of the suspension period, the student is eligible for reenrollment. Actual admission to the university will be determined by the academic rules in place at the time of application for reenrollment. If admitted, the student is required to attend a mandatory meeting with the Student Conduct Office (979-847-7272) prior to course registration.

**Texas A&M Student Sanctioning Matrix - Stage 2 Sanctions**

Conduct Probation: An official warning that the student’s conduct is in violation of Texas A&M University regulations, policies, rules, codes, or SAPs, but is not sufficiently serious to warrant expulsion or suspension. A student on conduct probation is deemed “not in good standing” with the university (see Footnote 18). If there is a finding of responsibility for subsequent violations of the university’s regulations, policies, rules, codes, or SAPs during this period of time, more severe sanctions may be administered.

**Texas A&M Student Sanctioning Matrix - Stage 1 Sanctions**

Conduct Review: An official warning that the student’s conduct is in violation of Texas A&M University regulations, policies, rules, codes, or SAPs, but is not sufficiently serious to warrant expulsion, suspension, or conduct probation. A student on conduct review shall have their conduct under review for a specified period of time. This sanction may require regular meetings with an appropriate official to ascertain and evaluate compliance with student rules. Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct. Students placed on this sanction remain in good standing with the university. If there is a finding of responsibility for subsequent violations of regulations, policies, rules, codes, or SAPs during this period of time, more severe sanctions may be administered.

Restrictions: The withdrawal of specified privileges for a definite period of time, but without the additional stipulations contained in the imposition of a sanction which results in a student being not in good standing. The restrictions involved will be clearly defined.

Restitution: A payment for financial injury to an innocent party in cases involving theft, destruction of property or deception. The assessed costs to be paid may be in addition to receipt of any of the above sanctions.

Community/University Service: A student may be offered an opportunity to complete a specified number of hours of community/university service. The type of community/university service must be approved by the respondent’s CREI Case Manager.

Educational Requirements: A provision to complete a specific educational requirement. Such educational requirements may include, but are not limited to, completion of an alcohol education workshop, a diversity awareness workshop, essays, reports, reflective writing assignments, etc.

Letter of Reprimand: A letter that makes a matter of record any incident that reflects unfavorably on the student or the university.

**Minimum Sanctions**

If an employee is found to have sexually harassed (see Footnote 3) another member of the university or agency community, the sanction will be termination of employment.
In addition, students found responsible for sex-based violence and/or non-consensual sexual penetration of another person will be subject to a minimum sanction of a one-year suspension, in the absence of significant mitigating factors. Students found responsible for these acts who have demonstrated predation\(^\text{19}\) for the purpose of carrying out these acts will be subject to permanent expulsion.

Students found responsible for committing sex-based violence and/or non-consensual sexual penetration of another person who are allowed to return after a suspension of one year or more will be ineligible to hold an office in any student organization, ineligible to represent the university in any way (including intercollegiate athletics or other competitions, both on and off campus), and ineligible to receive an institutional scholarship, in the absence of significant mitigating factors.

**Campus Housing Sanctions**

In addition to the sanctions specified in the Texas A&M Student Sanctioning Matrix, occupants of each residence hall, by majority vote, have the power to establish additional “in house” rules approved by the Department of Residence Life. Generally, “in house” rule infractions are handled by Residence Life staff. Campus housing sanctions are described below.

**Loss of Campus Housing Privilege:** Removal from university housing for conduct reasons.

**Deferred Loss of Campus Housing Privilege:** The sanction of loss of campus housing privilege may be placed in deferred status. If a student is found in violation of any university rule during the time of the deferred sanction, removal from housing takes effect immediately without further review. Additional student conduct sanctions appropriate to the new violation also may be taken. In addition, a student is ineligible to hold an elected or appointed office in any affiliated housing organization. This includes but is not limited to the following offices/positions: president, vice president, secretary, treasurer, Residential Housing Association delegate.

**Campus Housing Probation:** An official notice that the student’s conduct is in violation of residence hall rules, university apartments rules and/or university rules and that more stringent student conduct sanctions, including removal from housing, may result if future violations occur. In addition, a student is ineligible to hold an elected or appointed office in any affiliated housing organization. This includes but is not limited to the following offices/positions: president, vice president, secretary, treasurer, Residential Housing Association delegate.

**Corps of Cadets Sanctions**

In addition to any of the sanctions listed in this section, members of the Corps of Cadets are subject to disciplinary action in accordance with Corps Operations Manual.

\(^{19}\) Predation is defined as an intent to engage in these acts prior to their occurrence demonstrating premeditation, planning or forethought, and is reflected in communicated intent (physical, verbal, visual, or written), threats directed at a party, attempts to incapacitate a party, attempts to isolate a party, utilizing violence, or other actions that a reasonable person would construe as a pre-meditation to engage in actions that are unwanted by/against the recipient. Committing any of these actions with an individual under the age of consent is also considered predatory.
Appeals

Appeals of the decision, the sanctions, or both may be made by the complainant and/or the respondent. All appeals will be confined to a review of the record from the investigation and any pertinent evidence, as well as the DA’s decision as related to the grounds for appeal. The appeal does not create an entitlement to a new investigation.

Appeals must be filed in writing and must include a statement outlining the basis for the appeal and any evidence which supports the appeal. Appeals must be filed within 5 business days of receipt of the notice of the decision and/or sanctions to be appealed. Complainants and respondents are deemed to have received notice of the decision and/or sanctions on the day that the notice is emailed to the party’s university email account or to any other email account that was provided to CREI by the party. An appeal is filed when CREI receives a copy of a written appeal at civilrights@tamu.edu.

If no appeal is filed within 5 business days of the receipt of the DA’s decision or CREI determines that the appeal does not identify one of the bases for appeal or provide credible information or evidence substantiating the identified bases for appeal, CREI will provide simultaneous notice to the parties that no valid appeal was filed and the decision and sanctions are final and the case is closed.

If a timely and valid appeal is filed by either party, the other party will be notified as soon as practical thereafter. CREI will forward the appeal and any supporting information or evidence to the appropriate AA in accordance with the following table.

<table>
<thead>
<tr>
<th>If the allegations are against a:</th>
<th>Student</th>
<th>Non-Faculty Employee and Third Party</th>
<th>Faculty Employee</th>

<tr>
<td>Then the AA is:</td>
<td>University Disciplinary Appeals Panel (UDAP) who may refer the appeal to the Dean of Student Life or designee <a href="https://student-rules.tamu.edu/rule58/">https://student-rules.tamu.edu/rule58/</a></td>
<td>Vice President for the Division of Human Resources and Organizational Effectiveness or designee <a href="http://rules.tamu.edu/PDFs/32.02.02.M0.02.pdf">http://rules.tamu.edu/PDFs/32.02.02.M0.02.pdf</a></td>
<td>University Committee on Faculty Disciplinary Appeals (UCFD) who will render an advisory opinion regarding the appeal to the Provost and Executive Vice President who will render a final decision</td>

The AA, in consultation with OGC, will review the appeal documents, the decision of the DA, any new evidence submitted by the parties, and the investigation report and exhibits. The AA will render a written decision which includes a rationale for the decision as to each of the grounds appealed. If an appeal is sought by both parties within the allowed time frame, the AA will review both appeals and will render decisions accordingly.

The AA will render one or more of the following written decisions after reviewing a) the final investigation report, the documentary evidence and other relevant information; and b) the DA’s decision on responsibility and/or sanctions:

- Affirm the DA’s decision on responsibility and/or the sanctions. There are no relevant issues of concern related to the ground(s) of the appeal, and, therefore, the decision is affirmed and final.
- Remand the complaint back to the DA because new evidence, which was unknown or unavailable during the investigation, appears to be relevant and could have significantly affected the outcome of the investigation.

Results (decision and/or sanctions) can be appealed on any of all of the following bases, as applicable: (a) a procedural error or omission that significantly impacted the outcome; (b) new evidence, unknown or unavailable during the investigation that could have significantly impacted the outcome; or (c) the appropriateness or severity of the sanctions. If an employee was found to have sexually harassed another member of the university or agency community, the appropriateness or severity of the sanction cannot be appealed.
the decision on responsibility or the sanctions. The DA will instruct the IA to review the new evidence and amend the investigation report, as appropriate. The IA will submit the amended investigation report, without conclusions, to the parties for review and response and then to the DA for a new decision in accordance the established formal investigation procedures. The new decision of the DA may be appealed by the parties in accordance with the previously described appeal procedures.

- Remand the complaint back to the DA with an instruction to correct the procedural error or omission. If the procedural error occurred during the investigation phase, the DA will instruct the IA to correct the procedural error or omission and amend the investigation report, as appropriate. The IA will then submit the amended investigation report, without conclusions, to the parties for review and response and then to the DA for a new decision in accordance with the established formal investigation procedures. If the procedural error occurred in the resolution phase, the DA will correct the procedural error or omission and then issue a new decision in accordance with established formal investigation procedures. The new decision of the DA may be appealed by the parties in accordance with the previously described appeal procedures.

- Modify the decision on sanctions because the sanctions given were inappropriate or disproportionate to the severity of the conduct after considering all the circumstances. The AA will impose new sanctions, which are final.

The AA will forward the appellate decision to CREI within 15 business days from the date of receipt of the appeal, unless circumstances require additional time. The decision of the AA will be final. Within 5 business days after receiving the appellate decision, CREI will provide simultaneous written notice of the AA’s decision, including changes occurring based on appeal and when such results become final (see Footnote 16).

**Extensions**

The university will make every reasonable effort to comply with the timelines contained in this procedure. However, extensions may be obtained by the IA, DA, or AA, as appropriate under the circumstances. Circumstances that warrant an extension may include, but are not limited to:

- Temporary unavailability of the complainant(s), respondent(s) or witnesses;
- Delays in issuance and/or receipt of information to or from the IA;
- Temporary unavailability of the IA, DA, or AA due to illness, family needs or professional commitments;
- Holidays or other periods when the complainant, respondent, witnesses, or other university employees may be unavailable; and/or
- New allegations, new evidence, new witnesses, or any other fact or circumstance that would require further investigation.

All requests for extensions must be justified in writing and shall be sent by the IA, DA, or AA to OREC for review and approval by the Chief Risk, Ethics, and Compliance Officer or designee. CREI will simultaneously notify the complainant and respondent in writing of any extensions and the reason for the extensions.

For all investigations and disciplinary proceedings

If the respondent has multiple roles at the university, such as when the respondent is both a student and an employee, the Chief Risk, Ethics, and Compliance Officer will consult with other relevant university officials and determine which procedure(s) to follow in the investigation and resolution of the allegations of prohibited conduct.
conduct as well as other policy violations. The Chief Risk, Ethics, and Compliance Officer will consider the known facts and circumstances, including which role predominates in the context of the prohibited conduct.

The university’s disclosure of information related to an investigation, the DA’s decision and/or the sanctions rendered are governed by the provisions of FERPA, the Texas Public Information Act (TPIA), the Texas Education Code Section 51.971, and other applicable confidentiality laws.

**Prevention and Awareness Programs**

Primary prevention programs are directed at incoming students and new employees. The primary programs are defined as programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexual interactions, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Texas A&M University provides culturally relevant, inclusive primary prevention and awareness education to incoming students and new employees to clearly define sexual assault, dating violence, domestic violence, stalking, and consent. The programs identify sexual assault, dating violence, domestic violence, and stalking as prohibited conduct and provide information regarding bystander intervention, risk reduction in recognizing warning signs of abusive behavior, ways to avoid potential attacks, and individuals’ rights and options. The training includes procedures individuals should follow if sexual assault, dating violence, domestic violence, or stalking occurs and procedures the institution will follow when one of these behaviors is reported. This includes, but is not limited to, the importance of preserving evidence; options for notifying law enforcement and campus authorities; procedures for institutional disciplinary action and conduct proceedings; possible sanctions following a proceeding; on-campus and community resources; rights and options for obtaining lawful orders; assistance in receiving support measures and remedial action; how the institution will protect the confidentiality of victims and other necessary parties; and protection from retaliation.

The Offices of the Dean of Student Life require a mandatory online training module (Sexual Assault Prevention) focused on sexual harassment, sexual assault, dating violence, domestic violence, and stalking. Each semester, the training is sent to all incoming Texas A&M University undergraduate, graduate, and professional students. New students are required to complete this training at all campuses with the exception of Texas A&M University Qatar.

During general orientation held the week prior to the beginning of fall semester classes, incoming students entering the College of Pharmacy at the TAMHSC Kingsville campus are offered presentations covering the above educational material and additional resources. CREI’s Title IX Deputy Coordinator and the Coordinator for Interpersonal Violence and Prevention and Health Promotion are both invited to speak to all incoming students during general orientation. The College of Pharmacy student handbook is distributed to new and current students and contains information on sexual assault, awareness, victims’ rights, resources, and available options. Crime prevention and safety information, some specifically targeting sexual violence and stalking, is distributed at new student conferences by the TAMUK PD.

22 For the purposes of this section awareness programs means community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration. Programs to prevent dating violence, domestic violence, sexual assault, and stalking means comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault, and stalking that are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, assessed for value, effectiveness, or outcome; and consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community, and societal levels.
New employees receive primary prevention information through web-based *Creating a Discrimination Free Workplace* training mandated by The Texas A&M University System. All employees are required to complete the training every two years thereafter.

Ongoing prevention and awareness campaigns are directed at students and employees. The ongoing campaigns are defined as programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking using a range of strategies with audiences throughout the institution. The same information included in the institution’s primary prevention and awareness programs is incorporated into ongoing prevention and awareness campaigns. Various departments on campus support ongoing campaigns for students and employees as described below.

The Texas A&M University Kingsville Student's Health and Wellness Center provides advocacy, education, prevention programs and support services for female and male students, faculty, and staff and can be contacted at 361-593-3991 (http://www.tamuk.edu/shw/). In addition to orientation training, periodic training addresses the dynamics and frequency of sexual assault; safety against and prevention of sexual assault, dating violence, domestic violence, and stalking; recognizing signs of unhealthy relationships; and active bystander intervention. These programs occur throughout the year and are available upon request.

The TAMUK PD, 361-593-2611, provides ongoing education available to students and employees to promote prevention and personal safety. Related materials are distributed by the Student Health and Wellness Center at awareness events across campus and in the community during times such as Campus Safety Awareness Week, National Night Out, and Sexual Assault Awareness Month.

Ongoing prevention and awareness campaigns have been developed at the Texas A&M University main campus and are available to other campus locations. The campaigns are described below.

Health Promotion (including an interpersonal violence unit) provides Green Dot Bystander Intervention training that addresses the dynamics and frequency of sexual assault; safety against and prevention of sexual assault, dating violence, domestic violence, and stalking; recognizing signs of unhealthy relationships; and active bystander intervention. Through Green Dot training, participants learn how to use the 3 D’s (direct, delegate, and distract) to intervene in any acts of power-based personal violence they may witness. Health Promotion furthers prevention of power-based interpersonal violence at the university by offering Green Dot and other education and training on the topics of bystander intervention, consensual language, healthy relationships, and responding to and assisting survivors of sexual assault. These programs occur throughout the year and are available upon request (https://studentlife.tamu.edu/hp/presentations/, healthpromotion@tamu.edu or 979-845-0280). Presentations are provided for classes, student organization meetings, orientations, residence hall programs, and other events.

The university developed the Step In. Stand Up. Campaign, endorsed by the President, to create a culture of awareness that does not tolerate incidents of sexual violence. A large group of student leaders were involved to assist in crafting the message and the Campaign logo with the intention of reaching a broad campus population. The Campaign asks supporters to “step in” as active bystanders to prevent incidences of sexual violence from occurring and to “stand up” to support survivors. Students, faculty, and staff groups actively support the Campaign. These groups extend the Step In. Stand Up. message on campus and in the community during sporting events, student and employee orientations, and other campus-hosted events that take place throughout the year. Special efforts are
made during sexual assault awareness month which include providing resource tables, facilitating pledge banner signatures, distributing t-shirts, and hosting speakers who advocate for social change and awareness. A website for the Campaign includes an online pledge of commitment, university-wide statements of support, campus and community resources, and information on how to report sexual violence [http://stepinstandup.tamu.edu/].

The Division of Human Resources and Organizational Effectiveness offers training for employees regarding sexual harassment in the workplace that covers employee rights, responsibilities, and strategies for preventing sexual harassment, university policies and rules, and reporting and addressing complaints. Online courses are offered that provide guidance to identify and address behaviors of concern as a way of preventing violence in the workplace.

The Offices of the Dean of Student Life and Student Assistance Services maintain a webpage [http://studentlife.tamu.edu/sas.svp] that describes university resources, assistance, and reporting procedures for students impacted by sexual violence. The Title IX webpage [http://titleix.tamu.edu/] also references sexual harassment and violence resources available through CREI, the Offices of the Dean of Student Life, and University Police Department and provides information for students, faculty, and staff who wish to report any form of sexual discrimination or harassment. Furthermore, the Step In. Stand Up. website referenced above also includes some information on these topics.

A notice of non-discrimination and abuse is sent to all students and employees by CREI at the beginning of the fall and spring semesters regarding reporting procedures and requirements related to incidents of illegal discrimination, sexual harassment (including sexual assault, dating violence, domestic violence, and stalking), and related retaliation.

All students and employees are provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims both on-campus and in the community. The written notification is provided to students by TAMHSC administration and to employees by Human Resources. These groups distribute an email annually (fall semester) that contains information covering how to report incidents, applicable policies, and other available options in addition to existing services and resources.

**Bystander Intervention and Risk Reduction**

Everyone has a role in changing community knowledge, attitudes and behaviors. Change happens as each person is able to identify risky situations and take action to confront, interrupt, or prevent acts of sexual violence. Bystander intervention programs can help individuals observe a situation and determine an appropriate intervention where someone could use some help. Bystander intervention means just that; people taking care of others. If you find a friend in a situation that concerns you, consider the following strategies to intervene safely and effectively:

- Create a distraction to interrupt the flow of events
- Involve others to help you
- Make an excuse to remove a friend from the situation

---

23 For the purposes of this section bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
• Point out the unwanted behavior in a safe and respectful manner
• Call for help, if needed

Sexual assault is never a victim’s fault. However, there are ways that may reduce the risk of being sexually assaulted including being prepared, alert, and assertive. Consider the following tips:
• Be aware of your surroundings
• Practice responsible drinking; alcohol is a factor in many sexual assaults
• Never leave your drink unattended
• Don’t accept drinks from someone you don’t know or trust
• Stay with your friends and make sure your friends stay with you
• Be careful of online relationships
• Trust your instincts

We are reminded to think about relationships, specifically relationships that may be, or become abusive. Be aware of the signs:
• Is one of the partners verbally and emotionally abusive?
• Is one of the partners isolating the other from friends and family?
• Is one of the partners controlling, intimidating or always jealous?
• Is there a threat of harm?

Other Considerations

Retaliation
Texas A&M University prohibits retaliation. An officer, employee, or agent of Texas A&M University may not retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights or responsibilities under any provision of the Clery Act.

Victim Notification
In accordance with the Higher Education Opportunity Act, upon written request, Texas A&M University will disclose to the alleged victim of any crime of violence, or non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense with respect to such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph.

Institutions are required to provide both the complainant and the respondent with simultaneous written notification of any result of any institutional conduct proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking. In these cases, it is not necessary for the victim to make a written request.

Sex Offender Registry
Section 121 of the Adam Walsh Child Protection and Safety Act of 2006 (42 U.S.C. 16921) provides for the tracking of registered sex offenders and instructs states to post sex offender data on the internet.

The Texas Department of Public Safety (DPS) is the official Texas internet source for Sex Offender Registration information. The Sex Offender Registration open record information is extracted from the DPS
Sex Offender Registration Database. The DPS maintains files based on registration information submitted by criminal justice agencies and represents a statewide source of information on sex offenders required by law to register.

The DPS public web page can be found at https://records.txdps.state.tx.us/SexOffender/.

**Dating Violence**: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be based upon the reporting party’s statement with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. Any incident meeting this definition is considered to be a crime for the purposes of Clery Act reporting.

*Dating Violence* is defined in the *Texas Family Code, Section 71.0021* as follows.

(a) "Dating violence" means an act, other than a defensive measure to protect oneself, by an actor that:

(1) is committed against a victim:

   (A) with whom the actor has or has had a dating relationship; or

(c) A casual acquaintanceship or ordinary fraternization in a business or social context does not constitute a "dating relationship" under Subsection (b).

**Domestic Violence**: A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred. (2) abuse, as that term is defined by Sections 261.001(1)(C), (E), and (G), by a member of a family or household toward a child of the family or household; or

Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim. Any incident meeting this definition is considered to be a crime for the purposes of Clery Act reporting.

(d) In this section:

(1) "Dating relationship," "family," "household," and "member of a household" have the meanings assigned by Chapter 71, Family Code.
(2) "Property" includes a pet, companion animal, or assistance animal, as defined by Section 121.002, Human Resources Code.

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by a means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed).
Burglary: The unlawful entry of a structure to commit a felony or theft. For reporting purposes this definition includes: unlawful entry with intent to commit a larceny or felony, breaking and entering with intent to commit a larceny, housebreaking, safecracking, and all attempts to commit any of the aforementioned acts.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned, including joyriding).

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Hate Crime: A criminal offense reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. For Clery Act purposes, hate crimes include any of the following offenses that are motivated by bias: Murder and non-negligent manslaughter, manslaughter by negligence, sexual assault (rape, fondling, incest, statutory rape), robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, or destruction/damage/vandalism of property. Following are the bias categories.

Race: A preformed negative attitude toward a group of persons who possess common physical characteristics, e.g. color of skin, eyes, and/or hair; facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g. Asians, blacks, or African Americans, whites.

Gender: A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g. male or female.

Religion: A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g. Catholics, Jews, Protestants, atheists.

Sexual Orientation: A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation. Sexual orientation is the term for a person’s physical, romantic, and/or emotional attraction to members of the same and/or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.

Gender Identity: A preformed negative opinion or attitude toward a person (or group of persons) based on their actual or perceived gender identity, e.g. bias against transgender or gender non-conforming individuals (a person who does not conform to the gender-based expectations of society).

Ethnicity: A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term race in that “race” refers to grouping based mostly upon biological criteria, while “ethnicity” also encompasses additional cultural factors.

National Origin: A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs associated with a national origin group, or because they are married to or associate with people of a certain national origin.
Disability: A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced aged or illness.

Additional Hate Crime Definitions:
Larceny -Theft: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Destruction/Damage/Vandalism of Property (Except “Arson”): To willfully or maliciously damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Arrests and Referrals for Disciplinary Action: Arrest is defined as persons processed by arrest, citation, or summons. Referred for disciplinary action is defined as the referral of any person to any official who initiates a disciplinary action of which a record is established and which may result in the imposition of a sanction. Clery Act statistics are disclosed for arrests and referrals regarding state or local violations of liquor, drug abuse, and weapons laws. Only violations of the law resulting in arrest or referral are disclosed. Violations of institutional policy alone are not included in Clery Act statistics.

Weapons: Carrying, Possessing, Etc.: The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This classification encompasses weapons offenses that are regulatory in nature. Classify as a weapons: carrying, possessing, etc. violation: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed (except as permitted by state law and institutional policy through state law) or openly; using, manufacturing, etc. of silencers; furnishing deadly weapons to minors; aliens possessing deadly weapons; and attempts to commit any of the aforementioned acts.

Drug Abuse Violations: The violation of laws prohibiting the production, distribution, and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation, or importation of any controlled drug or narcotic substance. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine). Classify as a drug abuse violation: all drugs, without exception, that are illegal under local or state law where your institution is located and all illegally obtained prescription drugs.

TAMHSC, Kingsville - Reportable Crimes

The following statistics include all incidents of Clery Act crimes reported to the institution that occurred within the campus’ Clery Act locations, regardless of whether the individual reporting was a member of the campus community and regardless of whether the individual chose to move forward with the criminal justice or campus disciplinary proceedings. To prepare the annual disclosure of crime statistics, the institution collects information from internal sources such as campus police and other campus security authorities and requests information from external sources such as local law enforcement.

The following are in reference to the reportable crimes tables.

* In 2016, 2017, and 2018 there were no reported criminal incidents involving hate/bias.

§Unfounded crimes are those that a commissioned peace officer has investigated and found to be false or baseless and are subsequently withheld from the crime statistic.

For the 2016, 2017, and 2018 crime statistics tables disclosed above, statistics were requested from local law enforcement agencies. Not all local law enforcement agencies responded to the institution’s request for statistics or responded with a format usable for Clery crime reporting.

### Crime Prevention and Security Awareness

It is important for all of us to understand our role in the reduction of crime. A conceptual aid often employed by crime prevention practitioners is referred to as the Crime Triangle. For any crime to occur three elements must be present: desire, ability, and opportunity.

---

24 September 2019 Change to Prior Year Statistics in the 2019 Annual Security Report
Calendar year 2016 Arrests: Drug Abuse Violations in the On Campus Property category decreased from 31 to 29. The change is based on a review of the nature and calculation of “Arrests: Drug Abuse Violations” as reported in prior years for calendar year 2016.
Members of the university community easily recognize there is little that can be done to control the criminal’s ability and desire. The university community’s greatest strength in the prevention of crime is our initiative to reduce or eliminate the opportunity for a crime to occur.

A primary goal of TAMUK PD is the prevention of crime before it occurs. Because TAMUK PD officers cannot be everywhere all the time, they need the help of all members of the university community to take an active role in their personal safety and property protection. Crime prevention is important to the campus community. Reporting any crime or suspected crime immediately is helpful to the TAMUK PD and may prevent someone else from becoming a victim of a more serious crime.

The TAMUK PD continually presents programs covering crime prevention and security information to students, staff, and faculty. TAMUK PD officers are dedicated full time to crime prevention efforts and programs. They participate in and provide information during new and transfer student orientation, international student orientation, employee orientation, in addition to a number of other programs scheduled annually with student organizations. Sessions are also provided annually to select student groups including athletics and University Housing and Residence Life personnel such as head residents and resident advisors. In these sessions information is provided regarding campus security procedures and practices. Crime prevention programs are offered at residence hall orientation sessions, individual floor meetings, residential community-wide presentations. Residents are reminded to keep doors locked, observe building security procedures, and to notify University Housing and Residence Life staff or the TAMUK PD of any suspicious activity within residence halls.

TAMUK PD offers a variety of crime prevention programs and services to our community members. The programs are designed to encourage students and employees to be responsible for their own security and the security of others. For additional information or to schedule a program, call the TAMUK PD at 361-593-2611.

- Operation Identification (Operation ID) – allows law enforcement to detect, identify, and return lost or stolen property from residence halls, homes, and offices (see below for more information and availability)
- Alcohol Awareness and Drug Abuse – orientations and scheduled upon request
- Crime Prevention and Safety/Crime Prevention Tips/Personal Safety – orientations and scheduled upon request
- Hate Crimes – orientations and scheduled upon request
- Date Rape – orientations and scheduled upon request
- Rape Aggression Defense (RAD) System – provides self-defense tactics and techniques; orientations and scheduled upon request at no charge to university students, faculty, and staff
• Civilian Response to Active Shooter Event (CRASE) – provides strategies to the community members for surviving an activity shooter event; orientations and scheduled throughout the year
• Shots Fired – instills a survivor mindset and teaches realistic strategies for dealing with an active shooter situation; orientations and scheduled upon request
• DWEyes/Fatal Vision – addresses problems associated with alcohol abuse, misuse, and alcohol’s relationship to crimes; scheduled upon request
• Building Emergency Managers (BEM) – scheduled upon request
• Safety in the Workplace training – orientations and scheduled upon request

Crime prevention personnel encourage employees and students to participate in “Operation Identification,” by engraving unique identifiers prefix on personal items kept on campus such as bikes, computers, radios, and stereo systems. This nationally recognized identification procedure is shown to facilitate the recovery of stolen items. TAMUK PD suggests keeping a record of serial numbers and unique identifiers, and taking photos of valuable items kept on campus to aid in identification and recovery.

The campus community members can request an escort to their vehicle or to their residence hall when alone at night by contacting the TAMUK PD dispatch at 361-593-2611. Transportation is based on the availability of officers. Texas A&M University Kingsville also maintains and monitors a comprehensive video surveillance system.

The campus community can also take advantage of the university’s Rave Guardian app, which is called JavGuard, to communicate directly with TAMUK PD or 911 operator, send text or photographic information to the police about crimes, request police assistance, or set a timer to notify people you trust to check on you when you are alone or in an unfamiliar place.

Periodically during the academic year, the TAMUK PD, in cooperation with other university organizations and departments, offers security awareness and crime prevention programs on such topics as domestic violence, dating violence, sexual assault, stalking, illicit drug use and dangers, theft, vandalism, personal safety and campus/residence hall security. A common theme of the awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and to be concerned for the security of others.

In addition to seminars, information is disseminated to students and employees through crime prevention awareness packets, displays, videos, security alert posters, and articles on the university’s website and in The South Texan student newspaper.

The TAMUK PD is also active in the community sponsoring a Teddy Bear drive, hosting annual National Night Out activities on campus, participating in a National Night Event with other law enforcement agencies in October, and sponsoring a fund raising event for Special Olympics every year.

In conjunction with the City of Kingsville’s Crime Stoppers organization, the Student Government Association, Criminology Club, and others, TAMUK Crime Stoppers offers cash rewards for information on crime that may lead to arrests or indictments resulting from criminal activity on campus.

The Texas A&M University main campus also offers other services and programs, available upon request to employees and students, to improve safety on campus and educate the community about security issues. Programs include self-defense, personal safety awareness, sexual assault prevention, presentations (orientations) including information about campus security procedures and practices, etc. For additional
information contact the Texas A&M University Police Department’s Community Services Division at 979-845-0070.
